Archaeology and the Letters of Paul Laura Salah Nasrallah, 2019 This study illuminates the social political economic and religious lives of those to whom the apostle Paul wrote It articulates a method for bringing together biblical texts with archaeological remains [Christian Responses to Roman Art and Architecture](#) Laura Salah Nasrallah, 2010-01-25 Laura Nasrallah argues that early Christian literature is best understood when read alongside the archaeological remains of Roman antiquity [From Roman to Early Christian Thessalonikē](#) Laura Nasrallah, Charalambos Bakirtzis, Steven J. Friesen, 2010 This volume brings together international scholars of religion archaeologists and scholars of art and architectural history to investigate social political and religious life in Roman and early Christian Thessalonikē an important metropolis in the Hellenistic Roman and early Christian periods and beyond This volume is the first broadly interdisciplinary investigation of Roman and early Christian Thessalonikē in English and offers new data and new interpretations by scholars of ancient religion and archaeology The book covers materials usually treated by a broad range of disciplines New Testament and early Christian literature art historical materials urban planning in antiquity material culture and daily life and archaeological artifacts from the Roman to the late antique period **Charts on the Life, Letters, and Theology of Paul** Lars Kierspel, 2012 This useful contribution by Lars Kierspel provides us with a treasure trove of information on Paul's world life and ministry churches letters and thought All of this is condensed into a format of some 111 charts each covering a different topic related to Paul and his epistles The charts are arranged into four categories covering Paul's background and context his life and ministry his letters and finally his theological concepts Though not completely exhaustive in scope Kierspel covers the main issues in each category such as the religious and political context of Paul's world and the setting of each Pauline letter with brief introductions snapshots of its contents Current scholarly debates about such things as authorship and interpretation of problem passages are treated thoroughly and in a balanced presentation with ample bibliographical notes for further investigation Especially valuable are his treatments of topics of particular current interest and scholarly debate such as the role of women in Paul's churches the meaning of his phrase faith of Christ and the new perspective on Paul to mention but a few John Polhill Southwestern Baptist Theological Seminary **The Enemies of Paul: Demons, Satan, Betrayers, and Apostles** Roger S. Busse, 2018-08-23 Paul's conflict with viscous enemies human and otherwise led him to employ efficacious powers charismata charismatic powers and controversial and sometimes illegal practices that are only coherent when placed in context of the first century Hellenistic Roman world These included soul and spirit transportation

possession and exorcisms special techniques to repel demonic attack as well as what was considered the darkest of black magic in the ancient world the casting of death curses which called on Satan to infect harm and even kill his enemies All of these can be recovered in striking detail using risk analysis of his undisputed writings and comparing them with contemporary sources papyri and documents independent of the New Testament The results demonstrate that Paul's letters are so much more than simply intellectual and rhetorical correspondences they are infused with dangerous mystical and charismatic powers feared in an ancient world that was saturated with prevalent active dark forces and multi layered human and supernatural conflicts of angels and demons at war of charismata and anathemata deadly curses and Paul's expectation of the hemera kuriou Day of the Lord that would defeat Satan and the curse of death via pistis faith in the efficacious euangelion gospel of agape love *The New Testament in Cross-Cultural Perspective* Richard L. Rohrbaugh, 2006-10-15 The Bible is not a Western book and the world of the New Testament is not our world The New Testament world was preindustrial Mediterranean and populated mostly by nonliterate peasants who depended on hearing these writings read aloud Only a few of the literate elite were part of the Jesus movement and they knew nothing of either modernity or the Western culture we inhabit today This means that for all North Americans reading the New Testament is always an exercise in cross cultural communication Travelers diplomats and exchange students take great pains to bridge the cultural gaps that cloud mutual understanding But North American readers habitually suspend cross cultural awareness when encountering the Bible The result is that we unwittingly project our own cultural understandings onto the pages of the New Testament Rohrbaugh argues that to whatever degree we can bridge cultural gaps between ourselves and New Testament writers we learn to value their intentions rather than the meanings we create from their words Rohrbaugh's insightful interpretations of Gospel passages go a long way toward helping to span distances between the New Testament world and the present

Paul's World Stanley E. Porter, 2008-01-31 This volume is concerned with Paul's world The major question to ask is what is that world of Paul In determinable ways Paul's world is everything in the world in which Paul lived and acted and hence virtually everything that Paul did In other words Paul's world can be defined macrocosmically and microcosmically As the term is defined in the various essays in this volume Paul's world includes the surrounding environment in which Paul functioned including its various religious social cultural literary rhetorical linguistic and related phenomena This volume treats some of the most important and germane factors that went into making up the world in which Paul lived and that consequently defined who he was and became *Historical Biblical Archaeology and the Future* Thomas Evan Levy, 2016-04-08 Joint winner of the 2011 Biblical Archaeology Society Publication Award in the category Best Scholarly Book on Archaeology The archaeology of the Holy Land is undergoing major change Historical Biblical Archaeology and the Future describes the paradigm shift brought about by objective science based dating methods geographic information systems anthropological models and digital technology tools The book serves as a model for how researchers can investigate the

Paul and the Ancient Celebrity Circuit James R. Harrison, 2019-11-18 In this study James R Harrison compares the modern cult of celebrity to the quest for glory in late republican and early imperial society He shows how Paul's ethic of humility based upon the crucified Christ stands out in a world obsessed with mutual comparison boasting and self sufficiency

Revelation and the Marble Economy of Roman Ephesus Anna M. V. Bowden, 2020-12-10 In an effort to bring the impracticalities of John's command for withdrawal from cultural participation in

184 to the forefront of scholarly discourse this book reconstructs the marble economy of ancient Ephesus and proceeds to read Revelation by foregrounding the daily lives of its marble workers This book argues that Ephesus was a major center of the marble economy in the Roman world and that the infrastructure that went into creating building and sustaining such an enterprise generated the need for a large workforce Anna M V Bowden further demonstrates that the majority of marble workers endured poor working conditions and struggled on a daily basis to ensure subsistence Finally Bowden explores the ways marble workers participated in empire through the work of their hands 9 20 and questions John s characterization of marble workers as idolaters sorcerers murderers fornicators and thieves Bowden concludes that the praxis Revelation requires from its audience of complete withdrawal is pragmatically not sustainable and is ultimately a manifesto leaving marble workers jobless hungry and with a heightened risk for malnutrition disease injury and even death
