Iyer,2019-09-16 No hotel is as inseparably linked to its city than Raffles Hotel writes Pico Iyer arguably the world's greatest travel writer alive Drawing upon numerous stays in Raffles over 35 years and the fast ascending city all around it Iyer a lifelong global soul reflects on the Grand Old Lady's literary legacy and its mark on writers everywhere In the process he finds new ways of considering not just yesterday but tomorrow How have Singapore and its white stucco monument evolved to meet the needs of a shifting world In this compact volume Iyer pulls back the curtains on a personal thoughtful and surprising look at places we too often take for granted

Sustainable Intercultural Urbanism at the Service of the African City of Tomorrow Esoh Elamé,2022-06-03 Most African cities are human settlements that lack the systems needed for effective land use planning In fact the disorganization that prevails has become so complex that the concept of urbanism itself has been called into question This book highlights the need to restore urban planning in African cities through sustainable development and interculturality Furthermore it addresses the balance of power between urban planning and sustainable development and explores the historical and postcolonial aspects of urban planning in African cities A case study focusing on the development of sustainable cities and neighborhoods in the M Zabi Valley is also included as well as topics such as urban greening climatic threats and the problem of state agro industrial land transactions which compete with sustainable urban planning Sustainable Intercultural Urbanism at the Service of the African City of Tomorrow is a valuable reference for researchers and practitioners interested in urban issues in African cities These cities in particular sub Saharan cities have long been excluded from any discourse on sustainable cities and urban planning this book places the focus on these cities and acknowledges their varied urban realities The intention is to spark a new debate on sustainable urban planning in African cities based on intercultural sustainable urbanism which is key to thinking about and building ecological intercultural compact intelligent and postcolonial cities

Tomorrow City Nathan Russell,2024-01-25 A dieselpunk roleplaying game of action mystery and mad science Tomorrow City was one of the cities of the future built to usher in a new age of prosperity seizing upon scientific achievements at the dawn of the twentieth century Then came the War Radium powered soldiers assembled diesel fuelled nightmares rolled off production lines city fought city and the world burned in atomic fire We survived barely Tomorrow City still stands an oil stained beacon of hope part refuge part asylum Beset by dangers from both within and without a secret war now rages on its streets Diesel born monstrosities stalk the alleyways air pirates strike from the wastelands mad scientists continue their dark work occultists manipulate the city's strange geometry and secret societies plot in the shadows Tomorrow City is a roleplaying game of dark science and dieselpunk action Swift and simple character creation and an easy to learn dice pool system places the emphasis on unique personalities and the momentum of the plot Join the Underground and fight the crime and corruption at the heart of the city Sell your dieselpunk tech occult knowledge and sheer grit as troubleshooters for mysterious paymasters Hunt down spies saboteurs and science run amok As weary sky rangers fringe scientists and radium powered veterans you might be all that stands between a better

tomorrow and no tomorrow at all Designing the City of Reason Ali Madanipour,2007-04-11 With a practical approach to theory Designing the City of Reason offers new perspectives on how differing belief systems and philosophical approaches impact on city design and development exploring how this has changed before during and after the impact of modernism in all its rationalism Looking at the connections between abstract ideas and material realities this book provides a social and historical account of ideas which have emerged out of the particular concerns and cultural contexts and which inform the ways we live By considering the changing foundations for belief and action and their impact on urban form it follows the history and development of city design in close conjunction with the growth of rationalist philosophy Building on these foundations it goes on to focus on the implications of this for urban development exploring how public infrastructures of meaning are constructed and articulated through the dimensions of time space meaning value and action With its wide ranging subject matter and distinctive blend of theory and practice this book furthers the scope and range of urban design by asking new questions about the cities we live in and the values and symbols which we assign to them **Cities of Tomorrow and the City to Come** Noah J. Toly,2015-05-05 Each day the world s urban population swells by almost 200 000 With every passing week more than a million people new to cities face unexpected realities and challenges of urban life Just like the sheer volume of people in the city these challenges can be staggering As with the height and breadth of our metropolises the wonders of urban life can be breathtaking Like the city itself the questions and challenges of urban life are both sprawling and pulsing with vitality As part of Zondervan s Ordinary Theology series this volume offers a series of Christian reflections on some of the most basic and universal challenges of 21st century urban life It takes one important dimension of what it means to be human that human beings are made to be for God for others and for creation and asks What are the implications of who God made us to be for how we ought to live in our cities This book is intended for Christians facing the riddle of urban creation care discerning the shape of community life struggling with the challenges of wealth and poverty and wondering at the global influence of cities It is meant for those whose lives and livelihoods are inextricably bound up in the flourishing of their neighborhood and also for those who live in the shadow of cities Most of all it is meant for those grappling with the relationship between the cities of tomorrow and the glorious city to come **Le Corbusier, The City of Tomorrow, and Its Planning. 3.ed** C.-E.
