The Civil Prisoners A Regency Romance:

The American Historical Romance George Dekker, 1990-05-03 This book traces the tradition of American historical fiction from its origins in the early nineteenth century to the eve of World War II It examines the historical novel's connections with Enlightenment and Romantic theories of history with the rise of literary regionalism with the ambitions of Romantic writers to revive the epic and romance with changing conceptions of gender roles and with the authors' troubled responses to the great revolutionary and imperialistic conflicts of the modern era However though inevitably much concerned with the theory of genre and with the specific contents of the genre of historical romance Professor Dekker devotes most of his book to new readings of major texts by James Fenimore Cooper Nathaniel Hawthorne Herman Melville Mark Twain Allen Tate Edith Wharton Willa Cather and William Faulkner as well as to the Briton whose name was synonymous with the genre for most of the nineteenth century Sir Walter Scott The American Historical Romance is the richest most fully meditated and most rewarding yet written by this author It is the most important book on the relations of British and American fiction to come out for many years No devotee of the American novel will ignore it The Times Literary Supplement

The Cavaliers of Virginia: The Recluse of Jamestown; An Historical Romance of the Old Dominion (Complete) William Alexander Caruthers, 1968-01-01 The romance of history pertains to no human annals more strikingly than to the early settlement of Virginia The mind of the reader at once reverts to the names of Raleigh Smith and Pocahontas The traveller's memory pictures in a moment the ivy-mantled ruin of old Jamestown About the year 16 the city of Jamestown then the capital of Virginia was by no means an unapt representation of the British metropolis both being torn by contending factions and alternately subjected to the sway of the Roundheads and Royalists First came the Cavaliers who fled hither after the decapitation of their royal master and the dispersion of his army many of whom became permanent settlers in the town or colony and ever afterwards influenced the character of the state These were the first founders of the aristocracy which prevails in Virginia to this day these were the immediate ancestors of that generous fox-hunting wine-drinking duelling and reckless race of men which gives so distinct a character to Virginians wherever they may be found A whole generation of these Cavaliers had grown up in the colony during the interregnum and throughout that long period were tolerated by those in authority as a class of probationers The Restoration was no sooner announced however than they changed places with their late superiors in authority That stout old Cavalier and former governor Sir William Berkley who had retired to the shades of Accomack was now called by the unanimous voice of the people to reascend the vice-regal chair Soon after his second installation came another class of refugees in the persons of Cromwell's veteran soldiers themselves a few of whom fled hither on account of the distance from the court and the magnitude of their offences against the reigning powers It will readily be perceived even by those not conversant with the primitive history of the Ancient Dominion that these

heterogeneous materials of Roundheads and Cavaliers were not the best calculated in the world to amalgamate in the social circles Our story commences a short time after the death of Cromwell and his son and the restoration of Charles the Second to the throne of his fathers The city of Jamestown was situated upon an island in the Powhatan about twenty leagues from where that noble river empties its waters into those of the Chesapeake Bay This island is long flat on its surface and presents a semicircular margin to the view of one approaching from the southeast indeed it can scarcely be seen that it is an island from the side facing the river the little branch which separates it from the main land having doubtless worn its way around by a long and gradual process At the period of which we write the city presented a very imposing and romantic appearance the landscape on that side of the river being shaded in the back ground by the deep green foliage of impenetrable forests standing in bold relief for many a mile against the sky Near the centre of the stream and nearly opposite the one just mentioned stands another piece of land surrounded by water known to this day by the very unromantic name of Hog Island and looking for all the world like a nest for pirates so impenetrable are the trees undergrowth and shrubbery with which it is thickly covered To prevent the sudden incursions of the treacherous savage the city was surrounded with a wall or palisade from the outside of which at the northwestern end was thrown a wooden bridge so as to connect the first mentioned island with the main land A single street ran nearly parallel with the river extending over the upper half of the island and divided in the centre by the public square On this were situated the Governor s mansion state house church and other public buildings Near where the line was broken by the space just mentioned stood two spacious tenements facing each other from opposite sides of the street These were the rival hotels of the ancient city and after the fashion of that day both had towering signposts erected before their respective doors shaped something like a gibbet upon which swung monotonously in the wind two huge painted sign boards These stood confronting each other like two angry rivals one bearing the insignia of the Berkley arms by which name it was designated and the other the Cross Keys from which it also received its cognomen The Berkley Arms was the rendezvous of all the Cavaliers of the colony both old and young and but a short time preceding the date of our story was honoured as the place of assembly for the House of Burgesses
