Pure Narco Jesse Fink, Luis Navia, 2021-11-11 For a quarter century Luis Antonio Navia worked as a high level cocaine transporter for all of the major Colombian and Mexican drug cartels including Pablo Escobar's Medellín Cartel and flooded the United States and Europe with cocaine before his dramatic arrest in Venezuela in 2000 during the 12 nation Operation Journey. The story of Navia's rise, fall, takedown, imprisonment, and redemption is expertly researched and told by acclaimed biographer Jesse Fink who has gathered interviews with Navia, Navia's family, and a dozen law enforcement agents in the United States and Great Britain from agencies such as the DEA, ICE, and Her Majesty's Customs and Excise, now Her Majesty's Revenue and Customs. Told in vivid detail, this true crime story will captivate the reader from start to finish. **The**

Essential Mystery Lists Roger M. Sobin, 2011-09-30 For the first time in one place Roger M. Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the best of lists by more than fifty of the most important contributors to the genre. Mr. Sobin spent more than two decades gathering the data and lists in this volume; much of that time he used to recheck the accuracy of the material he had collected. Several of the best of lists appear here for the first time in book form. Several others have been unavailable for a number of years. Of special note are Anthony Boucher's Best Picks for the Year. Boucher, one of the major mystery reviewers of all time, reviewed for *The San Francisco Chronicle*, *Ellery Queen Mystery Magazine*, and *The New York Times*. From these resources Mr. Sobin created Boucher's Best and Important Lists to Consider, lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968. This is a great resource for all mystery readers and collectors. Winner of the 2008 Macavity Awards for Best Mystery Nonfiction. **Drug War Zone** Howard Campbell, 2023-01-06 A ground-level chronicle of the violent drug war in Ciudad Juárez, Mexico, with accounts from both traffickers and law enforcement and astute analysis. The Americas: Thousands die in drug-related violence every year in Mexico. Ciudad Juárez, Chihuahua, adjacent to El Paso, Texas, has become the most violent city in the drug war. Much of the cocaine, marijuana, and methamphetamine consumed in the United States is imported across the Mexican border, making El Paso Juárez one of the major drug trafficking venues in the world. In this anthropological study of drug trafficking and anti-drug law enforcement efforts on the US-Mexico border, Howard Campbell uses an ethnographic perspective to chronicle the recent Mexican drug war, focusing especially on people and events in the El Paso Juárez area. It is the first social science study of the violent drug war that is tearing Mexico apart. Based on deep access to the drug smuggling world, this study presents the drug war through the words of direct participants. Half of the book consists of oral histories from drug traffickers, and the other half from law enforcement officials. There is much journalistic coverage of the drug war, but very seldom are the lived experiences of traffickers and narcs presented in such vivid detail. In addition to providing an up-close personal view of this world, Campbell explains and analyzes the functioning of cartels, the corruption that facilitates trafficking, the strategies of smugglers, and anti-narcotics officials, and the perilous

culture of drug trafficking that Campbell refers to as the Drug War Zone This collection of oral histories of drug traffickers and counter drug officials examines the border narco world through the eyes of first hand participants An invaluable resource for anyone seeking a greater sociological understanding *Journal of Latin American Studies* *The Containment of Organised Crime and Terrorism* Cyrille J.C.F. L. Kolodkin, Vasiliï Nikolaevich Gut'suli, I. V. Bobrova, 2010 Originally published in Russian this book is the most comprehensive treatise to appear on the subject of the law of the sea It covers all expanses of sea which comprise the World Ocean and it offers new details on the Russian Arctic the Caspian Sea the Black Sea Straits the Gulf of Finland and the Russian continental shelf In a number of instances the book criticizes Russian legislation for the failure to adequately implement the 1982 Convention on the Law of the Sea and the law of the sea generally for the failure to satisfactorily address the threats and challenges of the 21st century The book gives more attention to the activities of international organizations in maritime legal matters than one normally encounters in Western works on the subject Furthermore as Russia plays a central and influential role in world maritime

policy a book that specifically deals with Russian approaches in this field cannot fail to be of importance to anyone interested in the law of the sea
