The Cockermouth Keswick And Penrith Railway Oakwood Library Of Railway History:

The Cockermouth, Keswick & Penrith Railway Robert Western, 2001 **The Oakwood Library of Railway History**, 1946 **The World's First Railway System** Mark Casson, 2009-09-10 The British railway network was a monument to Victorian private enterprise Its masterpieces of civil engineering were emulated around the world But its performance was controversial praised for promoting a high density of lines it was also criticised for wasteful duplication of routes This is the first history of the British railway system written from a modern economic perspective It uses counterfactual analysis to construct an alternative network to represent the most efficient alternative rail network that could have been constructed given what was known at the time the first time this has been done It reveals how weaknesses in regulation and defects in government policy resulted in enormous inefficiency in the Victorian system that Britain lives with today British railway companies developed into powerful regional monopolies which then contested each other's territories When denied access to existing lines in rival territories they built duplicate lines instead Plans for an integrated national system sponsored by William Gladstone were blocked by Members of Parliament because of a perceived conflict with the local interests they represented Each town wanted more railways than its neighbours and so too many lines were built The costs of these surplus lines led ultimately to higher fares and freight charges which impaired the performance of the economy The book will be the definitive source of reference for those interested in the economic history of the British railway system It makes use of a major new historical source deposited railway plans integrates transport and local history through its regional analysis of the railway system and provides a comprehensive classified bibliography **The British National Bibliography** Arthur James Wells, 2001 **Subject Index of the Modern Works Added to the British Museum Library**, 1961 The Library World, 1955 **Subject Index of Modern Books Acquired 1881/1900-**. British Museum. Department of Printed Books, 1961 **Subject Index of Modern Books Acquired** British Library, 1961 **Subject Index of Modern Books Acquired** British Museum, 1961 The Railway Magazine, 1953 **The Railways of Mid-Sussex** Adrian Gray, 1990 **Rails Through Lakeland** Harold D. Bowtell, 1989 The second volume provides a detailed study of the company's locomotive and traffic operations and also looks at the superstructure of stations and bridges signalling and loco sheds Again a wealth of illustration completes this authoritative account of one of Britain's most interesting railways **Rails Through Lakeland** Harold D. Bowtell, 1989 **The Maryport & Carlisle Railway** Jack Simmons, 1947 **A History of the Cockermouth, Keswick and Penrith Railway** William McGowan Gradon, 1948 *The South Eastern & Chatham Railway*, 1963 *The South Eastern & Chatham Railway* Roger Wakely Kidner, 1977 **Cockermouth, Keswick, & Penrith Railway** R.
