The Collected Essays Of Gregor Sebba:

The Collected Essays of Gregor Sebba Gregor Sebba,1991 Contient un chapitre sur la philosophie du moi chez Rousseau

The Collected Essays of Gregor Sebba Gregor Sebba,1991-01-01 This collection of essays by Gregor Sebba 1905 1985 reflects the curiosity and insight of his mind The range of topics is wide including philosophy and the history of ideas literature and art yet there is a single underlying theme human creativity and the search for truth pursued along paths as diverse as Greek tragedy Eric Voegelin s concept of order in history and the poetry of Rainer Maria Rilke and T S Eliot

Eric Voegelin and the Foundations of Modern Political Science Barry Cooper,Eric Voegelin,1999 Annotation This important new work is a major analysis of the foundation of Eric Voegelin s political science Barry Cooper maintains that the writings Voegelin undertook in the 1940s provide the groundwork for the brilliant book that is one of his best known The New Science of Politics At the time of that book s publication however few were aware of the enormous knowledge and accomplished scholarship that lay behind its illuminating although sometimes baffling formulations By focusing on several of the key chapters in Voegelin s eight volume History of Political Ideas especially the studies of Bodin Vico and Schelling Cooper shows how those studies provide the basis for Voegelin s thought Investigating Voegelin s study of Oriental influences on Western political ideas especially Mongol constitutional law and his study of Toynbee Cooper seeks to demonstrate the vast range of materials Voegelin used Cooper contends that as with other great thinkers political crisis specifically the world war of 1939 1945 stimulated Voegelin s intellectual and spiritual achievement He provides an analysis of Voegelin s immediate concern with the course of World War II his ability to understand those dramatic events in a large context and his ability to provide an insightful account of the causes the significance and the consequences of the spiritual and political disorder that was evident all around him In *Eric Voegelin and the Foundations of Modern Political Science* Cooper makes the connection between Voegelin s political writings of the 1940s and the meditative interpretations that began to appear with the publication of *Anamnesis* and with the later volumes of *Order and History* much more intelligible than does any existing discussion of Voegelin Scholars in intellectual history and political science will benefit enormously from this valuable new addition to Voegelin studies

The Politics of Truth and Other Untimely Essays Ellis Sandoz,1999 This volume explores the historical and theoretical underpinnings of personal liberty and free government and provides an analysis of the crisis of civic consciousness endangering both *Politics, Order and History* Stephen McKnight,Glenn Hughes,Geoffrey Price,2001-01-01 This volume brings together critical review papers many specially commissioned on key themes and questions in the work of the political scientist philosopher and religious thinker Eric Voegelin 1901 1985 Areas covered include 1 Political science Political Religions manifestations in Nazi Germany and in contemporary European and North American nationalism 2 International relations the Cold War in critical perspective 3 Philosophy Plato and Aristotle in the reading of Eric Voegelin contemporary assessments 4 Sociology Correspondence of Voegelin and Alfred Sch tz 5 New Testament studies and

Christology questions and developments for Voegelin's interpretations 6 Old Testament studies questions and developments from Voegelin's Israel and Revelation 7 Historical sociology Revelation and order in axial age societies 8 Philosophy of history Voegelin and Toynbee in contrast 9 Literary studies Voegelin in contrast with contemporary literary theory critical readings of Milton Greek tragedy

Beginning the Quest Barry Cooper, 2009 Examines an analysis of the legal and political writing of Eric Voegelin during the 1920s and the 1930s Cooper discusses Voegelin's first systematic effort to bring together the principles of philosophical anthropology with his understanding of comparative social science and examines Voegelin's *The Authoritarian State* and *The New Science of Politics* Provided by publisher

The Voegelinian Revolution Lynda Lytle Holmstrom, 2017-09-08 Over the past half century Eric Voegelin has produced a demanding body of writing on the philosophy of history and the history of political theory since antiquity This is the first full scale treatment of his inquiry into the reality of man's political existence It includes close readings of the texts with Voegelin's own comments on them interspersed offering a thorough explication of the philosopher's quest Incorporating an Autobiographical Memoir prepared in collaboration with Voegelin especially for the volume Ellis Sandoz interweaves the events of this great thinker's life with the philosophical inquiry to which that life has been devoted Among the uniquely engaging biographical subjects covered are Voegelin's reminiscences of his involvement with such seminal minds as Max Weber and with Karl Kraus Hans Kelsen and other lights of Vienna's intellectual community of the 1920s and 1930s a full discussion of his early responses to national socialism and his escape from the Anschluss in 1938 and a summary of his early years in America with particular attention to the years at Louisiana State University with Cleanth Brooks Robert Penn Warren and Robert Heilman Carefully analyzing Voegelin's contribution to our understanding of ourselves Sandoz convincingly argues that Voegelin's achievement is revolutionary He emphasizes the common sense running through Voegelin's thought and reveals how Voegelin reached a new analysis of reality and provides us with a new science of human affairs Sandoz does not reveal the truth to end the quest for truth but shows how such stop history answers are defective Exploring the meaning of that first truth as it has been intellectually and spiritually unraveled by one of our century's leading thinkers Voegelinian Revolution shows anyone interested in politics and human affairs how to follow Voegelin's path This book will be of interest to historians political theorists students of philosophy and religion and educated readers concerned about the plight of American Western civilization and looking for a new view on our current crisis

Selected Correspondence 1950-1984 Eric Voegelin, 2007 Voegelin's Munich years while not without controversy can be seen as the most successful time in his life as well as his most creative and prolific as a political philosopher During that time Voegelin worked on volume IV of *Order and History* and the letters written to successive directors of the Louisiana State University Press as well as to friends and colleagues give a vivid account of the changing nature of this seminal project Voegelin's letters written between 1969 and 1984 provide compelling evidence of the intellectual vigor that characterized his work throughout his life and continued virtually undiminished until

the last weeks before his death Voegelin's realism his sharp wit and his superbly developed sense of irony remain evident in the correspondence throughout all these years

The Collected Works of Eric Voegelin: Selected correspondence, 1950-1984 Eric Voegelin, 1989 Collected Papers IV A. Schutz, 2013-04-09 Following the thematic divisions of the first three volumes of Alfred Schutz's Collected Papers into The Problem of Social Reality Studies in Social Theory and Phenomenological Philosophy this fourth volume contains drafts of unfinished writings drafts of published writings translations of essays previously published in German and some largely unpublished correspondence The drafts of published writings contain important material omitted from the published versions and the unfinished writings offer important insights into Schutz's otherwise unpublished ideas about economic and political theory as well as the theory of law and the state In addition a large group contains Schutz's reflections on problems in phenomenological philosophy including music which both supplement and add new dimensions to his published thought All together the writings in this volume cover Schutz's last 15 years in Europe as well as manuscripts written after his arrival in the USA in 1939 Audience Students and scholars of phenomenology social theory and the human sciences in general *International and Interdisciplinary Perspectives on Eric Voegelin* Stephen A. McKnight, Geoffrey L. Price, 1997 Eric Voegelin's analysis of the history of political order and disorder has had an enormous impact on the fields of political science philosophy religion history and sociology The collection explores the evolution of Voegelin's theory from his history of political ideas of the 1940s to his philosophy of consciousness of the 1980s Adding significantly to our understanding of the development of Voegelin's work these essays compare and contrast it to that of his contemporaries such as Husserl and Schutz as well as to that of recent scholars including Lonergan and Levinas

Disturbing Revelation: Leo Strauss, Eric Voegelin, and the Bible John J. Ranieri, 2008 Ranieri shows how Leo Strauss and Eric Voegelin drew on biblical texts in their philosophies to explore the relationship between religion politics and violence while maintaining a deep ambivalence about the Bible's vision of life and its influence on politics and finally compares their thought with that of Ren Girard Provided by publisher The Politics of the Soul Glenn Hughes, 1999 The Politics of the Soul Eric Voegelin on Religious Experience includes eight essays examining one of the most profound studies of religious experience to appear in the last century that of the political philosopher Eric Voegelin Voegelin is increasingly recognized as a political theorist of exceptional scope and erudition and the most important philosopher of his time since Toynbee and his treatment of religious experience is a crucial part of his overall analysis of existence and history This collection of essays by prominent Voegelin scholars is the first book to explore the relevance of that analysis to the contemporary understanding of political theory theology history and philosophy of consciousness and as such it constitutes a significant contribution not only to Voegelin scholarship but to the current quest for theoretical foundations
