Boone Bartholomees, Army War College (U.S.). Strategic Studies Institute, 2012 This edition of the U S Army War College Guide to National Security Policy and Strategy continues to reflect the structure and approach of the core national security strategy and policy curriculum at the War College The 5th Edition is published in two volumes that correspond roughly to the Department of National Security and Strategy's core courses Theory of War and Strategy and National Security Policy and Strategy Like previous editions this one is based on its predecessor but contains both updates and new scholarship Over a third of the chapters are new or have undergone significant rewrites Many chapters some of which appeared for years in this work have been removed Nevertheless the book remains unchanged in intent and purpose Although this is not primarily a textbook it does reflect both the method and manner we use to teach strategy formulation to America's future senior leaders The book is not a comprehensive or

exhaustive treatment of either strategic theory or the policymaking process Both volumes are organized to proceed from the general to the specific Thus the first volume opens with general thoughts on the nature and theory of war and strategy proceeds to look at the complex aspect of power and concludes with specific theoretical issues Similarly the second volume begins by examining the policy strategy process moves to a look at the strategic environment and concludes with some specific issues This edition continues the effort begun in the 4th Edition to include several short case studies to illustrate the primary material in the volume

**Reinterpreting Russia's Strategic Culture** Nicolò Fasola, 2024-07-05 This book analyses the categories of thought underpinning Russia's strategic decision making and military operations unpacking their nature development and interaction The work argues that mainstream Western analysis of Russian military and strategic behaviour is affected by two limitations first by forcing Russian choices into pre packaged logics of action it fails to grasp the peculiar assumptions and intellectual nuances underpinning Moscow's strategies second an overreliance on buzzwords such as hybridity has mystified understanding of the Russian military modus operandi its true character and strong consistencies The book addresses such limitations by stressing the influence of strategic culture on Russia's approach to strategy and war fighting After proposing an original model of strategic culture it employs this conceptual framework to interrogate Russian primary sources and military practices between 2008 and 2018 This allows general hypotheses to be formulated about the ultimate principles underpinning the Russian way of war which are then tested against three case studies Russia's interventions in Georgia 2008 Ukraine 2014 2015 and Syria 2015 2018 respectively While steering clear of making forecasts this book provides a solid basis on which to build expectations about and to chart strategies for counter acting Moscow's actions including in the context of the current war in Ukraine This book will be of much interest to students of Russian security military and strategic studies foreign policy and International Relations in general

The Top Books of the Year The College Survival Kit 51 Survival Strategies The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
