Honor of Thieves Charles John Cutcliffe Wright Hyne,2022-01-29 Excerpt It seems to me said a philosopher once that there are no entirely good men in the world and none completely bad Single out your best man and you will find that he lacks perfection in some part of him and examine your worst and you will see that he has at least one redeeming quality In this book the men mostly verge towards bad but some are better than others Because they are merely human they act according to their lights You may meet others like them any day if you go out and about and most of them give extremely good dinners Till they are found out you consider them amusing afterwards being better than they you instantly set them down as most pernicious scoundrels and shake hands with yourself and write to your tailor to order more noticeable phylacteries on the next new suit This is called keeping up a healthy moral tone and does a great deal of good in the world Scalloway Shetland Islands 1895
