The Coming Of Amos:

The Coming of Amos, by William J. Locke William J. Locke, 1924 **The Coming of Amos** William John Locke, 1927

The Composition and Redaction of the Book of Amos Tchavdar S. Hadjiev, 2009-03-26 This Oxford dissertation offers a fresh redactional analysis of the Book of Amos. It starts with a critical survey of existing approaches and an examination of the methodological issues involved and proceeds with a detailed exegetical analysis of the prophetic text which forms the basis for the redactional conclusions. It steers a middle course between extreme conservative treatments which trace all the material back to the prophet Amos and more radical sceptical approaches which attribute most of the prophetic oracles to the work of later redactors. The composition of the book began with two collections: the Polemical scroll written not long after the end of Amos' ministry and the Repentance scroll composed shortly before 722 BC. The Repentance scroll was reworked in Judah towards the end of the 8th century BC and the two scrolls were combined to form a single work sometime during the 7th century BC. The Book underwent only one redaction during the exilic period which sought to actualise its message in a new historical context. The study pays special attention to the literary structure, aim and probable historical circumstances of the various collections which gradually evolved into the present Book of Amos and seeks to show how the prophetic message lived on and spoke to the various communities which preserved and transmitted it.

Working in the Global Film and Television Industries Andrew Dawson, Sean Holmes, 2012-08-02 Like many other cultural commodities, films and TV shows tend to work in such a way as to obscure the conditions under which they are produced: a process that has been reinforced by dominant trends in the practice of Film and Television Studies. This collection places the workplace experiences of industry workers at centre stage. It looks at film and television production in a variety of social, economic, political and cultural contexts. The book provides detailed analyses of specific systems of production and their role in shaping the experience of work, whilst also engaging with the key theoretical and methodological questions involved in film and television production. Drawing together the work of historians, film scholars and anthropologists, it looks at film and television production not only in Hollywood and Western Europe but also in less familiar settings such as the Soviet Union, India, Nigeria and the Democratic Republic of Congo. Chronologically wide-ranging, interdisciplinary and international in scope, it is a unique introduction critical for all students of the film industries and film production.

Testament Prophetic Books C. Hassell Bullock,2007-05-01 The Old Testament prophets spoke to Israel in times of historical and moral crisis They saw themselves as being a part of a story that God was weaving throughout history a story of repentance encouragement and a coming Messiah In this updated introductory book each major and minor prophet and his writing are clustered with the major historical events of their time Our generational distance from the age of the prophets might seem to be a measureless chasm Yet we dare not make the mistake of assuming that passing years have rendered irrelevant not only the Old Testament prophets but also the God who comprehends spans and transcends all time In these pages C Hassell Bullock presents a clear picture of some of history s most profound spokesmen the Old Testament prophets and the God who shaped them *All the Bible Is Based on Just Three Verses* J. L. Hendricks,2008-10 All the Bible is based on just three verses of scripture found in Genesis 12 1 3 When one understands the role and content of these verses and follows how they develop in the scriptures a surprising simplicity is discovered in God s Holy Word Genesis 12 1 3 is the call of Abraham and God s announcement of Christ and world redemption The plan of redemption involves three primary promises 1 a nation 2 a land and 3 a coming Blessing From the land and the nation will come the Blessing who is Jesus These three promises become a simple outline that compresses the Bible into a comprehensible format In the New Testament Paul holds up Abraham as a model for how all people come to salvation He combines the call and promises made to Abraham along with Abraham s belief in that call recorded in Genesis 15 6 to make a compelling case that justification is based on faith J L Hendricks has been a pastor for forty five years He and his wife Barbara have four married children and nine

grandchildren who are all actively involved in the Lord's work. Currently pastor Hendricks is director of Israel's Fullness a ministry seeking to take the gospel to both Jews and Gentiles. In 1990 he co-founded a national Messianic fellowship. His efforts in taking the gospel to Jewish people became the foundation for the writing of this book. **Old Testament**
