

WHO CHANGED THE SABBATH TO SUNDAY?

There can be no doubt that Christ, His disciples, and the first-century Christians kept Saturday, the seventh-day Sabbath. Yet, today, most of the Christian professing world keeps Sunday, the FIRST day of the week, calling it the Sabbath. Who made this change, and how did it occur?

No serious student of the Scriptures can deny that God instituted the Sabbath at creation and designated the seventh day to be kept holy. "And on the seventh day God ended His work which He had made; and He rested on the seventh day from all His work which He had made. And God blessed the seventh day, and sanctified it: because that in it He had rested from all His work which God created and made" (Genesis 2:2-3). It was later codified as the Fourth Commandment (Exodus 20:8-11).

The Word of God makes it expressly clear that Sabbath observance is a special sign or "mark" between God and His people. There is also no uncertainty that Christ, His disciples, and the first-century Christians kept the seventh-day Sabbath as commanded—the day we now call "Saturday" (Mark 2:28; Luke 4:16).

Is There Any Biblical Support for Sunday Observance?

There is absolutely *no* New Testament text stating that God, Jesus, or the apostles changed the Sabbath to Sunday—not a text, not a word, not even a hint or suggestion. *If* there were, those chapters and verses would be loudly heralded by Sabbath opposers. Had Paul or any other apostle taught a change from Sabbath to Sunday, the first day of the week, an absolute firestorm of protest would have arisen from conservative Jewish Christians. The Pharisees and scribes would have insisted that Paul or any other person even suggesting such a thing be stoned to death for the sin of Sabbath-breaking. This would have been a much larger issue than the controversy over circumcision!

The self-righteous Pharisees had already falsely accused Christ of breaking the Sabbath because He

violated the added man-made rules and traditions *they* placed upon the Sabbath (Mark 2:24). The total absence of any such controversy over a change in the day of worship is one of the best evidences showing the apostles and other New Testament Christians did *not* change the day. On the contrary, we have a record of many Sabbaths that Paul and his traveling companions kept long after the resurrection of Jesus Christ. Read of them in your own Bible in Acts 13:14, 27, 42-44; 15:21; 16:13; 17:2; and 18:4. Acts 13:42-44 is especially significant in that Paul and Barnabas, when speaking at a Jewish synagogue, were invited to speak again the next Sabbath. This would have been Paul's golden opportunity to tell the people to meet with him the next *day* rather than waiting a whole week for the Sabbath. But, "on the next *Sabbath* almost the whole city [Jews and Gentiles alike] gathered to hear the word of the Lord."

Yet, today most of the Christian professing world keeps Sunday, the first day of the week, calling *it* the Sabbath. The question arises then, *who* changed the Sabbath to Sunday, and *how* did it occur? The answer may amaze you!

Biblical Testimony

The New Testament plainly shows we are to continue keeping the commandments (Matthew 5:17-18; 19:17; 23:20)—all ten of them. Where, then, do men get the "authority" to *change* the Fourth Commandment by substituting Sunday for the original Sabbath Christ and the apostles kept?

The Bible prophesied many centuries earlier that the time would come when men would think to *change times and laws* (Daniel 7:25). Many Bible prophecies are "dual" in nature—that is, they have a type and antitype, an earlier and a later fulfill-
