The Christmas Foundation Beginning Of A New Cosmic Age:

The Christmas Foundation Rudolf Grosse,1984 This is an introduction to the spiritual and historical conditions prevailing during the restablishment of the General Anthroposophical Society at the Christmas Conference of 1923 just one year after its first center the Goetheanum was burned to its foundation The author's purpose was to see Rudolf Steiner within the overall process of world history and so to recognize his spiritual mission while experiencing the nature of that important event **The Foundation Stone Meditation** Rudolf Steiner,2013-05-19 The Foundation Stone Meditation holds a central place in the inner life of many students of Rudolf Steiner's work First presented during the refounding of the Anthroposophical Society at the Christmas Conference of 1923 24 it is a powerful and penetrating meditative text which many consider to be a key to the spiritual mysteries of our time This version features three alternative translations by George Adams Pauline Wehrle and Richard Seddon together with the original German verses and an introduction by Michael Wilson

The Foundation Stone Rudolf Steiner, 2013-05-14 This volume which brings together two classic booklets for the first time features Steiner's valuable thoughts and guidelines regarding the Foundation Stone Meditation and the new character of the Anthroposophical Society given during and after the Christmas Conference of 1923 24 Time of Decision with Rudolf Steiner Friedrich Hiebel, 1989-12 This fascinating recollection of the early days of the Anthroposophical Society offers a unique perspective on Rudolf Steiner's work and his relationship to his students Of particular interest to our readers will be the chapters on the Christmas Conference of 1923 for the foundation of the Anthroposophical Society Hiebel attended the meeting and his lively descriptions and warm style let those solemn events rise up again in our souls He recreates the solemn sacred mood of the laying of the Foundation Stone and provides insights into the structure and meaning of the Foundation Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and Stone verses expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923 24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication The Twelve Holy Nights and the Spiritual Hierarchies Sergei O. Prokofieff, 2004-11-05 Prokofieff draws on the whole extent of Rudolf Steiner's work and combines it with his own original spiritual research to form an intricate picture of the cosmic

forces at play between Christmas and Epiphany We are led on a tour through the circle of the zodiac and spiritual hierarchies and shown how they form a path from Jesus to Christ The author further explains that the Starry Script is a key to anthroposophical Christology and shows how it relates to the conception of the First Goetheanum Prokofieff guides us imaginatively through the interior of Steiner's architectural masterpiece destroyed by fire at the end of 1922 whose structure and decorations are seen to constitute a coherent esoteric map Our task now he suggests is to rebuild the First Goetheanum within ourselves and through a new form of self development work toward a truly modern path of initiation Supplementary essays focus on the cosmic aspects of Sophia as well as the being of Michael Prokofieff's seminal study offers a rich source of inspiration for those wishing to penetrate the mysteries of the Twelve Holy Nights and their relation to spiritual beings

Rudolf Steiner's Foundation Stone Meditation Peter Selg, 2012 People who practice esoteric exercises grow spiritually into the future they experience in themselves what will one day come about and what they experience in this way is what we know as the higher worlds These represent future conditions of humankind Rudolf Steiner Munich 1907 Rudolf Steiner spoke the Foundation Stone meditation at the Christmas Conference of the General Anthroposophical Society in 1923 giving it to the Society members for strengthening their forces The meditation s words contain as Sergei O Prokofieff states the quintessence of the whole of Anthroposophy Thus Rudolf Steiner was bestowing on the members the possibility of dealing resolutely with the specific tasks that awaited them In this short potent volume the author suggests further that The Foundation Stone Meditation represents the concerns of every individual of our time allowing each of us to maintain our humanity in the face of the challenges and catastrophes of both the present and the future Steiner said that one could hear the words of the meditation sounding in one s heart This process of hearing will acquire even more significance and reality in future and can be of enormous help to anyone who opens themselves to it It is against this background that Selg has written this introductory book to promote awareness of the meditation understanding of its historic place in the catastrophic twentieth century and its critical but latent contribution to the future The Imagination of Pentecost Richard Leviton, 1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more May Human Beings Hear It! Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff's anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the

Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of May Human Beings Hear It are complete in themselves and can therefore be studied independently of each other A Life for the Spirit Henry Barnes, 1997 Whether or not Steiner's insights are valid is for each of us to determine His work is not easy and he challenges our usual thinking every step of the way The insights are radical in the original meaning of that word they go to the roots We are forced more and more to realize that only through such thinking can actions arise that are truly healing and constructive Henry Barnes from the introduction Few people today recognize Rudolf Steiner's name yet those who are aware of him know that his presence pervades every forward looking aspect of contemporary life Nearly all fields of life have been fructified by his insights not abstractly or theoretically but in a concrete way that changes lives No wonder then that Steiner has been called the best kept secret of the twentieth century Born in 1861 in Kraljvec Austria Steiner showed evidence early on of the most varied gifts a precise and probing scientific mind combined with a natural clairvoyant ability to see into the spiritual world a determined need to think things through for himself and a profound reverence for the divine He first made his mark as a philosopher and the editor of Goethe's scientific writings He also recognized the revolutionary spirit in Nietzsche But Steiner's destiny led him in a different direction Profound cognitive experiences determined that his task would lie in service to the spirit While recognizing the integrity of modern science s phenomenological empiricism he also knew that the time had come to extend the field of science to include investigation of the supersensible Working at first within the Theosophical Society but always speaking and writing out of his own experience Steiner developed the foundations for a thoroughly modern spiritual scientific discipline that would transform spiritual and cultural life Until his death in 1925 in countless lectures and books Steiner created the body of knowledge and practice known as anthroposophy which not only challenged and extended the underlying methods of modern knowledge but stimulated many practical cultural initiatives such as Waldorf education biodynamic agriculture the art of eurythmy the movement for a threefold social order and anthroposophical medicine Henry Barnes the author of Into the Heart's Land A Century of Rudolf Steiner's Work in North America recounts the dynamic life of this remarkable man He does so by placing Steiner in the crosscurrents of history and showing him not as a spectator or ivory tower philosopher but as a leading actor in the drama one whose entire being was given in service to humanity and to the spirit Contents Foreword by Robert McDermott Introduction In Search of a New Thinking The Twentieth Century Battleground for Human Individuality Child of Middle Europe Biographical Foundations The Weimar Years Nietzsche Steiner

Angela Locher, 2024-11-25 Focusing between Christianity and the natural world on Marie Steiner von Sivers distinctive collaboration with Rudolf Steiner From the History of the Dornach Hill offers an engaging lively narrative of the early decades of the anthroposophical movement Utilizing eye witness accounts and primary sources Angela Locher creates vivid images of the developing arts at the Goetheanum in particular eurythmy speech formation and the dramatic arts but also describes many fascinating aspects of general anthroposophical history The latter include the period of cooperation with the Theosophical Society the design and building of the first and second Goetheanums

travels tours and visits overseas with Rudolf Steiner the pivotal Christmas Conference of 1923 4 stage performances including the Mystery Dramas and Rudolf Steiner's unexpected death and its aftermath Locher structures her absorbing study around the life of Marie Steiner from her birth in 1867 and childhood in Russia to her eventual passing in Switzerland in 1948 I have written this book especially for subsequent generations of eurythmists actors and speakers who could not experience what had been achieved in the previous century the vital processes of the development of eurythmy and the dramatic arts These created the foundation on which we stand today and from which we can carry on into the future Angela Locher This work by Angela Locher can be greeted with enthusiasm In view of the difficult challenges of our time more people than ever are beginning to experience that the arts are not merely a beautiful addition to life but are profoundly connected to our humanity Virginia Sease The Case of Valentin Tomberg Sergei O. Prokofieff, 1998-03 Born in 1900 in Russia Valentin Tomberg was for many years an enthusiastic student of Anthroposophy In 1945 however he converted to Roman Catholicism and completely turned his back on the former phase of his life By the time of his death in 1973 he had written two major works Meditations on the Tarot and Covenant of the Heart in which he presented much esoteric knowledge though under the spiritual authority of the Catholic Church What is the mystery behind Tomberg's life Prokofieff provides his views in this forcefully argued and uncompromising book <u>Astronomy and Astrology</u> Rudolf Steiner, 2013-04-03 In the Middle Ages Astronomia one of the Seven Liberal Arts was as much about astrology as astronomy In fact the two disciplines only parted company in the seventeenth century as the materialistic world view gained greater prominence Where once human destiny was connected to stars and planets and spiritual or soul qualities were associated with the natural world now the cosmos was seen as consisting of gases fire and dead rock Rudolf Steiner brings a new spiritual perspective to our study of the heavens Humanity he says is intimately connected to cosmic beings who in turn are related to planets and stars There is meaning in the cosmos Although Steiner rejects the simplistic notion of the planets determining our lives and behaviour he makes a clear connection between the heavenly bodies and human beings Whilst criticizing the superficial nature of much astrology Steiner shows that as individuals and with the guidance of spiritual beings we choose an appropriate time of birth to match the destiny we are to live This enlightening anthology expertly collated by Margaret Jonas features excerpts of Steiner's work on the spiritual individualities of the planets the determination of human characteristics by the constellation at birth the cultural epochs and the passage of the equinox cosmic influences on the individual and humanity life in the planetary spheres between death and rebirth solar and lunar eclipses comets and much Why Become a Member of the Anthroposophical Society? Sergei O. Prokofieff, 2012 Why become a member of the more Anthroposophical Society Is the Anthroposophical Society really needed today The future of the society according to Sergei O Prokofieff depends directly on competent responses to such questions by each and every anthroposophist With these considerations it is not the author's concern to persuade the reader in an outward way to join the Anthroposophical Society

He is concerned with the communication of a few esoteric viewpoints and possible motives so that the decision in this regard can develop in a fully aware and responsible manner based on a solid inner cognitive foundation For only when the decision in regard to membership in the Anthroposophical Society for whatever reason the individual might make it occurs on such a basis does it also have spiritual justification from the preface The Time Is at Hand! Paul Marshall Allen, Joan deRis Allen, Johann Wolfgang von Goethe, Rudolf Steiner, 1996-02 Here is a book about Walden that takes Thoreau on his own terms Two Fish on One Hook is a transcendental study of Thoreau s transcendental work It offers us the task of doing as Thoreau does exhorting us to follow the patterns Thoreau sets up in Walden and to approach his work as an act of communication one that urges us to listen to hear and to act upon what he has to say one that becmes a transformative experience Thoreau s first step is to remind us of how very idle and blockheaded we are The busy folk mind ing their own affairs he leaves to their own devices Books about Walden are also obliged to begin on the right note by sounding Thoreau s stern wake up call Many will find it a jarring note but there is no better way to wake up from the Procrustean sense of men asleep and to get a sick one to lay down his bed and run into Walden in time It may be wisdom to let the dead bury the dead but Thoreau is convinced that a man is not requried to bury himself He therefore begins by asking his readers Why should they begin digging their graves as soon as they are born Raymond Tripp Star Wisdom and Rudolf Steiner David Tresemer, 2007-02 Flower essences are liquid energetic remedies derived from living flowers They bring the natural dynamic energy of the plant directly into the human electro system where they work to bring about movement toward health and balance Because of their energetic and living quality they work directly and deeply in the emotional system assisting in the release of early wounds and trauma These suppressed imprints are considered to be a main causes of many types of diseases or imbalances today Flower essences are a perfect complement to many of today's health practices. healing body mind and soul Milestones T. H. Meyer, 2015-10-26 Why was the act of arson that destroyed the first Goetheanum so devastatingly successful in its malicious intent What was the nature of the poisoning that Rudolf Steiner suffered in 1923 What was the significance of Steiner's encounter with an unknown Master in 1879 and his later meeting with Friedrich Nietzsche on his sickbed Rather than presenting an accumulation of data Meyer takes a symptomatological approach to the evolution of Rudolf Steiner's thinking pinpointing specific moments in his biography whilst making numerous links to contemporary issues Seemingly unimportant details are significant such as Steiner's boyhood habit of smashing dishes or the droplet of water that adorned Steiner's forehead at his funeral The often overlooked language of such images is evaluated within the scope and grandeur of Rudolf Steiner's life s work An incisive theme running through Milestones is the dual nature of time involution and evolution and how it affects the Anthroposophical Society and movement Following Steiner s death a one sided involution process has been evident in the overemphasis on the Christmas Foundation Meeting as well as Steiner's supposedly indissoluble connection with the Society This is coupled with distorted evolution processes as seen in the urge to enter the public domain by jettisoning anthroposophy altogether Such disharmonies can only be healed says Meyer by seeing the reality This book serves as an essential guide to understanding the task of anthroposophy in the modern world From the History of the Dornach Hill...
