The Infallibility of the Church in Orthodox Theology Stylianos (Archbishop of Australia), 2008 Although several Orthodox theologians have significantly enhanced the development of Ecclesiology in the twentieth century the contribution of Archbishop Stylianos Harkianakis Primate of the Greek Orthodox Church in Australia remains without doubt a landmark in the history of that theological field today Essentially the author's consideration of the Church is that it is the most intimate and graced communion not only of human persons but of the entire created cosmos bonded together in a wondrous relationship with the uncreated God Unconfusedly and indivisibly united with God the Church therefore enjoys and rightly proclaims the truth ie it is infallible for the world's salvation and the glorification of God Ultimately his the author's theology of the Church's infallibility ie its truthfulness is simply a dogmatic affirmation of the genuine presence of God among his people and the world at large

Charism in the Church Constant Leke Ngolefac, 2024-03-01 Charism is a hot contemporary issue The growing

interest in the charisms is one of the significant religious developments of our time. Opinions on charisms vary to a remarkable degree. Unfortunately in some cases diverse viewpoints have led to confusion among Christians. On the positive side though this developing interest in charisms has contributed to spiritual renewal and stimulated biblical research in this most important area of the Church's life. The exponential growth of the Charismatic Pentecostal Movement throughout the world and especially in Africa urged led to choice of this topic on charisms. In the Charismatic Pentecostal Movements the issue of charisms is very vital and extremely important. It is at the centre of its spirituality and practice. This Movement has spread to almost all major Christian confessions, denominations and continues to attract many followers. This work is unique among the many studies written on the charisms. Even though the subject of charisms has received some scholarly attention most have not delved into the role of the charisms in the Church from Pauline perspective as this study does. The following observations and reasons demonstrate that it is still meaningful and worthwhile to study charisms in Pauline letters.

Theologies of Retrieval Darren Sarisky, 2017-11-30. One of the most significant trends in academic theology today which emerges within Protestant, Roman Catholic and Orthodox points of view is the growing interest in theologies of retrieval. This mode of thinking puts a special stress upon subjecting classic theological texts to a close reading with a view toward using the resources that they provide to understand and address contemporary theological issues. This volume offers an understanding of what theologies of retrieval are, what their rationale is and what their strengths and weaknesses are. The contributions provided by a distinguished team of theologians answer the important questions that existing work has raised, expand on suggestions that have not yet been fully developed, summarize ideas to highlight themes that are relevant to the topics of this volume and air new critiques that will spur further debate.

The Oxford Handbook of Ecclesiology Paul Avis, 2018-06-21. The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today. As the scholarly study of how we understand the Christian Church's identity and mission, ecclesiology is at the centre of today's theological research, reflection and debate. Ecclesiology is the theological driver of the ecumenical movement. The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled. Ecclesiology investigates the Church's manifold self-understanding in relation to a number of areas: the origins, structures, authority, doctrine, ministry, sacraments, unity, diversity and mission of the Church including its relation to the state and to society and culture. The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research, Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines. This Handbook considers the biblical resources, historical development and contemporary initiatives in ecclesiology. It offers an invaluable and comprehensive guide to understanding the Church.

The Deacon Reader James Keating, 2006. The essays collected in this book aim to give the reader an overview of the theological and pastoral

nature of the diaconate and thus to clarify the fundamental identity of the deacon for those who are discerning such a call as aspirants and those who are already candidates for the office From Introduction **A Church to Believe in** Avery Dulles,1982 **Dumitru Staniloae's Trinitarian Ecclesiology** Viorel Coman,2019-10-09 Dumitru Staniloae is one of the most important but routinely neglected twentieth century Orthodox theologians Viorel Coman explores the ecumenical relevance of Staniloae's reflections on the interplay between the doctrine of the Trinity and the doctrine of the church in the context of the debates on the ecclesiological ramifications of the filioque Coman combines a historical and theological analysis of Staniloae's approach to the filioque Trinity and church The historical analysis shows the changes that have taken place over time in Staniloae's approach to the issue of the filioque and the doctrine of the church The theological analysis emphasizes the ecumenical contribution of the Romanian thinker to the fields of Trinitarian theology and ecclesiology Even though this book centers primarily around Staniloae's vision on the link between the doctrine of the Trinity and the Church it places his theological reflections in a solid dialogue with other Eastern Georges Florovsky Vladimir Lossky and John Zizioulas and Western theologians Karl Barth Yves Congar Karl Rahner and Walter Kasper Pro Ecclesia Vol 27-N2 Pro Ecclesia,2018-04-30 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology **Liberating Evangelism** Stephen K. Pickard,1999-06-01 Has the church abdicated its responsibility for and privilege of spreading the gospel Has this baptismal birthright been forgotten or denied out of ignorance poor example or even misinformation Stephen Pickard argues that the church is called to be a community of the evangel and thus a community that seeks to embody the glad tidings of God in all of its life He addresses two issues the relationship of evangelism to systematic theology and the relationship of evangelism to the church In the case of the former he calls for a recovery of the complementary nature of theology and evangelism the theory and practice of the gospel discussing what this might involve and how it may benefit the church's evangelistic task This evangelistic task is then developed further in terms of the dynamics of communication Regarding evangelism and its relation to the church Pickard contends that the locus for evangelism has to be the Christian community its life of worship and discipleship in the world But the church must be reconceived missiologically in terms of the Great Commission and as a community for the praise of God **Small Christian Communities and the Parish** John Paul Vandenakker,1994 Examines the pastoral and theological implications of North American Small Christian Community programs **Yves Congar** Gabriel Flynn,2005 No theologian of the twentieth century is more deserving of a commemorative volume than Yves Congar The present symposium commends itself by the high quality of the multinational group of scholars contributing to it Quatri me de couverture **The Church as Institution** Gregory Baum,Andrew M. Faithful to the Future Brother Emile of Taizé, 2013-11-21 Faithful to the Future examines the true nature of Christian Tradition and particularly how it implies a fidelity not only to the past but to the future as well tradition appears to be inseparable from creativity and reform Congar's sense of the future and his conviction that something very important is happening in history led him to re-emphasize forgotten dimensions of Christian tradition especially those that value the human person When Congar reflected on Church authority and how it is best exercised he was not thinking about a power that curtails freedom Seeking to rediscover what is specific to Christianity he described authority as a reality that is at the service of growth where paying attention to the unknown and the unexpected is of the utmost importance Congar was one of the greatest artisans of Vatican II and his writings are characterized by the urgent call for the reforms made necessary by a changing world and by an understanding of catholicity a sense of the Church that is not sectarian but that lives and thinks according to the whole This volume explores the four themes that are prominent in Congar's writings namely tradition reform catholicity and authority The book does not assume a detailed knowledge of Congar's writings but addresses a difficulty that is frequently encountered in the present time no one better than Yves Congar has shown that the Church is not a system
