**Six Lectures on Fundamental Truths** W. Kelly, 2022-06-22 Reprint of the original first published in 1865     The Household of God Lesslie Newbigin, 2008-12-31 This book discusses the question that the author regards as central in the present ecumenical debate the nature of the Church itself He thus describes the plan of the book The First chapter sketches the present context of the discussion and touches on the Biblical meaning of the word Church The next three chapters examine the three answers to the central question which may be roughly categorized as Protestant Catholic Pentecostal The last two chapters argue that the Church is only to be understood in a perspective that is at once eschatological and missionary the perspective of the ends of the earth Bishop Newbigin's evaluations are provocative scholarly and filled with profound passion and insight He is concerned with the searching questions men today are asking Is there in truth a family of God on earth to which I can belong a place where all men can be truly at home If so where is it to be found and how is it that those who claim to be spokesmen of that holy fellowship are themselves at war with one another as to the fundamentals of its nature I think there is no more urgent theological task than to try to give plain and simple answers This he does drawing deeply upon biblical sources     **Lectures on the Church of God** William Kelly, 2007 William Kelly 1821 1906 was an outstanding classical scholar in his generation preacher teacher editor of several influential religious magazines and of John Nelson Darby's Collected Writings and a prolific author in his own right He was a major figure in the late nineteenth century return to basic biblical teaching usually known as the Brethren movement often seen as the cradle of dispensationalism A Canadian contemporary described him as second only to Mr Darby in knowledge of the Truth and first in ability to state the Truth clearly A frequent lecturer he subsequently revised and published many of his lectures in book form His familiarity with the original languages of the Bible led to well researched expositions of both Old and New Testament books which were widely read and highly regarded by Christians in his own time and still today With a genius for exposition he combines scholarship and spirituality so that his readers gain a real sense of his unrestrained love for the Lord of whom the inspired pages of scripture speak This book considers six aspects of the Church of God formed as the body of Christ accepting the direction of the Holy Spirit responsible to Jesus as Lord engaged in worship remembrance and prayer using gifts and receiving practical resources daily in faith Accepting the absolute authority of the Word of God he opens up what the Bible has to say on each of these topics Getting to the heart of the matter in a logical way he challenges every Christian to consider the practical implications for their communion and conduct as members of the Church of God     **Six Lectures On Fundamental Truths Connected With the Church of God** William Kelly, 2025-05-22 In Six Lectures On Fundamental Truths Connected With the Church of God William Kelly delivers a series of insightful lectures exploring foundational aspects of ecclesiology Delving into the nature constitution and purpose of the church Kelly provides a detailed examination of its historical development and theological significance Originally presented in 1865 these lectures offer a valuable glimpse into
