The Church Sacraments Worship Ministry Mission:

The Church Donald G. Bloesch, 2002 In *The Church* Donald G Bloesch explores with clarity and balance the contours of ecclesiology He forthrightly takes up the most controversial of issues ranging from matters of church authority the sacraments and worship to the church's place in the plan of salvation the church and the kingdom of heaven and church reunion Evangelical in spirit ecumenical in breadth and biblical in depth Bloesch's work presents a theology of the church that calls for reformation and renewal according to the Word and Spirit of God

The church Bloesch, 2002

The Cambridge Companion to Evangelical Theology Timothy Larsen, Daniel J. Treier, 2007-04-12 Evangelicalism a vibrant and growing expression of historic Christian orthodoxy is already one of the largest and most geographically diverse global religious movements This Companion first published in 2007 offers an articulation of evangelical theology that is both faithful to historic evangelical convictions and in dialogue with contemporary intellectual contexts and concerns In addition to original and creative essays on central Christian doctrines such as Christ the Trinity and Justification it breaks new ground by offering evangelical reflections on issues such as gender race culture and world religions This volume also moves beyond the confines of Anglo American perspectives to offer separate essays exploring evangelical theology in African Asian and Latin American contexts The contributors to this volume form an unrivalled list of many of today's most eminent evangelical theologians and important emerging voices

The Church in Mission Bertil Ekström, 2016-06-01 Foundations and Global Case Studies What does it mean today to be a church totally committed to the gospel and fully engaged in God's mission What major religious and sociological trends in our world are affecting the role of the global church and local churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in

church planting and engagement of local communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church in fast growing congregations in the global South **JO-KANG'ATO** Hezron Otieno Adingo,2024-03-27 Hezron Otieno Adingo earned his PhD in Systematic Theology from Africa International University in Kenya an MA in Biblical Studies Africa International University and a Bachelor of Theology from Bugema University in Uganda He has had the opportunity to serve as a Pastor in Kenya and the United Kingdom While serving as the Ministerial Director of the South England Conference of the Seventh day Adventists he was instrumental in guiding coordinating supervising directing and leading ministerial work within the 26 counties in the United Kingdom Dr Adingo continues with his ministry of mentoring Pastors and shepherding Besides his expertise in Systematic Theology especially Ecclesiology his other areas of research interest are Church History Biblical Studies Missions Inculturation and African Christian Theology

The Evangelical Doctrine of the Church Robert Doyle,2022-08-16 This book is a disciplined introduction to ecclesiology With respect to the community which the Lord purchased with his own blood Acts 20 28 parts one and two focus on a critical exegetical presentation of the New Testament s descriptions and themes locating their treatment within two millennia of reflection and appreciating the impact of those contexts on our understanding From over ninety New Testament images chapters four to ten identify and argue for three foundational concepts ekklesia assembly soma Christou the body of Christ and koinonia hagian the communion of the saints Continuing the conversation with Scripture and its history of interpretation Robert Doyle then applies the determinative biblical themes to present practice centering it on the churches of the Evangelical and Reformed traditions Part four illuminates ecclesiology from other foundational Christian doctrines the triune God of holy love Christology our ascended human high priest and king and the doctrine of revelation the church as the pillar and bulwark of the truth The final part focuses on three possible points of transformation in ecclesial life and witness both internally and outward to the world

Pentecostal Ecclesiology Simon K.H. Chan,2019-05-21 This book argues that if the Pentecostal movement is to overcome its excessive individualism and structural instability the way forward is not more institutionalization but a coherent and robust ecclesiology based on the Pentecost event which is the coming of the Holy Spirit in his own person into the church A Pentecostal ecclesiology is essentially the working out of the ramifications of that key event The book takes a more ontological understanding of the relationship between the Spirit and the church than would Protestant and evangelical ecclesiologies In this respect it has more in common with Orthodoxy It is further argued that this realignment away from Protestantism and evangelicalism towards Orthodoxy far from removing Pentecostals from their roots actually brings them much closer to the heart of Pentecostal spirituality Outline of Christian Doctrine Wilfried

Harle,2015-04-14 In this book Wilfried Hrle so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology Outline of Christian Doctrine however is not merely a translation of Hrle s classic German text Nicholas Sagovsky has also entirely adapted the original work to the needs and resources of

English speaking readers Biblically rooted contextually sensitive alert to philosophical issues and relevant with respect to debates about the world as we know it today Hrle s Outline of Christian Doctrine An Evangelical Dogmatics is an ideal contemporary theology book for both class use and individual study **Highway to Holiness** Catherine (Cathee) Miles,2025-07-22 Holiness sometimes seems like an abstract ideal that is unattainable for believers We tend to equate doing good with being holy or seeking to eliminate things in our lives that appear unholy The beautiful aspect of God s call to holy living is that God provides the Holy Spirit the enabling conduit to the everyday practice in holy living Through this devotional Cathee helps believers understand the idea of holiness as well as theological concepts surrounding holy living such as the Trinity the Church and discipleship She encourages and challenges readers with stories of hope redemption healing forgiveness suffering and the way of the crucified life which lead to a life of wholeness and holiness in and through Jesus Christ Each day offers a reflection and contemplation of Scripture a prayer and questions of self examination The Highway to Holiness is intentional and instructional for holy living *Complementarian Spirituality* Natalie Brand,2013-10-09 In this work Dr Brand seeks to contribute a unique complementarian expression of Reformed spirituality in order to stimulate a spiritual renewal in the contemporary Reformed tradition Using a distinctively feminine approach in a theological arena largely monopolized by male theologians the author anchors corporate and personal spirituality upon the unio mystica so returning to a Calvinistic appreciation of the Christian life Grounding Reformed spirituality on the marital union between Christ and the church a corporate portrait of the church is explored Critical of the neglect of women in Reformed church life and practice the author calls the tradition to reform proposing an intentional complementarian use of women that can practically and spiritually profit the whole church body The book culminates with an initial tracing of a Reformed feminine spirituality which is pastorally relevant to women as well as encouraging a renewed experiential enjoyment of Christ for both men and women Restore Unity, Recover Identity, and Refine Orthopraxy Peter L. H. Tie,2012-01-16 Doctrine divides Not a few Christians dread doctrine especially the doctrine of the church ecclesiology that allegedly causes much confusion conflict and controversy within the church Many choose to avoid it but James Leo Garrett Jr Distinguished Professor of Theology Emeritus at Southwestern Baptist Theological Seminary is convinced that the much avoided and neglected ecclesiology is the place where the churches must begin to rediscover genuine unity identity and orthopraxy Restore Unity Recover Identity Refine Orthopraxy examines Garrett s biblical notion of the universal priesthood The priesthood concept properly understood in a communal sense integrates the mission membership ministry and management of the church This book is filled with intentional and direct conversations with more than twelve theologians or ecclesiologists from various Christian traditions Reformed Pentecostal Roman Catholic Mennonite Baptist and other Free Church in order to shed light on Garrett s believers priesthood doctrine which eventually points toward a balanced biblical and baptist ecclesiology An ecclesiology rooted in the biblical priesthood does not divide and extinguish but does unite and distinguish The

Priesthood of All Believers and the Missio Dei Henry Joseph Voss, 2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine s canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical doctrine based upon the royal priesthood of Christ and closely related to the believer s eschatological temple service and offering of spiritual sacrifices chapters 1 3 It secondly describes its catholic development by examining three paradigmatic shifts shifts especially associated with Christendom chapters 4 6 and a suppression of the doctrine s missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the missio Dei This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 Lectio Divina 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord s Supper as the renewal of the royal priesthood *Baptists and the Christian Tradition* Matthew Y. Emerson, Christopher W. Morgan, R. Lucas

Stamps, 2020-06-15 In *Baptists and the Christian Tradition* editors Matthew Emerson Christopher Morgan and Lucas Stamps compile a series of essays advocating Baptist catholicity This approach presupposes a critical but charitable engagement with the whole church both past and present along with the desire to move beyond the false polarities of an Enlightenment based individualism on the one hand and a pastiche of postmodern relativism on the other *The Last Things* Donald G.

Bloesch, 2010-03-23 In *The Last Things* Donald G Bloesch takes up difficult and sometimes controversial themes such as the coming of the kingdom of God the return of Jesus Christ the life hereafter the millennial hope the final judgment hell heaven purgatory and paradise Wrestling with biblical texts that often take metaphorical form Bloesch avoids rationalistic reductionism as well as timid agnosticism While he acknowledges mystery and even paradox Bloesch finds biblical revelation much more than sufficient to illuminate the central truths of a Christian hope articulated throughout the history of the church *The Last Things* is not just a review of past Christian eschatology but a fresh articulation of the grace and glory of God yet to be consummated The triumph of the grace of Jesus Christ and the dawning of hope beckon us to reach out in the power of the Spirit to receive that blessed future and the promise to renew the life of the church universal today

Christian Theology for a Secular Society Mark G. McKim, 2008-01-01 It s hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society* In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most

Christianity simply does not form an overarching system of meaning that shapes life. Instead, life is lived largely without reference to God. And to live any other way is often hard. In this volume, Mark McKim sets out to do theology in this context. How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing? What does it mean to be the church in this new situation? Throughout, McKim asks the question: so what as he relates Christian teachings to a secular society and to what is actually happening in the local church? McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society.

Exploring Ecclesiology Brad Harper, Paul Louis Metzger, 2009-03. This evangelical and ecumenical ecclesiology survey text provides a comprehensive biblical, historical, and cultural perspective and addresses contemporary issues in church life.

Evangelical Versus Liturgical? Melanie Ross, 2014-07-02. In this book, Melanie Ross presents a current description of evangelical worship, bringing together liturgical scholarship and theological scholarship on American evangelicalism. She draws on historical analysis, systematic theology, and the worship life of two vibrant congregations to argue that the common ground shared by evangelical and liturgical churches is much more important than the differences that divide them. From publisher's description.

Foundations of Theology John Peter Lewis, 2022-07-15. *Foundations of Theology* is a unique systematic theology constructed from a review and consideration of biblical, historical, primarily the early church, the Reformation, and revivals, and contemporary sources. Significantly, the theology of Ellen White is referred to in most sections and is considered the foundation source for other inclusions. Furthermore, *Foundations of Theology* is a contemporary theology that is profoundly Arminian and Wesleyan but also refers to Martin Luther, John Calvin, and Karl Barth. It is intended for a broad audience, being academic in its referencing but accessible in its discussion.

Landscape of the Soul W. Vance Grace, 2020-05-20. The North American church is struggling. Our society seems to be coming apart at the seams, and Christianity appears on the verge of losing its voice, its leadership, and its youth. The church's calling is to cooperate with her Creator in the repair of the world. Instead, we struggle in the loss of the simplicity of the natural images of Jesus, which compel us to engage tension, dependency, and the lesson of being on the margins. Until we learn to take our cues from a world we did not build, our actions will continue to prop up a society struggling from the weight of its own ethos. Part history, part cultural dialogue, part travelogue, always in conversation with the ancient and compelling biblical vision of shalom, *Landscape of the Soul* will encourage you to see beyond the shells of your constructed world to those places where dynamic spiritual rhythms can still be found.

Principled Worship Sam Hamstra, 2006-10-25. In this volume, Sam Hamstra, a veteran resident pastor responsible for planning worship catalogues, describes twenty-nine biblical principles that, to one degree or another, shape the weekly gathering of those Christian congregations who wish to worship in a manner consistent with the Scriptures and coherent with their particular theologies. In so doing, he not only rises above denominational labels; he also tells the story of the process of liturgical renewal within his congregation. This clear and concise work is at once scholarly

and practical traditional and contemporary biblical and relevant The book is written for clergy and laity alike who together long for relevant liturgies faithful to scripture
