The Citizen Handbook James E. Davis, Sharryl Davis, 2001-11-01. A handbook on citizenship in America. Two questions the authors addressed in developing it were: how can we make the information useful for everyone regardless of where they live, and how can we make students familiar with the information the book contains and answer the everyday questions they will confront as citizens? To answer these questions, the authors made this volume interactive, a format in which students help write the book. Students can complete the volume by answering questions and filling in their responses. With sections on the duties and roles of the citizen, worker, consumer, and individual or family member, this volume contains the basic information necessary for day to day survival as a new citizen of the USA. The book is only available in packs of ten.
