Washington, D.C. in Vintage Postcards Gayle Floyd,2005 Created as a Federal City over two centuries ago Washington D C was designed by architect Pierre L Enfant on land purchased by the government from Maryland and Virginia L Enfant s vision of wide tree lined avenues mixed with modifications by the McMillan Commission in the early 1900s and exemplified by many other architects and sculptors has evolved into a unique fast paced and politically focused Capital City of the United States of America      Lost Washington, D. C. John DeFerrari,2016-12-05 The author of the popular blog The Streets of Washington shares new vignettes and reader favorites exploring the colorful history of America s capitol In Lost Washington D C John DeFerrari investigates the bygone institutions and local haunts of the nineteenth and twentieth centuries Washington may seem eternal and unchanging with its grand avenues and stately monuments but longtime locals and earlier generations knew a very different place Discover the Washington of lavish window displays at Woodies supper at the grand Raleigh Hotel and a Friday night game at Griffith Stadium From the raucous age of burlesque at the Gayety Theater and the once bustling Center Market to the mystery of Suter s Tavern and the disappearance of the Key mansion in Georgetown DeFerrari recalls the lost city of yesteryear      *Cassell's Illustrated History of England* ,1857      *An Illustrated History of North Idaho* ,1903 History of settlers as well as Indians in the northern counties of Idaho including extensive biographical sketches of prominent citizens      *Historic Resource Study* William Bushong,1990      John Cassell's Illustrated History of England John Frederick Smith,1861      *The Center* Christina K. Schaefer,1996 This book s aim is simple to identify resources in the Washington DC area that will aid family historians in tracing their ancestors In meeting that goal it shows the researcher precisely what genealogical resources are available in the nation s capital and where they can be found More than a tool this book is a resource in itself      **Appletons' Cyclopaedia of American Biography** James Grant Wilson,John Fiske,1888      *Washington Schleppe Here* Christopher Buckley,2007-12-18 The father of our country slept with Martha but schlepped in the District Now in the great man s footsteps comes humorist and twenty year Washington resident Christopher Buckley with the real story of the city s founding Well not really We re just trying to get you to buy the book But we can say

with justification that there's never been a more enjoyable funny and informative tour guide to the city than Buckley. His delight as he points out things of interest is contagious and his frequent digressions about his own adventures as a White House staffer are often hilarious. In *Washington Schlepped Here* Buckley takes us along for several walks around the town and shares with us a bit of his other Washington. They include Dante's Paradiso, Union Station, the Zero Milestone of American democracy, the U.S. Capitol, the Almost Pink House, the White House, and many other historical and often hysterical journeys. Buckley is the sort of wonderful guide who pries loose the abalone-like clichés that cling to a place as mythic as D.C. Wonderfully insightful and eminently practical, *Washington Schlepped Here* shows us that even a city whose chief industry is government bureaucracy is a lot funnier and more surprising than its media-ready image might let on.
