*The Collected Poetry of Aldous Huxley* Aldous Huxley, 1971      **The Collected poetry of Aldous Huxley** Aldous Huxley, 1971      *Aldous Huxley Annual* Jerome Meckier, Bernfried Nugel, 2006-05-12 This and the next Annual feature a collection of Aldous Huxley's early essays in art criticism for the most part published anonymously The present issue focuses on Huxley's critical approach to painting particularly to Modernist works Part I The forthcoming Annual will concentrate on Huxley's appraisal of architecture applied arts and sculpture in the 1920s Part II Bernfried Nugel is head of the Centre for Aldous Huxley Studies at the English Seminar of the University of Muenster Germany Jerome Meckier is a researcher at the University of Kentucky and at the Centre for Aldous Huxley Studies at the English Seminar of the University of Muenster

**Aldous Huxley** Harold Bloom, 2009 A collection of critical essays on Aldous Huxley and his work      *Aldous Huxley* Milton Birnbaum, 2017-07-05 In the moral vacuum and world of shifting values following World War I Aldous Huxley was both a sensitive reflector and an articulate catalyst This work provides a highly illuminating analysis of Huxley's evolution from skeptic to mystic As Milton Birnbaum shows in a perceptive interpretation of Huxley's poetry fiction essays and biographies what evolved in Huxley's moral and intellectual pilgrimage was not so much a change in direction as a shift in emphasis Even in the sardonic Huxley of the 1920s and 1930s there is a moral concern In the later Huxley there are traces of the satirical skepticism which delighted his readers in the decades preceding World War II A man of letters a keen observer seeker of new ways while profoundly knowledgeable in the truths of ancient wisdom Huxley tried to achieve a symbiotic synthesis of the best of all worlds In clarifying and interpreting Huxley's intellectual moral and philosophical development Birnbaum touches upon all the subjects that came under the scrutiny of a singularly encyclopedic mind This book is of great worth to those interested both in Huxley the brilliant satirist and in Huxley the seeker of salvation In his search Huxley typified the modern quest for values Milton Birnbaum's study is an invaluable guide in that journey His new introduction takes account of research and analysis of Huxley that has occurred since this book's original publication      *Aldous Huxley Annual* Bernfried Nugel, Jerome Meckier, 2008-07-14 *Aldous Huxley Annual* is the official organ of the Aldous Huxley Society at the Centre for Aldous Huxley Studies in Munster Germany It publishes essays on the life times and interests of Aldous Huxley and his circle It aspires to be the sort of periodical that Huxley would have wanted to read and to which he might have contributed This issue continues the previous volume's collection of Aldous Huxley's early essays in art criticism for the most part published anonymously It focuses on Huxley's critical approach to architecture applied arts and sculpture Other contributions deal with Lady Chatterley's Lover with myth history and utopianism as well as with Huxley's literary remains      **Aldous Huxley and Alternative Spirituality** Jake Poller, 2019-08-12 *Aldous Huxley and Alternative Spirituality* offers an incisive analysis of the full range of Huxley's spiritual interests spanning both mysticism neo Vedanta Taoism Mahayana and Zen Buddhism and Western esotericism mesmerism spiritualism the paranormal Jake Poller examines how Huxley's shifting spiritual convictions

influenced his fiction such as his depiction of the body and sex and reveals how Huxley's use of psychedelic substances affected his spiritual convictions resulting in a Tantric turn in his work Poller demonstrates how Huxley's vision of a new alternative spirituality in *Island* in which the Palanese select their beliefs from different religious traditions anticipates the New Age spiritual supermarket and traces the profound influence of Huxley's ideas on the spiritual seekers of the twentieth century and beyond *Aldous Huxley Annual. Volume 12/13 (2012/2013)* Bernfried Nugel, Jerome Meckier, 2014-11-20

Volume 12-13 of the *Aldous Huxley Annual* begins with a discussion of a lecture Huxley gave in Italian an appraisal of his never completed project of a novel on Catherine of Siena and his recently re-discovered drawings for *Leda* Further critical articles on particular aspects of Huxley's work follow together with the second Peter Edgerly Firchow Memorial Prize Essay by Hisashi Ozawa of King's College London A painting by Carolyn Mary Kleefeld ushers in the second part of the book which contains a selection of papers from the Oxford Symposium held in 2013 Series *Aldous Huxley Annual Vol 12-13 Subject Literary Criticism Art* *Aldous Huxley Between East and West*, 2021-11-01

Although the title of this volume is *Aldous Huxley between East and West* the order of the articles found within goes from West to East which naturally imitates Huxley's own progress especially since he went to the trouble of stepping out as far West as possible before starting for the East Indeed one could argue that he was already on his way there before he left for California a continuous journey perhaps since from the Californian shores of the Pacific the East is the further West After the Introduction which places Huxley between East and West the book starts with a consideration of Huxley's family connections then goes onto his earliest fictions his interest in science and the issue of modernity and his experiments with drama and their inherent philosophical concerns The poetry with which he began his writing career is then viewed as a link between his earlier Western self and his later Oriental interests suggesting that the latter was always inherent in the former A number of considerations of the Utopian themes in Huxley's middle and later fiction leads the volume to a climax with four articles surveying the foibles and the wisdom of Huxley's encounter with Eastern religious thought and philosophy his misunderstandings as well as ours of what actually he had learned and wished to pass on to the Western world *Aldous Huxley, from Poet to Mystic* Jerome Meckier, 2011

*Aldous Huxley* began as a poet He perfected the voice of the modern satirical poet of ideas who used art against itself to produce a parodic poetry of breakdowns collapses stalemates and dead ends best suited to the apparent pointlessness of the post war era His cleverest most irreverent poems are contrapuntal they in effect silence venerable poets and cancel traditional formats Huxley's poetic personas either fail to preserve conventional forms or purposely sabotage them By 1920 Huxley became the parodic equivalent of the formative intelligences i.e. Dante Goethe and Lucretius who once synthesized their respective eras positively In this book author Jerome Meckier explicates most of Huxley's poems including *Leda* his masterpiece an ironical modern myth Meckier traces Huxley's development in terms of the poets he inserted in five of his eleven novels along with their poems These poets mostly fail as poets their different stances falling apart one after another

But Huxley began to detect a spiritual significance underlying the creative urge. This allowed him to rehabilitate many of the Romantic and Victorian poets he formerly ridiculed as frauds and liars. Eventually he celebrated mystical contemplation as silent poetry positing a utopia in which everyone is a poet to the limits of his or her potentiality. Huxley became the perennial philosopher a neo Brahmin the sage like figure he initially personified parodically. His paradigmatic career took him from a Pyrrhonic silencing of outmoded poems and poets to the advocacy of a poetry of silence.

Series Human Potentialities Studien zu Aldous Huxley zeitgenössischer Kultur Studies in Aldous Huxley Contemporary Culture Vol 11     [Selected Poems](#) Aldous Huxley, 2021-11-05 This book is written by the nine time nominated Nobel Prize in Literature author Aldous Huxley who is well known for his dystopian novel Brave New World. In this publication Huxley presents us with his collection of poems vividly describing nature's wonders featuring titles such as The Elms The Flowers and Anniversaries     **The Defeat of Youth, and Other Poems** Aldous Huxley, 2019-11-22 In The Defeat of Youth and Other Poems Aldous Huxley presents a poignant exploration of the transitory nature of youth and the poignant realities of human existence. Through a blend of modernist literary techniques and evocative imagery Huxley's verse delves into themes of time loss and the contradictions of modern life. The collection reflects the philosophical undercurrents of the early 20th century marrying emotion with intellectual rigor and illustrating Huxley's linguistic dexterity that can oscillate between the profound and the accessible. The poems often exhibit a lyrical quality marked by their contemplative tone and introspective observations that resonate with the reader's own experiences of aging and disillusionment. Aldous Huxley best known for his novel Brave New World was a polymath whose diverse interests in philosophy psychology and spirituality fundamentally shaped his literary output. His own grappling with the implications of modernity and existential thought is evident throughout this poetry collection. The themes encapsulated in these works reflect Huxley's concerns regarding the impact of industrialization and societal expectations on individual identity perhaps informing his descent into the intricate landscapes of emotional and metaphysical inquiry. Readers seeking a profound meditation on life's ephemeral beauty and the inevitable passage of time will find The Defeat of Youth and Other Poems an enlightening addition to their literary journey. Huxley's philosophical musings woven into evocative lyricism encourage reflection on the human condition making this collection a compelling read for poetry enthusiasts and scholars alike.

**1945** Alba Amoia, Bettina L. Knapp, 2001-10-30 The final decades of the 20th century have seen an explosion of interest in multiculturalism But multiculturalism is more than an awareness of the different cultures comprising contemporary societies For centuries people from around the world have come in contact with cultures other than their own and their exposure to multiple cultures has fostered their creativity and ability to make lasting contributions to civilization The effects of multiculturalism are especially apparent in literature since writers tend to be particularly aware of their environments and record their experiences This reference includes alphabetically arranged entries for more than 100 world writers from antiquity to 1945 who were significantly influenced by cultures other than their own Included are entries for major canonical Ancient and Modern writers of the Western and Eastern worlds Each entry is written by an expert contributor and includes a brief biography a discussion of multicultural themes and contexts a summary of the writer's critical reception and primary and secondary bibliographies By illuminating the shaping influence of multiculturalism on these writers the volume points to the lasting value of multiculturalism in the contemporary world

*Aldous Huxley's Early Writings Including (complete and Unabridged) Crome Yellow, The Burning Wheel, The Defeat of Youth and Other Poems and Mortal Coils* Aldous Huxley, 2015-04-25 Crome Yellow is Huxley's first novel published in 1921 It is a British manor satire where almost nothing happens even less than normal for this genre The characters are immaculately presented and manage to express immense profundity in tiny conversations The writing is wonderful and each turn of phrase is a gem Huxley's genius shines through the book It is hilarious wry and erudite The Burning Wheel is Huxley's first collection of Poetry published in 1916 before any of his novels He was not allowed to fight in the Great War due to his very poor eyesight and so it is unsurprising that many of the thirty poems in this collection deal with light sight and war These poems show the Young Huxley at his most optimistic even sentimental although this is tempered by a second voice that of an ironic modern commentator The Defeat of Youth and Other Poems is Huxley's second book published in 1918 There are thirty five poems and it starts with a poem that a contemporary called the century's most successful sonnet sequence better than Auden's or Edna St Vincent Millay's Mortal Coils is a collection of five short stories published in 1922 all of which are highly amusing and brilliantly written by the young Huxley
