Paley Collection William Rubin, Matthew Armstrong, 2012 William S Paley founder of CBS Inc and a towering figure in the development of entertainment and communications industries was also a committed collector and patron of modern art This book catalogues the highly personal collection of paintings sculptures prints and drawings by such artists as Paul C zanne Paul Gauguin Henri Matisse Pablo Picasso and others that he bequeathed to the Museum of Modern Art Back cover *The Hogg Family and Houston* Kate Sayen Kirkland, 2012-09-21 Progressive former governor James Stephen Hogg moved his business headquarters to Houston in 1905 For seven decades his children Will Ima and Mike Hogg used their political ties social position and family fortune to improve the lives of fellow Houstonians As civic activists they espoused contested causes like city planning and mental health care As volunteers they inspired others to support social service educational and cultural programs As philanthropic entrepreneurs they built institutions that have long outlived them the Houston Symphony the Museum of Fine Arts Memorial Park and the Hogg Foundation The Hogg family had a vision of Houston as a great city a place that supports access to parklands music and art nurtures knowledge of the American heritage which unites us and provides social service and mental health care assistance This vision links them to generations of American idealists who advanced a moral response to change Based on extensive archival sources *The Hogg Family and Houston* explains the impact of Hogg family philanthropy for the first time This study explores how individual ideals and actions influence community development and nurture humanitarian values It examines how philanthropists and volunteers mold Houston s traditions and mobilize allies to meet civic goals It argues that Houston s generous citizens have long believed that innovative cultural achievement must balance aggressive economic expansion Unprecedented Power Steven Fenberg, 2013-12-06 In this poignant and timely biography *Unprecedented Power* Jesse Jones Capitalism and the Common Good shows how the Reconstruction Finance Corporation RFC saved the United States economy during the Great Depression and militarized industry in time to win World War II RFC strategies and Jesse Jones s approaches can be adapted now to address the impacts of the new coronavirus and climate change President Herbert Hoover had established the RFC in 1932 to make loans to banks railroads and insurance companies and appointed Jesse Jones Houston s preeminent developer and a former finance chair of the Democratic National

Committee to the bipartisan board With clear implications today Jones complained the RFC was slow and a year late and said if it had judiciously loaned five to seven billion dollars in 1931 and 32 economic collapse would have been prevented Soon after his inauguration President Franklin Roosevelt supercharged the RFC made Jones chair and the government agency began buying preferred stock in banks to stabilize and help them lend again Jones knew capital rather than debt was needed to save the banks and revive the flow of credit just as it was when the program was duplicated in 2008 as the Troubled Asset Relief Program better known as TARP Under Jones's leadership the RFC became the largest investor in the nation and rescued banks businesses homes and farms saved the railroads rebuilt communities after environmental calamities built bridges dams and aqueducts across the nation and brought electricity and appliances to rural America The RFC helped people and saved businesses during the Great Depression through judicious lending not spending and remarkably returned a profit to the government and its taxpayers As war spread Jones and FDR shifted the RFC's focus from domestic economics to global defense In its second cover story about Jones TIME magazine reported In all the U S today there is only one man whose power is greater Franklin Roosevelt The President knows Congress will give more to Jones without debate than he can get after a fight Emperor Jones is the greatest lender of all time Accordingly after Germany's European victories Congress on June 25 1940 gave Jones and the RFC the authority to build buy and lease plants to develop and manufacture metals ships airplanes tanks and guns to train aviators and with FDR's approval to do anything required to arm the Allied Forces Almost half of its outsized investments went to corporations to help convert their production to war time needs One of its largest new plants the Dodge Chicago plant covered 145 acres and took in raw metal at one end and produced finished airplane engines at the other Like all its new factories the plant was built and owned by the federal government's RFC leased to corporations to operate and sold to private interests after the war Likewise coordinated national large scale efforts and government investments can be made to address today's daunting challenges Unprecedented Power dramatically describes how Jesse Jones and the RFC used every option to save life democracy and capitalism during two of the 20th century's most threatening events Unprecedented Power provides models for today by looking at successes from the past

Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet Cezanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this
