The Collegians 1829:

The Cambridge History of English Literature: The nineteenth century. III Sir Adolphus William Ward, Alfred Rayney Waller, 1916 **Catholic Emancipations** Emer Nolan, 2007-10-15 This groundbreaking book explores the role 19th century Irish Catholic authors played in forging the creation of modern Irish literature As such it offers a unique tour of Ireland's literary landscape from early origins during the Catholic political resurgence of the 1820s to the transformative zenith wrought by James Joyce's *Ulysses* in 1922 Emer Nolan observes that contemporary Irish literature is steeped in the ambitions and internal conflicts of a previously captive Irish Catholic culture that came into its own with the narrative art form He revisits with keen insights the prescient and influential songs poems and prose of Thomas Moore He also points out that Moore's wildly successful work helped create an audience for authors to come i e John and Michael Banim William Carleton and the popular novelists Gerald Griffin and Charles Kickham An innovative aspect of this study is the author's exploration of the relationship between James Joyce and Irish culture and his nineteenth century Irish Catholic predecessors and their political and national passions It is in effect a telling look at the future history of Irish fiction **Outlines of Victorian Literature** Hugh Walker, Mrs Hugh Walker, 2011-11-18 This volume is a clearly worded and accessible introduction to the subject of Victorian literature **Irish Novelists and the Victorian Age** James H. Murphy, 2011-01-13 This is the first comprehensive study of the neglected Irish writers of the Victorian age whose work was highly popular with the British reading audience and therefore disparaged and largely forgotten from the era of W B Yeats and the Irish Literary Revival with its culturally nationalist agenda onwards It is based on a reading of around 370 novels by 150 authors including William Carleton the peasant novelist who wielded much influence and Charles Lever whose serious work was destroyed by the slur of rollicking as well as Joseph Sheridan LeFanu George Moore Emily Lawless Somerville and Ross Bram Stoker and three of the leading authors from the new woman movement Sarah Grand Iota and George Egerton James H Murphy examines their writing in a variety of contexts the political economic and cultural developments of the time the vicissitudes of the reading audience the realities of a publishing industry that was for the most part London based the often difficult circumstances of the lives of the novelists and the ever changing genre of the novel itself to which Irish authors often made a contribution Politics history religion gender and particularly land over which nineteenth century Ireland was deeply divided featured as key themes for fiction Finally the book engages with the critical debate of recent times concerning the supposed failure of realism in the nineteenth century Irish novel looking for deeper causes than have hitherto been offered and discovering occasions on which realism turned out to be possible **The Collected Works of W.B. Yeats Vol. VI: Prefaces and Introductions** William Butler Yeats, 2008-06-30 Prefaces and Introductions Volume VI of The Collected Works of W B Yeats brings together for the first time thirty two introductions by Yeats to the works of such literary greats as William Blake J M Synge Lady Gregory Oscar Wilde Oliver St John Gogarty Lionel Johnson and Rabindranath Tagore The introductions which
