The Colonial Office, 1868-1892 Brian L. Blakeley, 1972 The Colonial Office List for ... Great Britain. Colonial Office, 1905 *The Making of British Colonial Development Policy 1914-1940* Stephen Constantine, 2005-08-05 First published in 1984 Routledge is an imprint of Taylor Francis an informal company **Mammon and the Pursuit of Empire Abridged Edition** Lance Edwin Davis, Robert A. Huttenback, 1988-06-24 Historians have so far made few attempts to assess directly the costs and benefits of Britain's investment in empire This book presents answers to some of the key questions about the economics of imperialism how large was the flow of finance to the empire How great were the profits on empire investment What were the social costs of maintaining the empire Who received the profits and who bore the costs The authors show that colonial finance did not dominate British capital markets returns from empire investment were not high in comparison to earnings in the domestic and foreign sectors there is no evidence of continued exploitative profits and empire profits were earned at a substantial cost to the taxpayer They depict British imperialism as a mechanism to effect an income transfer from the tax paying middle class to the elites in which the ownership of imperial enterprise was heavily concentrated with some slight net transfer to the colonies in the process **Protectorate Cyprus** Gail Dallas Hook, 2015-02-17 A strategic outpost in the Eastern Mediterranean Cyprus was vital to British imperial ambitions in the East as the Ottoman Empire grew increasingly fragile in the nineteenth century Here Gail Dallas Hook describes the British occupation of Cyprus from 1878 to 1914 during which British government science and capital investment were installed alongside a new British colonial community building British Cyprus long before the island became a formal part of the British Empire Protectorate Cyprus further demonstrates how the British attempted to bring good government to Cyprus yet failed to resolve the issues of Muslim and Greek Orthodox divisions It is a unique representation of Britain's informal empire before World War I that has been little studied Protectorate Cyprus is a crucial addition to the history of the British Empire **Deforestation in Ghana** Michael S. Asante, 2005-09-07 Deforestation in Ghana is a research based analytical study that explains the disconnect between the declared deforestation policy intentions and their outcomes in Ghana Intended as a case study of the renewable resources policy process in developing economies this book provides complete information and clarification about the phenomenon of continued deforestation in Ghana in spite of the long history of policies and actions to control it Author Michael Asante's detailed in depth analysis of historical political economic and cultural factors and events fully explain the unending destruction of the forests in Ghana He provides experts students and all others with rational practical answers and recommendations for this lingering problem **Rome in Australia: The Papacy and Conflict in the Australian Catholic Missions, 1834-1884 (set 2 volumes)** Christopher Dowd, 2008-07-30 The founding of the Catholic missions in Australia coincided with the defining drift of power and prestige within the nineteenth century Church This was a period of chronic dissension among Australia's Catholic communities powerfully drawn by the ultramontane impulse and political manoeuvring

to refer their problems to the Pope Roman bureaucratic control exercised through the Sacred Congregation de Propaganda Fide was the single most important factor in the resolution of these problems and consequently in the determinative shaping of the colonial Australian Church Based on extensive archival research this study explores issues of process politics and personality in the formulation of papal policy towards a part of the world that could not be more distant from Rome The British Empire Philippa Levine, 2013-11-04 This is a broad survey of the history of the British Empire from its beginnings to its demise It offers a comprehensive analysis not just of political events and territorial conquests but paints a picture of what life was like under colonial rule both for those who ruled and for those whose countries came under British authority There has been a lively debate in recent years about whether empires generally are good or bad things and the British Empire has been very much at the centre of that debate with a number of voices arguing that it was a kinder gentler Empire than its rivals This book speaks specifically to that debate and also to a second and equally vigorous debate about whether anyone in Britain actually cared about the possession of an Empire *Lord Dufferin, Ireland and the British Empire, c. 1820-1900* Annie Tindley, 2021-03-29 This book explores the life and career of Frederick Temple Hamilton Temple Blackwood 1st Marquess of Dufferin and Ava 1826-1902 Dufferin was a landowner in Ulster an urbane diplomat literary sensation courtier politician colonial governor collector son husband and father The book draws on episodes from Dufferin's career to link the landowning and aristocratic culture he was born into with his experience of governing across the British Empire in Canada Egypt Syria and India This book argues that there was a defined conception of aristocratic governance and purpose that infused the political and imperial world and was based on two elements the inheritance and management of a landed estate and a well defined sense of rule by the best It identifies a particular kind of atmosphere of empire and aristocracy one that was riven with tensions and angst as those who saw themselves as the hereditary leaders of Britain and Ireland were challenged by a rising democracy and in Ireland by a powerful new definition of what Irishness was It offers a new perspective on both empire and aristocracy in the nineteenth century and will appeal to a broad scholarly audience and the wider public **The Dominions Office and Colonial Office List ...**, 1909 *The Home Office, 1848-1914, from Clerks to Bureaucrats* Jill Pellew, 1982 Examines the changing social and educational backgrounds functions of the British civil servant especially after the reforms following the Northcote Trevelyan report Considers the structure of the department and the Home Office's alleged failure to effectively respond to contemporary social and political needs **Governors and Settlers** M. Francis, 1992-03-03 In nineteenth century settler colonies such as Upper Canada New South Wales and New Zealand governors not only administered they stood at the head of colonial society and ordered the festivities and ceremonies around which colonial life centred Governors were expected to be repositories of political wisdom and constitutional lore *Governors and Settlers* explores the public and private beliefs of governors such as Sir Thomas Brisbane Sir John Colborne Sir George Grey and Lord Elgin as they struggled to survive in colonial cultures which both deified and vilified their personal qualities

Florence Nightingale on Health in India Florence Nightingale, Lynn McDonald, Gérard Vallée, 2006-11-27

Florence Nightingale is famous as the lady with the lamp in the Crimean War 1854-56 There is a massive amount of literature on this work but as editor Lynn McDonald shows it is often erroneous and films and press reporting on it have been even less accurate The Crimean War reports on Nightingale's correspondence from the war hospitals and on the staggering amount of work she did post-war to ensure that the appalling death rate from disease higher than that from bullets did not recur This volume contains much on Nightingale's efforts to achieve real reforms

invent postliberal forms of political subjecthood *Florence Nightingale on Health in India* Gérard Vallée, 2006-11-27

Volume 9 *Florence Nightingale on Health in India* is the first of two volumes reporting Nightingale's forty years of work to improve public health in India. It begins with her work to establish the Royal Commission on the Sanitary State of the Army in India for which she drafted questionnaires, analyzed returns, and did much of the final writing going on to promote the implementation of its recommendations. In this volume, a gradual shift of attention can be seen from the health of the army to that of the civilian population. Famine and epidemics were frequent and closely interrelated occurrences. To combat them, Nightingale recommended a comprehensive set of sanitary measures and educational and legal reforms to be overseen by a public health agency. Skilful in implementing the expertise, influence, and power of others, she worked with her impressive network of well-placed collaborators, having them send her information and meet with her back in London. The volume includes Nightingale's work on the royal commission itself, related correspondence, numerous published pamphlets, articles, and letters to the editor, and correspondence with her growing network of viceroys, governors, of presidencies, and public health experts. Working with British collaborators, she began this work; over time, Nightingale increased her contact with Indian nationals and promoted their work and associations. Currently, Volumes 1 to 11 are available in e-book version by subscription or from university and college libraries through the following vendors: Canadian Electronic Library, Ebrary, MyiLibrary, and Netlibrary.
