Hardin,2017-11-08 The fifteenth century discovery of Plautus s lost comedies brought him for the first time since antiquity the status of a major author both on stage and page It also led to a reinvention of comedy and to new thinking about its art and potential This book aims to define the unique contribution of Plautus detached from his fellow Roman dramatist Terence and seen in the context of that European revival first as it took shape on the Continent The heart of the book with special focus on English comedy ca 1560 to 1640 analyzes elements of Plautine technique during the period as differentiated from native and Terentian considering such points of comparison as dialogue asides metadrama observation scenes characterization and atmosphere This is the first book to cover this ground raising such questions as How did comedy rather suddenly progress from the interludes and brief plays of the early sixteenth century to longer more complex plays What did Plautus mean to playwrights and readers of the time Plays by Shakespeare Jonson and Middleton are foregrounded but many other comedies provide illustration and support      *The Comedies, Histories, Tragedies and Poems* William Shakespeare,1853      The Life and Writings of George Gascoigne Felix Emmanuel Schelling,1893      *Speaking in Tongues* Marvin Carlson,2010-04-23 *Speaking in Tongues* presents a unique account of how language has been employed in the theatre not simply as a means of communication but also as a stylistic and formal device and for a number of cultural and political operations The use of multiple languages in the contemporary theatre is in part a reflection of a more globalized culture but it also calls attention to how the mixing of language has always been an important part of the functioning of theatre The book begins by investigating various levels of language high and low style prose and poetry and the ways in

which these have been used historically to mark social positions and relationships It next considers some of the political and historical implications of dialogue theatre as well as theatre that literally employs several languages from classical Greek examples to the postmodern era Carlson treats with special attention the theatre of the postcolonial world and especially the triangulation of the local language the national language and the colonial language drawing on examples of theatre in the Caribbean Africa Australia and New Zealand Finally Carlson considers the layering of languages in the theatre such as the use of supertitles or simultaneous signing Speaking in Tongues draws important social and political conclusions about the role of language in cultural power making a vital contribution to the fields of theatre and performance Marvin Carlson is Sidney E Cohn Professor of Theatre and Comparative Literature CUNY Graduate Center He is author of Performance A Critical Introduction Theories of the Theatre A Historical and Critical Survey from the Greeks to the Present and The Haunted Stage The Theatre as Memory Machine among many other books

**Renaissance Rewritings** Helmut Pfeiffer, Irene Fantappiè, Tobias Roth, 2017-09-25 Rewriting is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship In order to contribute to a further reassessment of such a notion this volume investigates a wide range of medieval and early modern literary transformations especially focusing on texts and contexts of Italian and French Renaissance literature The first section of the book Rewriting gathers essays which examine medieval and early modern rewritings while also pointing out the theoretical implications raised by such texts The second part Rewritings in Early Modern Literature collects contributions which account for different practices of rewriting in the Italian and French Renaissance for instance by analysing dynamics of repetition and duplication verbatim reproduction and free reworking textual production and authorial self fashioning alterity and identity replication and multiplication The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542 Essere modernamente antichi e anticamente moderni
