The Christian Story A Narrative Interpretation Of Basic Christian Doctrine:

The Christian Story Gabriel Fackre, 1996 An original work in systematic theology The Christian Story rises from and strives to be a resource to the life and witness of the church and its leadership In addition to covering the standard teachings of Christianity the doctrines of God creation the fall covenant Christ salvation church and consummation Volume 1 presents Fackre s introduction to systematic theology This revised third edition develops in more detail the doctrine of the Trinity takes up the issues of religious pluralism and Jewish Christian dialogue and offers a perspective on angelology New appendices discuss inclusive language and describe the surge of writing in the field of systematic theology The Christian Story Gabriel Fackre, 1978 *The Promise of Narrative Theology* George W. Stroup, 1997-09-18 This book is an experiment in systematic theology It is an attempt to see if a particular interpretation of Christian narrative speaks to the situation of Christians in affluent western cultures a context in which Christian identity is increasingly problematic Stroup s work purposes to determine if the use of narrative in theology casts any new light on what Christians mean by revelation the doctrine some Christian theologians have appealed to as the basis for what Christians know and confess about God

Feminist Reconstructions of Christian Doctrine Kathryn Greene-McCreight, 2000-03-09 What is the relationship between feminist theology and classical Christian theology Is feminist theology Christian and if so in what respect and to what extent This study seeks to analyze and evaluate the relation of feminist reconstructions to traditional Christian teaching Greene McCreight uses the extent to which the biblical depiction of God is allowed to guide theological hermeneutics as a test of orthodoxy She looks at the writings of a wide range of contemporary feminist theologians discusses their doctrinal patterns and demonstrates how the Bible is used in undergirding their theological reconstructions **A Guide to**

Contemporary Hermeneutics Donald K. McKim, 1999-05-25 Acknowledging that hermeneutics has become an increasingly important major focus in theological study Donald McKim s A Guide to Contemporary Hermeneutics presents a series of essays by various writers assessing current hermeneutical approaches and methods of biblical hermeneutics from their own personal experience **The Bible in Theology and Preaching** Donald K. McKim, 1999-05-05 A Grammar of Christian

Faith Joe R. Jones, 2002-06-03 A Grammar of Christian Faith is a two volume set that aims to confront the widespread disarray in the language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the

benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation

A Critical Examination of the Doctrine of Revelation in Evangelical Theology Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash's study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward

Most Moved Mover Clark H. Pinnock, 2019-10-01 In 1994 Clark Pinnock along with four other scholars published *The Openness of God* which set out a new evangelical vision of God one centered on his open relational and responsive love for creation Since then the nature of God has been widely discussed throughout the evangelical community Now Pinnock returns with *Most Moved Mover* to once again counter the classical deterministic view

of God and defend the relationality and openness of God This engaging defense of openness theology begins with an analysis of the current debate followed by an explanation of the misconceptions about openness theology and a delineation of areas of agreement between classical and openness theologians Most Moved Mover is for all evangelicals regardless of their viewpoint as it lays out the groundwork for future discussions of the open view of God Text and Context Melanie Baffes,2018-10-24 As biblical hermeneutics moves increasingly toward the inclusion of vernacular approaches to the text understandings of the Bible based on culture context and human experience many communities of faith around the world are contributing their voices to the conversation of global Christianity This volume explores reading methods and text interpretations of believers in South Africa the Caribbean Spain the Netherlands the United States India Kenya Fiji Japan the United Kingdom New Zealand and Nigeria revealing the ways various faith communities read the Bible contextually Essays in this volume also illustrate the impact of the biblical text in people s lives on their understandings of oppression identity the plight of refugees decline and loss the relationship between church and society imperialism homelessness restorative justice bodily experiences of the Holy Spirit and time and the future Together these writings provide an in depth sense of how global Christians read the Bible through the lens of their own tradition or culture as well as how the Bible informs all aspects of their lives as they read the world biblically Reconnecting God's Story to Ministry Tom A. Steffen,2006-12-31 To help readers recapture the most natural universal and effective means of evangelism discipleship that exists storytelling

Cuestiones Fundamentales de la Educación Cristiana Robert W. Pazmiño,2002-07-31 Para evitar la cautividad cultural los fundamentos de la educacion cristiana deben ser repensados por cada generacion De no hacerlo dice el autor los educadores cristianos corren el riesgo de perpetuar ideas y practicas anticuadas ajenas al evangelio Al explorar con criterio los diversos fundamentos que han predominado y predominan en el pensamiento evangelico continua el autor los educadores pueden enfrentar mejor las necesidades de hoy y los retos del futuro En Cuestiones fundamentales de la educacion cristiana el autor mismo se entrega a este proceso de evaluacion critica con importantes resultados El autor llama a los educadores evangelicos a reafirmar las verdades biblicas que constituyen la autoridad esencial para nuestra teoria y practica y a incorporar las verdades de otras disciplinas proceso que tiene que estar sujeto a la continua autoridad de la Palabra de Dios

The Church Gabriel J. Fackre,2007 The latest volume in Gabriel Fackre s Christian Story finds the dedicated ecumenist attempting to examine the connections or lack thereof between worldwide ecumenical progress and the character of local churches as he observes them in twenty first century America Drawing from his own fifty year experience in the church as pastor teacher and parishioner Fackre breaks open the myth of the church experience and exposes the reality of modern worship on a local level The Church is rich in insight and fertile in its range of suggestions most of them aimed at pastors and aspiring pastors the men and women who will carry the teachings of the church its kerygma into the next generation and the ones that follow **The Fabric of Theology** Richard Lints,1993-12-02 This is a print on demand book and is therefore non

returnable After showing that today's evangelicals have not fared well in the crucible of modern pluralism Lints argues that in order to regain spiritual wholeness evangelicals must relearn how to think and live theologically This book highlights several cultural and theological impediments to doing theology from an evangelical perspective interacts with postmodernism as a theological method and provides a provocative new outline for the construction of a truly transformative evangelical theology in the modern age **Revisioning, Renewing, Rediscovering the Triune Center** Derek J.

Tidball, Brian S. Harris, Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz's theology Trinity community eschatology and the key sources from which he drew for theology's construction Scripture tradition culture While engaging key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology **Restless** David J. Gillard, 2022-01-06 Why do many popular songs positively reference

God if our culture is widely viewed as secular Why is it a challenge to tell the Christian story when many say they are spiritual and believe in God Why do we draw so much meaning from the popular songs we listen to And might a deeper understanding of popular music culture help us to explore the bigger stories we listen to throughout our lives such as the Christian story Primarily using Zygmunt Bauman's understanding of liquid modernity we look at the social forces that shape Western society and consider why while many are looking for authentic ontologically based stories to understand their life experiences historic providers of the big stories that shape our lives such as the church favor a different epistemological way of telling them How do these different approaches to storytelling affect their reception and what insight might we draw from that Whilst this book is written primarily with those in Christian ministry in mind it will be of interest too to those who use music to explore life experiences through their work who are interested in the social forces that shape society or who simply enjoy listening to popular music Reading and Understanding the Gospels Thomas B. Lane, 2011 Reading and

Understanding the Gospels Who Jesus Is What He Teaches and the Beginning of Christianity This is the second volume of a three volume series written for anyone who is interested in acquiring basic knowledge and understanding of the Bible the book that is the foundation of Western and Middle Eastern civilizations The first volume is titled Reading and Understanding the Old Testament The Foundation of Judaism Christianity and Islam The last volume will be Reading and Understanding the Acts of the Apostles the New Testament Letters and the Beginning of the Church This second volume like the others uses

scholarship in a practical manner moving chapter by chapter through each Gospel using the actual verses as it explains clearly their basic meaning for people in ancient time and our time today The readers will experience and get a complete sense of the content and meaning of Matthew Mark Luke and John the Gospels that Christians call inspired writings Like the first volume on the Old Testament the author integrates the historical and the literary with the theological in order to highlight the meaning of each Gospel Once again the author has taken a difficult subject made it easy reading and filled it with challenging insights This book is strongly recommended not just for Christians but for those who are interested in knowing what the first Christians said about Jesus what he taught and how Christianity began The Unfolding Drama of the Bible Bernhard W. Anderson,1988-01-01 **Evangelism and the Openness of God** Vaughn W. Baker,2012-12-18 In *Evangelism and the Openness of God* Vaughn Baker argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology Open theism affirms an ontology of love as opposed to power and it focuses on God's kenosis in creation allowing for the authentic freedom of creation influenced by divine persuasion God's genuine temporal relationship with creation one that is open synergist and non coercive provides a new perspective for evangelistic activity In this volume the author has made a valuable contribution to the integration of new developments in theology and evangelism
