The Christian Vision Man And Morality:

The Christian Vision Thomas J. Burke, 1986 **Socio-Historical Examination of Religion and Ministry, Volume 1, Issue 2** Darren M. Slade, 2019-09-11 Socio Historical Examination of Religion and Ministry SHERM journal is a biannual not for profit free peer reviewed academic journal that publishes the latest social scientific historiographic and ecclesiastic research on religious institutions and their ministerial practices SHERM is dedicated to the critical and scholarly inquiry of historical and contemporary religious phenomena both from within particular religious traditions and across cultural boundaries so as to inform the broader socio historical analysis of religion and its related fields of study The purpose of SHERM is to provide a scholarly medium for the social scientific study of religion where specialists can publish advanced studies on religious trends theologies rituals philosophies socio political influences or experimental and applied ministry research in the hopes of generating enthusiasm for the vocational and academic study of religion while fostering collegiality among religious specialists Its mission is to provide academics professionals and nonspecialists with critical reflections and evidence based insights into the socio historical study of religion and where appropriate its implications for ministry and expressions of religiosity The Unformed Conscience of Evangelicalism J. Daryl Charles, 2002-01-01 J Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively and effectively engage the ethical debates of the twenty first century Vision and Virtue Stanley Hauerwas, 2025-02-15 Christian Ethics has been far too concerned with ethical decision making It would seem that both the advocates of situation ethics with their ever more outlandish paradigms and the proponents of traditional moral theology with their carefully qualified abstract deliberations have focused too narrowly upon the individual faced with a moral choice This collection of essays comes as a much needed change Whereas others have bemoaned the state of Christian ethics today Hauerwas has attempted to work out a serious alternative to the situationists and to the traditional moral theologians The book is divided into three parts The first and perhaps most important deals with theoretical and methodological issues The second under the title the new morality and normative ethics applies his method to a number of areas of individual morality such as abortion and euthanasia The third tackles certain problems in social ethics namely the non resistant church politics and American culture Corrective Vision Richard A. McCormick, 1994 Essays linking Roman Catholic tradition and American cultural moral issues in the last fifty years **Retrieving the Natural Law** J. Daryl Charles, 2008-04-14 J Daryl Charles argues that a traditional metaphysics of natural law lies at the heart of the present reconstructive project and that a revival in natural law thinking is of the highest priority for the Christian community as we contend in rather than abdicate the public square Nowhere is this more on display than in the realm of bioethics where the most basic moral questions human personhood human rights versus responsibilities the reality of moral evil the basis of civil society are being debated from publisher description **Joseph Ratzinger in Communio, Volume 2** Pope Benedict XVI, 2013-01-30 Brings together articles by

Cardinal Joseph Ratzinger previously published in the North American edition of *Communio International Catholic Review*

The Ethical Vision of George Eliot Thomas Albrecht, 2020-01-22 The Ethical Vision of George Eliot is one of the first monographs devoted entirely to the ethical thought of George Eliot a profoundly significant influential figure not only in nineteenth century English and European literature nineteenth century women s writing the history of the novel and Victorian intellectual culture but also in the field of literary ethics Ethics are a predominant theme in Eliot s fictional and non fictional writings Her ethical insights and ideas are a defining element of her greatness as an artist and novelist Through meticulous close readings of Eliot s fiction essays and letters The Ethical Vision of George Eliot presents an original complex definition of her ethical vision as she developed it over the course of her career It examines major novels like Adam Bede Middlemarch and Daniel Deronda many of Eliot s most significant essays and devotes two entire chapters to Eliot s final book Impressions of Theophrastus Such an idiosyncratic collection of character sketches that Eliot scholars have heretofore generally overlooked or ignored The Ethical Vision of George Eliot demonstrates that Eliot defined her ethical vision alternately in terms of revealing and strengthening a fundamental human communion that links us to other persons however different and remote from ourselves and in terms of recognizing and respecting the otherness of other persons and of the universe more generally from ourselves Over the course of her career Eliot increasingly transitions from the former towards the latter imperative but she also considerably complicates her conception of otherness and of what it means to be ethically responsible to it

The ^AGood Kill Marc LiVecche, 2021-06-01 The Good Kill addresses the crisis of moral injury among warfighters from the perspective of the just war tradition By providing a moral framework for enduring the heavy business of killing in combat Marc LiVecche offers potential remedies to help warfighters manage the effects of killing without becoming irreparably morally injured

The Politics of Practical Reason Mark Ryan, 2011-06-09 Ought

we conceive of theological ethics as an activity that draws from a community's vision of human goodness and that has implications for the kind of person each of us is to be. Or can students of the discipline map the ethical implications of what Christians confess about God themselves and the world while remaining indifferent to these claims? Habituated by modern moral theories such as consequentialism and deontology, Mark Ryan argues, we too often assume that Christian ethics makes no claim on the character of its students and teachers. It is rather like yet another department store within the shopping mall of ideas and ideologies to which advanced education provides access. By arguing that theological ethics is an activity by nature political, the author endeavors to show us that to do Christian ethics is to be habituated into ways of talking and seeing that put us on a path toward the good. The author thus affirms the claim that theological ethics is a life-changing practice. But why is it so? This book endeavors to display a philosophical basis for this claim by articulating the political character of practical reason. Through rigorous conversation with G. E. M. Anscombe, Charles Taylor, Stanley Hauerwas, Alasdair MacIntyre, and Jeffrey Stout, Ryan provides an account of practical reasoning that enables us to rightly conceive theological ethics as a discipline that ought to change our lives.

John Webster's Vision of Moral Agency W. Jeremy Jones, 2025-05-15 This book explores John Webster's contribution to one of the most important and contested topics in Christian theology: the relationship between divine and human agency. By examining the theme of moral ontology in Webster's constructive dogmatics, this work sheds light on his contribution to this crucial subject. Jones achieves this through close study of Webster's texts ranging from his early middle and late periods. He reveals that Webster's moral ontology is not only a major theme in his thought but is among his most significant contributions to contemporary systematic and moral theology. As the first book-length study of a central theme in Webster's ethics, this text will be of interest to Webster scholars and those teaching courses in late modern systematic theology and theological ethics.

Christian Ethics, Volume 1 Karl-Heinz Peschke, 2012-08-21 This recent edition of *Christian Ethics Volume I* is a thoroughly revised and updated version of fundamental moral theology. As in the previous editions, the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture. At the same time, account is taken of the new developments in the field of ethics. New issues of actual concern are taken up, such as the deontological and teleological conditions of moral norms, the confrontation between conscience and civil or ecclesiastical law, the communal roots of Christian identity, the requirement of liberty, and the ethical compromise. The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end.

Ethics and Spirituality Charles E. Curran, 2014 This volume compiles writings by leading moral theologians and ethicists on an important emerging topic in the field of ethics. As spirituality asserts its broad humanistic interdisciplinarity and moral theology emerges from its fixation on sin to address broader questions of human formation and Christian discipleship, the need for the two disciplines to be in dialogue is clear.
