Rudolf Steiner in Britain Crispian Villeneuve, 2009-09-14 Rudolf Steiner spent some five months of his life in Britain visiting there ten times between 1902 and 1924 With the exception of German speaking countries the longest time Steiner spent abroad was in Britain a place he clearly considered central to his work In this extraordinary thorough study of more than 1 200 pages and dozens of illustrations Crispian Villeneuve documents those important visits reproducing letters articles records and other archival material much of it published for the first time He also studies the interconnected theme of the life and work of D N Dunlop Rudolf Steiner s closest British colleague **Publishers Directory** Linda S. Hubbard, 1991-11 *Whitaker's Books in Print* , 1998 **Lord of the Elements** Bastiaan Baan, 2013-03-21 The four classical elements of earth water air and fire are present in Genesis and continue to be significant throughout Christianity Different streams of thought such as the School of Chartres and Celtic Christianity have emphasised them in different ways In this unique book Bastiaan Baan an experienced spiritual thinker brings these elements together with ideas from Rudolf Steiner s anthroposophy He considers in particular how elemental beings nature spirits relate to the four elements and explores the role of elemental beings in our world This is a fascinating and original work on the connections between Christianity and the natural world Reverse Ritual Rudolf Steiner, Friedrich Benesch, 2001 Religious ritual is often seen as a way of bringing divine influences down into the material world In this profound and stimulating work Rudolf Steiner and Friedrich Benesch introduce the idea of reverse ritual a way that each of us can raise our souls to the spiritual realm In this process the everyday world becomes a portal through which we can enter the dimension of the sacred Here each of us can be a priest and each of our actions can be a cosmic ritual act This stimulating collection of writings on spiritual communion of humanity includes two further lectures by Steiner that show how this process can engage our social lives Also included are two additional essays as appendices Sacramental and Spiritual Communion by Dietrich Asten and Human Encounters and Karma by Athys Floride The introduction by Christopher Schaefer brings these ideas into focus for modern seekers Contents Part One The Spiritual Communion of Humanity 5 lectures from GA 219 Part Two Preparing for the Sixth Epoch Part Three Commentaries by Friedrich Benesch Appendices Selections from Dietrich Asten Spiritual and Sacramental Communion Athys Floride Human Encounters and Karma **Eurythmy** Rudolf Steiner, 2013-04-16 Rudolf Steiner s original contribution to human knowledge was based on his ability to conduct spiritual research the investigation of metaphysical dimensions of existence Samples of his work are to be found in this introductory reader in which Beth Usher brings together excerpts from Steiner s many talks and writings on Eurythmy The volume also features an editorial introduction commentary and notes Chapters In the beginning God created out of movement School eurythmy a kind of spiritual gymnastics Eurythmy therapy the word of the heavens is the being of man Silent soul speaking soul Eurythmy as a performing art How eurythmy arises out of anthroposophy *The Congregationalist and Christian World* , 1906 **May Human Beings Hear It!** Sergei O.

Prokofieff,2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff s anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of May Human Beings Hear It are complete in themselves and can therefore be studied independently of each other [Catalog of Copyright Entries. World History and the Mysteries Rudolf Steiner,2021-05-17 In this landmark series of lectures Rudolf Steiner challenges the notion that human consciousness has in essence remained the same throughout history On the contrary we can only see the past in its true light when we study the differences in human souls during the various historical eras Consciousness he says evolves constantly and we can only comprehend the present by understanding its origin in the past Delivered in the evenings during the course of the mystery act of the Christmas Foundation Meeting when Rudolf Steiner not only re founded the Anthroposophical Society but for the first time took a formal role within it these lectures study world history in parallel with the ancient mysteries of initiation showing how they are intimately linked Steiner describes consciousness in the ancient East and follows the initiation principle from Babylonia to Greece up to its influences in present day spiritual life He also discusses Gilgamesh and Eabani the mysteries of Ephesus and Hibernia and the occult relationship between the destruction by fire of the Temple of Artemis and the burning of the first Goetheanum in Dornach Switzerland Published for the first time with colour plates of Steiner s blackboard drawings the freshly revised text is complemented with an introduction notes and appendices by Professor Frederick Amrine and an index **The Lutheran Witness** ,1899 [The Breeder's Gazette](#) ,1895 *The Survey* ,1926 **The Congregationalist** ,1915 **The Truth Seeker** ,1918 *The Billboard* ,1926 *The Evangelical Herald* ,1923 **Tobacco** ,1925 **Turf, Field, and Farm** ,1902 **The Christian Advocate** ,1913
