But with the help of Tractor Mac and the rest of his friends, Fergus realizes that there are plenty of fun things about autumn too as he learns to appreciate what makes each season special **Life and Times of a Raggamuffin II** Russ Freeman, 2024-11-30 After a brief silence, I said sort of thinking out loud, We do have the authority to issue an abatement order to the Navy. The admiral looked at me and grinned. He said, Tell me a bit more about that. I responded by outlining what is called a Consent Order. Such orders are issued where an organization is in violation of Federal law or policy and the guilty party has agreed to do something about that. Where EPA then agrees to accept the response proposed by the organization in violation, a consent order can be issued. That order requires the guilty party to implement the agreed plan. There is a reason that it is important to do that: Federal environmental law permits third parties to sue persons who are in violation of its provisions. However, federal courts will not accept such a third party lawsuit if there is a federal order in place that addresses the violation. Thus, in effect, such an order puts the organization, which is subject to it, in a position of being in a not in violation status so long as they diligently pursue implementation of the actions and schedules set forth in the consent order. I cautioned the Admiral that he should get his lawyers to give him an explanation, as I was not a lawyer and so might not understand all the nuances of such an order. Again, he and Lou looked at each other. Lou nodded and so the Admiral offered, Let s do it. **Popular Science** , 1936-12 Popular Science gives our readers the information and tools to improve their technology and their world.
