

VISION

CHURCH VISION usually involves a 5 fold Objective

- **Worship -**
As the Church we celebrate our relationship with the Father and invite the very presence of the King into our midst where he instructs us, encourages us, heals us and unifies His children
- **Evangelism-**
As the Church, we are commissioned to introduce the kingdom to the lost in order that the Church will produce the harvest required of her
- **Discipleship-**
As the Church, once we have evangelized we must now begin to teach and equip them to observe the commands of the Father and impart into them vision and direction, as well.
- **Fellowship-**
As the Church, we encourage relationship and fellowship with one another usually in the form of small groups. In this format we can identify the needs & concerns of the saints in order to help them grow and stay connected to the local assembly.
- **Servanthood/Ministry**
As the Church we demonstrate God's love through our service to our communities, each other and the Local body which we belong.

Training Leaders is a unique book because it is based on a significant piece of empirical research Anthony Clarke explores the way that the practice among theological colleges in the UK has been changing and develops the concept of the pastoral imagination to express what a theological college is aiming to do with its students The book then offers an analysis of the pastoral imagination that is in fact at work in a selection of Baptist colleges and other theological institutions in the UK Alongside this Clarke offers a coherent and robust theological account of the work of a theological college through engaging with recent trinitarian theology and argues that this is best understood as a process of formation which embraces other ideas of training and education

Africa Thorsten Prill (ed.),Simba Musvamhiri,Peter Koono Tefo,Abednigo Musona,Zeka Avelino Tjiwana,2011-12-13 Research Paper postgraduate from the year 2011 in the subject Theology Practical Theology language English abstract This book is the first volume of theological research papers from the Namibia Evangelical Theological Seminary NETS The authors are young southern African theologians and practitioners While they come from different countries and church backgrounds they all share a commitment to Gospel centred mission and church ministry Simba Musvamhiri Zimbabwe looks at the discipleship

process in a fast growing evangelical charismatic church in Namibia's capital Windhoek. He argues that attractive services and a strong preaching and teaching ministry as well as a focus on hospitality are no guarantee that church members are fully committed to follow Jesus Christ in all areas of life and on a daily basis. What is needed is a relational and transferable discipleship process which equips all church members whether they are students, young professionals or other community members to move towards spiritual maturity. Peter Koona Tefo, Lesotho, demonstrates the importance of pastoral visitation in the southern African context. According to Tefo, there is a direct correlation between the frequency and quality of pastoral visits by church leaders and active participation in the life of a local congregation by church members. Abednigo Musona, Zimbabwe, examines the relationship between church leadership and the level of participation of church members in congregational programmes and fluctuations in church membership respectively. He argues that a church leadership which follows Biblical principles is more likely to achieve spiritual and numerical growth. Finally, Zeka Avelino Tjiwana, Namibia, explores the situation of young church members in the north of Namibia. He shows that due to the absence of youth ministry guidelines and a lack of spiritually mature and well-trained youth leaders, emotional and spiritual problems of young people are not properly addressed. *NewsWatch*, 2001. [Supporting Asian Christianity's Transition from Mission to Church](#)

Samuel C. Pearson, 2010-08-20. This volume, telling the story of how one North American ecumenical foundation learned to move from a missions stance to one of partnership, is at once informative, intriguing and instructive for anyone curious about or interested in the development of contextual theological education and scholarship in China and Southeast Asia. It traces the efforts of Protestant churches and educational institutions emerging from World War II, revolution and colonization to train an indigenous leadership and to nurture theological scholars for the political, cultural and religious realities in which these ecclesial bodies find themselves. Greer Anne Wenh In Ng, Professor Emerita, Victoria University in the University of Toronto. *The Purpose Driven Church*, Rick Warren, 1996-08-13. This condensed version covers the first half of the book, including a five-point strategy for attracting and spiritually maturing the unchurched and is read by the author, the pastor of Saddleback Church.
