The Church's Social Responsibilities:

The Church's Social Responsibility Jordan Joseph Ballor, Robert J. Jost, 2015-12-01 **The Church's Social Responsibilities** Martin Henry Scharlemann, 1971 The Social Responsibility of the Churches in the Williamson Street Area John Borquist, Herbert William Keebler, Bruce Edward Willett, 1968 **Global Practices of Corporate Social Responsibility** Samuel O. Idowu, Walter Leal Filho, 2008-12-21

Being socially responsible on the part of corporate entities is now no longer an option; it is part of their normal business obligations to all their stakeholders regardless of whether these are primary or secondary stakeholders. Modern societies around the world now expect corporate entities of all shapes and forms to be socially responsible in whatever they do. The Global Practices of Corporate Social Responsibility is a first attempt at bringing together in one book experts' accounts of how corporate entities in twenty independent nations around the world are dealing with the issue of CSR. The world today faces diverse social problems. These become apparent as one moves from one country to the next; interestingly, society now expects corporations to help in finding solutions to these problems. The problem of global warming affects us all; modern corporations can no longer continue to assume that the problem will go away if nothing is done by them. We can all make a little difference by our actions.

Compendium of the Social Doctrine of the Church Pontifical Council for Justice and Peace, 2024-03-19. This Compendium is a unique unprecedented document in the history of the Church. It serves as a tool to inspire and guide the faithful who are faced daily with moral and pastoral challenges. Parts include: God's plan of love for humanity; The family, the vital cell of society; Social doctrine and ecclesial action; For a civilization of love; Index of references; Analytical index.

The Routledge Companion to Corporate Social Responsibility Thomas Maak, Nicola Pless, Marc Orlitzky, Sukhbir Sandhu, 2021-08-25. While the concept and domain of Corporate Social Responsibility (CSR) are not new, its beginnings can be tracked back to the 1960s; its scope, urgency, and relevance have shifted dramatically in recent years. CEO responses show that the majority of business leaders understand that they operate in an environment of contested values and that stakeholders expect companies to do better and more. However, many corporate incentive systems are not in sync with societal norms and expectations. Moreover, grand challenges such as climate change and global pandemics and growing interconnectedness shed light on the fault lines of value creation through complex supply chain systems exposing unacceptable working conditions, modern slavery, and the environmental consequences of highly distributed production at any cost. As a consequence, corporate social responsibility has become a widely accepted common denominator of the role and responsibilities of business in society, ranging from core functions such as health, safety, and environment standards to governance and recognition of stakeholders, supply chain design, and corporations' stand on climate change and its responsibility to future generations. This volume assembles state-of-the-art scholarship from leading scholars in the field and enables a full range view of CSR from its roots, normative foundations, and institutional perspectives to matters of stakeholding, the global value chain, social innovation, and future directions. The

Routledge Companion to Corporate Social Responsibility represents a prestige reference work providing an overview of the subject area of CSR for academics researchers postgraduate students as well as reflective practitioners

The Costa Rican Catholic Church, Social Justice, and the Rights of Workers, 1979-1996 Dana Sawchuk, 2006-01-01 Provides a new understanding of the relationship between Church and State in 20th century Costa Rica Understanding the relationship between religion and social justice in Costa Rica involves piecing together the complex interrelationships between Church and State between priests popes politics and the people This book does just that Dana Sawchuk chronicles the fortunes of the country's two competing forms of labour organizations during the 1980s and demonstrates how different factions within the Church came to support either the union movement or Costa Rica's home grown Solidarity movement Challenging the conventional understanding of Costa Rica as a wholly peaceful and prosperous nation and traditional interpretations of Catholic Social Teaching this book introduces readers to a Church largely unknown outside Costa Rica Sawchuk has carefully analyzed material from a multitude of sources interviews newspapers books and articles as well as official Church documents editorials and statements by Church representatives to provide a firmly rooted socio economic history of the experiences of workers and the Catholic Church's responses to workers in Costa Rica

The Church's Social Responsibility, 2009

Léon Duguit and the Social Obligation Norm of Property Paul Babie, Jessica Viven-Wilksch, 2019-09-07 This book demonstrates the importance of Léon Duguit for property theory in both the civil and common law world It translates into English for the first time ever Duguit's seminal lecture on property the sixth of a series given in 1911 in Buenos Aires It also collects essays from the leading experts on the social function of property in major civil and common law jurisdictions internationally The book explores the importance that the notion of the social function of property has come to have not only in France but in the entire civil law tradition and also considers the wide if unattributed and seldom regarded influence in the common law tradition and theory of property

The Mandates of the Church Rich Ayo Adekoya, 2015-06-29 In this thought provoking and momentous book the author poses the questions what is the role of the church in our society and should there be any relationship between the state and the church for the development of the society and what could be the effect of such collaboration if there is any In asking on what bases is the church getting involved with the society he explores both the Biblical foundations and three major theories that have emerged about societies and social behaviour Particular attention is paid to the relationship between religion and social change to the case of the church in Lagos Nigeria as an agent of social and political change in society Using a thematic structure Richard Adekoya illustrates different roles the church can play in society especially in a democratic milieu for example humanity services educational development spiritual and moral development and social and ethical development He examines the various contributions of the churches in Nigeria right from the missionaries era to the contemporary dispensation The book basically proved that the church mandate is not limited to its evangelical obligations Its involvement in many aspects of people's lives in society particularly the social and political aspects

is part of its cultural mandate This is a challenging book rich in example and wide ranging in scope key ideas that so often appear impossible for the church to practice employment generation political leadership public enlightenment tackling corruption in the polity here practically seem possible Richard Adekoyas excellent work tackles this set of issues in a very thorough way By looking at the issues through the lens of the Bible church history and sociological analysis he makes a powerful theological case for the involvement of the church in the societies in which it finds itself called to give a witness Understandably and helpfully there is a particular emphasis on Nigeria a nation which he knows well By choosing Nigeria as a kind of case history the broader general case is given a particular and penetrating illustration that strengthens his wider argument Dr Martin Robinson Principal ForMission College Birmingham UK Welfare and Religion in 21st Century Europe Anders Bäckström, Grace Davie, Ninna Edgardh, Per Pettersson, 2016-02-24 Historically European churches have played a large part in the provision of welfare Responsibility however has gradually shifted to the state a shift that forms an integral part of the process of secularization and one that has been readily accepted by European populations But what happens when the state itself begins to recede a process that is occurring in most if not all European societies for a wide variety of reasons The implications for welfare are considerable not least for the role of the churches which begin to resume the responsibilities previously shed but in new and different ways This book looks at the connections between religion and welfare in Europe exploring in detail eight European societies Finland Norway Sweden England Germany France Italy and Greece The different theological traditions different church state relationships and different welfare regimes are all examined The analysis is based on first hand empirical research which considers not only the changing situation on the ground but attitudes towards this within a range of different constituencies the churches local government and the general public Particular attention is paid to the significance of gender in both the process of change and in attitudes towards this Welfare and Religion in 21st Century Europe Volume 1 represents comparative research at its best and highlights key policy implications for the future A companion book Welfare and Religion in 21st Century Europe Volume 2 explores thematically the changing nature of religion and welfare and the new relationships that are emerging between the religious and the secular and between church and state in the 21st century **A Year Book of the Church and Social Service in the United States, Prepared for the Commission on the Church and Social Service of the Federal Council of the Churches of Christ in America ...**, 1914 **The Problem and Promise of Freedom** Steven Félix-Jäger, 2025-02-18 Jesus calls us to make disciples of all the nations Many Christians believe this means enlisting soldiers in a culture war But putting faith in the service of politics risks remaking God in our own image How can the church help bring God s kingdom to earth without relying on the political structures of this world Critiquing our idolization of the values of classical Western liberalism Steven Félix Jäger seeks a renewal of the church s public witness He points out the pitfalls that stem from our obsession with individual freedom from the prosperity gospel to Christian nationalism to conformity with secular progressivism True

freedom is not about individual liberty or free market economics but about flourishing in covenant with God Felix J ger offers a public theology that challenges the church to be a holy loving and generous witness to a world bound by visions of self absorbed autonomy and materialism Inspired by Jubilee and Pentecost he ultimately constructs an alternative model for public witness rooted in the abundance of the Spirit The Problem and Promise of Freedom not only serves as an indispensable resource for students of religion and society but also offers urgent and clear sighted witness to the church today

The Holy Spirit Movement in Korea Young-Hoon Lee,2009 This book traces the historical and theological development of the Holy Spirit in Korea through six successive periods

Documents of the Christian Church Henry Bettenson,Chris Maunder,2011-09-29 This selection of writings from the most important moments in the history of Christianity has become established as a classic reference work providing insights into 2000 years of Christian theological and political debate While retaining the original material selected by Henry Bettenson Chris Maunder has added a substantial section of more recent writings These illustrate the Second Vatican Council the theologies of liberation Church and State from Thatcher s Britain to Communist Eastern Europe Black feminist and ecological theology ecumenism and inter faith dialogue The emphasis on moral debate in the contemporary churches is reflected in selections discussing questions about homosexuality divorce AIDS and in vitro fertilization amongst other issues This further expanded fourth edition brings the anthology up to date with a new section looking at issues facing the twenty first century churches This includes extracts exploring the churches responses to questions of social justice international politics trade and debt environmental change and technological development New material also covers the global growth of Christianity the progress of Christian unity and mission in multi faith and postmodern societies

Welfare, Religion and Gender in Post-apartheid South Africa Ignatius Swart,Amanda Gouws,Per Pettersson,Frouwien Bosman,Johannes Erasmus,2012-04-01 The topic covered by this book is important crucially so in post apartheid South Africa and the research is meticulous This has resulted in an impressive collection of material concerning welfare religion and gender in twenty first century South Africa which includes both theoretical reflections and an abundance of empirical data Professor Grace Davie Professor Emerita of Sociology University of Exeter UK

Theology of Culture in a Japanese Context Atsuyoshi Fujiwara,2012-07-01 In dialogue with H Richard Niebuhr John Howard Yoder and Stanley Hauerwas this work examines Japanese culture suffering and three theologians Kazoh Kitamori Yasuo Furuya and Hideo Ohki

On the Legacy of Lutheranism in Finland Kaius Sinnemäki,Anneli Portman,Jouni Tilli,Robert H. Nelson,2019-12-10 This volume analyses the societal legacy of Lutheranism in Finland in broad terms It contributes to the recent renewed interest in the history of religion in Finland and the Nordic countries by bringing together researchers in history political science economics social psychology education linguistics media studies and theology to examine the mutual relationship between Lutheranism and society in Finland The two main foci are i the historical effects of the Reformation and its aftermath on societal structures and on national identity values

linguistic culture education and the economy and ii the adaptation of the church and its theology to changes in the geo political and sociocultural context Important sub themes include nationalism and religion the secularization and institutionalization of traditional values multiple Protestant ethics and long continuities in history Overall the book argues that large changes in societies cannot be explained via secular factors alone such as economic development or urbanization but that factors pertaining to religion provide substantial explanatory power for understanding societal change and the resulting societal structures *Vocations Within the Church* Leonidas Wakefield Crawford,1920 *Corporate Resilience* Shahla Seifi,David Crowther,2023-09-13 Written by experts the chapters collected here address various issues such as climate change and the pandemic suggesting ways in which future crises can be managed successfully and sharing best practice from what we have learned from recent crises
