are not yet ended For perihelion approaches as the two worlds continue to grow nearer And bad things are coming in its wake In the skies over Earth astronomers have noted an anomaly which seems to be swallowing stars whole On Eldh these rifts in the sky are appearing as well and the dragon Sinfathisar tells Grace Beckett that if left unchecked these holes of anti being will annihilate all of creation forever He adds that only Travis Wilder whom the Mournish believe is fated to raise the lost city of Morindu the Dark from the desert sands that hide and hold it can save the world But what is the connection between the lost city of the sorcerers and the wounds that rift the heavens As Grace goes in search of Travis and Travis goes in search of his kidnapped daughter all the threads of fate begin to pull together revealing ancient mysteries on both worlds and connections within connections that carry all the way back through time With both worlds increasingly wracked by tempests and earthquakes and a palpable sense of hopelessness and despair and with magic sputtering and dying around them can our heroes patch together the missing pieces of the puzzle before all of life is annihilated *City Under the Sand*

Jeff Mariotte, 2010-10-05 Beneath a crimson sun lie wastelands of majestic desolation and cities of cruel splendor where heroes must battle the horrible monsters and vicious raiders who roam the desert while in the cities undying sorcerer kings crush any who dare to oppose them This is Athas the unrelenting world of the Dark Sun a world shaped by inherently destructive magic and ruled by intrinsic evil In such a world the forces of good and the heroes who emerge in this unforgiving land fight not only for themselves but for life of the world itself Aric is a half elf with a rare natural ability with the psionic discipline known as the Way When Aric is brought into a quest to search for a priceless trove weapons he would rather keep his head down and live a simple life But nothing is simple in the city of Nibenay with its reclusive ruler known as the Shadow King And in a world where metal is the rarest of commodities Aric's way with metal is an even rarer talent Enlisted by the Shadow King himself to seek out this cache of metal weaponry Aric heads into the desert with a treacherous band of adventurers Allegiances are tested and secrets are uncovered But sometimes the secrets hidden by the sands of time should remain undiscovered When Aric and his band uncover an evil perhaps greater than the Shadow King himself it is a race against time to see who will harness its power **In the City of the Marabouts** Geert Mommersteeg, 2011-09-11

From the opening pages amidst the throes of Ramadan during the hottest and driest season in Mali Dutch ethnographer Geert Mommersteeg welcomes readers into the religious culture of a historic city uniquely filled with Islamic scholars known as marabouts This finely crafted English language translation provides a remarkable contribution to the study of Islamic practices and beliefs observed in local contexts in sub Saharan Africa with a focus on the interrelationship between public and secret knowledge of maraboutage in everyday reality This inviting personal narrative of an anthropologist's long term fieldwork in Djenn for centuries a center of West African culture scholarship and architecture is full of valuable methodological insights Mommersteeg with unassuming honesty becomes absorbed in the knowledge of the Holy Word and slowly enters the closed world of religious practice in which marabouts serve as intermediaries between God and their clients

While marabouts do not claim to be all knowing they do know how God can be addressed most effectively which amulets are the most powerful and which alms are best for nudging the future in the right direction *Beat The City* Jon L. Cadel,1901
