Union-Occupied Maryland Claudia Floyd, 2014-07-01 When the first Federal troops arrived in the spring of 1861 Maryland was in the precarious position of a border state Predominately loyal to the Union Marylanders saw the influx of soldiers as defenders Yet for the minority supporting the Confederacy the Federals were oppressors Historian Claudia Floyd explores this complex relationship between Maryland civilians and their Union occupiers Residents on both sides of the conflict faced pillaging vandalizing and criminal acts from errant soldiers Civilians also quickly realized that Federal troops could not guarantee protection from Confederate invasions Meanwhile there was a strong backlash over African American emancipation and enlistment in the longtime slave state Through contemporary accounts Floyd creates a nuanced portrait of citizens and soldiers caught up in the turbulent upheaval of war

Maryland in the Civil War Robert I. Cottom, 1994 Torn between North and South Maryland experienced the Civil War in ways that were at once unique and a reflection of the state's reputation as America in miniature Now Robert Cottom and Mary Ellen Hayward offer a vivid and engaging history of Maryland

Loyalty on the Line David K. Graham, 2018-12-15 During the American Civil War Maryland did not join the Confederacy but nonetheless possessed divided loyalties and sentiments These divisions came to a head in the years that followed the war In *Loyalty on the Line* David K. Graham argues that Maryland did not adopt a unified postbellum identity and that the state remained divided with some identifying with the state's Unionist efforts and others maintaining a connection to the Confederacy and its defeated cause Depictions of Civil War Maryland both inside and outside the state hinged on interpretations of the state's loyalty The contested Civil War memories of Maryland not only mirror a much larger national struggle and debate but also reflect a conflict that is more intense and vitriolic than that in the larger national narrative The close proximity of conflicting Civil War memories within the state contributed to a perpetual contestation In addition those outside the state also

vigorously argued over the place of Maryland in Civil War memory in order to establish its place in the divisive legacy of the war By using the dynamics interior to Maryland as a lens for viewing the Civil War Graham shows how divisive the war remained and how central its memory would be to the United States well into the twentieth century *Civil War Maryland* Richard P Cox,2011-08-16 Compelling stories from a state on the border of the Mason Dixon line that illustrate its unique role in the American Civil War By the time the American Civil War began the agrarian slave owning South and the rapidly industrializing North had become almost two separate nations As a border state with ties to both sides Maryland and its people played a unique role in the war This series of essays on Maryland s involvement in the conflict and its aftermath highlights some of the personalities and events that make Maryland s Civil War stories unusual and compelling Author Richard P Cox draws on original sources and contributions from historians to relate the many ironies curiosities and legends that abound *History and Roster of Maryland Volunteers, War of 1861-5* Maryland General Assembly,2025-05-22 History and Roster of Maryland Volunteers war of 1861 5 offers a detailed record of Maryland s contributions to the Union cause during the American Civil War Compiled by the Maryland General Assembly this book provides invaluable insight into the state s military efforts It includes a comprehensive roster of Maryland volunteers offering a look into the individuals who served their units and potentially their service records This historical document serves as a vital resource for genealogists historians and anyone interested in the Civil War and Maryland s role in it The book preserves the memory of the soldiers and provides a glimpse into the sacrifices made during this pivotal period in American history It is an essential addition to any collection focusing on the Civil War or Maryland history This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Maryland Commemorates the Civil War Centennial** Maryland Civil War Centennial Commission,1965 CIVIL WAR IN MARYLAND.
