Ethics of Maimonides Hermann Cohen, 2003-01-12 Hermann Cohen's essay on Maimonides ethics is one of the most fundamental texts of twentieth century Jewish philosophy correlating Platonic prophetic Maimonidean and Kantian traditions Almut Sh Bruckstein provides the first English translation and her own extensive commentary on this landmark 1908 work which inspired readings of medieval and rabbinic sources by Leo Strauss Franz Rosenzweig and Emmanuel Levinas Cohen rejects the notion that we should try to understand texts of the past solely in the context of their own historical era Subverting the historical order he interprets the ethical meanings of texts in the light of a future yet to be realized He commits the entire Jewish tradition to a universal socialism prophetically inspired by ideals of humanity peace and universal justice Through her own probing commentary on Cohen's text like the margin notes of a medieval treatise Bruckstein performs the hermeneutical act that lies at the core of Cohen's argument she reads Jewish sources from a perspective that recognizes the interpretive act of commentary itself

Divine Agency and Divine Action, Volume III William J. Abraham, 2018-10-25 Volume III of a tetralogy devoted to Divine Agency and Divine Action articulates a comprehensive vision of systematic theology focused on divine action from creation to eschatology Volume I developed the foundational conceptual work by showing that the concept of action is a radically open concept that readily makes possible the appropriation of divine action for today Volume II explained that in exploring divine action one needs to specify the actual divine actions under review and thus showed that there could be no progress with extensive soundings across the tradition from Paul to Molina Work on divine action requires extended work in doctrinal criticism rooted in the history of theology as a prelude to normative work that communicates a normative vision of divine action for today This vision is best explored by taking up the great themes of systematic theology from creation to eschatology yet treating them in a deflationary manner that sees systematic theology as university level postbaptismal Christian instruction Leading scholar William J Abraham recognises that we live in a golden period of theological studies the range and depth of material is extraordinary yet we also live in a period of disorientation and confusion that calls for a fresh engagement with the demands of systematic theology Divine Agency and Divine Action Volume III meets that demand by insisting that systematic theology has its own content and modes of inquiry that it belongs intimately to the journey of faith and that it requires authentic academic clarity and rigor It reclaims the rightful place of systematic theology as the center of gravity for theological studies but does so in a manner that makes it available to both the church and to the academy

according to fixed moral laws or dharma Unlike traditional commentaries this book offers an analytical study of Gita's core moral and metaphysical concepts It elucidates why moral agents must detach from their actions and surrender their ego and agency to Godhead viewing their actions as offerings or yajna It provides a roadmap for overcoming temporal struggles to attain the timeless reality of the Divine Presenting the Gita as an open ended philosophical text this book addresses how ordinary individuals can lead morally enlightened and spiritually fulfilled lives **Shrimad-Bhagavad-gita** Swami Swarupananda,1933 Laghu Guru Upanishad Gurprasad,2016-03-03 Modern life is very competitive and stressful only a thoughtful few want to rid themselves of constant worries and find a way to live a life of real happiness Teachings of Sri Sivabala Yogi contained in Laghu Guru Upanishad are especially relevant for such people There are many grades of aspirants some just want to lead a peaceful life some want a lower type of salvation and a few blessed ones who desire total freedom by realising their true natures Ultimate liberation is attained only if one knows the absolute Self or Reality or God No matter what ones goal is the Gurus teaching given in Laghu Guru Upanishad if practised sincerely offers hope to everyone to attain ones desired end The book is set out in question and answer format The questions asked by Gurprasad have been framed from an aspirants point of view Questions and doubts like these arise in the minds of all those who want to follow a spiritual path The Guru has given answers that are suitable for ease of understanding by beginners as well as more advanced aspirants In doing so the Guru has adopted a rational approach suited to the modern generation and covers all well known paths to realise the Truth Sri Sivabala Yogis basic teaching deals with control of mind and it does not advocate any religious beliefs Mind is the cause of ones suffering and unhappiness and it also has the power to get rid of them Bookish knowledge is of no avail unless it is practised Every reader of this book can attain his or her desired spiritual object provided its teaching is put into effect through earnest effort Srimad-Bhagavad-gita Swami Swarupananda,1918 **The Classification of the Divine and the Non-Divine Attributes** Swami Swarupananda,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work

Abū'l-Barakāt al-Baghdādī's Metaphysical Philosophy Moshe M Pavlov,2017-04-21 Ab l Barak t is a renowned philosopher of the Arabic Jewish milieu who composed in his magnum opus the Kit b al Mu tabar a comprehensive metaphysics which challenged the accepted notions of the traditional metaphysical philosophy Ab l Barak t al Baghd d s Metaphysical Philosophy examines the novel philosophical conceptions of the first book of the Metaphysics of the Kit b al Mu tabar The aim is to present a developed conception of Ab l Barak t s systematic metaphysics This is accomplished by following the order of topics discussed while translating the relevant passages These different topics comprise stages of cognition that move from an analysis of time creation and causality to the conception of a higher spiritual realm of mental entities and a conception of God

as the First Knower and Teacher The epistemological and ontological conceptions are analyzed at each culminating stage Ab l Barak t al Baghd d s Metaphysical Philosophy analyzes vast portions of the metaphysical study for the first time The book will thus be a valuable resource for all those seeking an original and broad metaphysics and for students and scholars of Jewish and Islamic Philosophy Furthermore it is of importance for those seeking a metaphysics related to scientific theories and those interested in the history of science and metaphysics *Constructing a Mediating Theology* J. D. Kim,2022-11-16

How does an almighty and all loving God respond to his beloved human creatures who are made in his image and yet implicated in sin and suffering What is the origin of human suffering Is it sin or the limitations of human beings Is God moved by our suffering If he sympathizes and co suffers with us can he deliver us out of our miseries Thousands and perhaps millions of people have asked these questions and are searching desperately for their answers Two major views have been advanced in the history of Christian theology to describe God s response to the suffering of the world divine impassibility and divine passibility More recently a third mediating position between impassibilism and passibilism has arisen which affirms both the impassibility and the passibility of God This position can be identified as modified classical theism an approach that grasps the perfect and relational nature of God Following this mediating position this book sets out its own constructive understanding of a mediating position with the help of a new way of understanding the way in which the eternal actions and corresponding passions of the divine persons condition one another the dynamic reciprocity model *Divine Holiness and Divine Action* Mark C. Murphy,2021-02-18 Holiness is the attribute most emphatically ascribed to God in Scripture but there has been little attention devoted to characterizing and considering the entailments of divine holiness In *Divine Holiness and Divine Action* Mark C Murphy defends an account of holiness indebted to Rudolf Otto s description of the experience of the holy as that of a *mysterium tremendum et fascinans* God s being holy consists in God s being someone with whom intimate union is both extremely desirable for us and yet something for which we and indeed any limited beings are unfit This notion of divine holiness is useful for addressing disputed theological questions regarding divine action In contrast to standard accounts of divine action that begin with assumptions regarding God s moral perfection or God s maximal love the appeal to divine holiness supports a rival framework for explaining and predicting divine action the holiness framework according to which God is motivated to act in ways that are a response to God s own value by keeping distance from that which is deficient defective or in any way limited in goodness This study exhibits the fruitfulness of a reorientation from the morality and love frameworks to the holiness framework by showing how such a reorientation suggests distinct approaches to perennial problems of divine action regarding creation incarnation atonement and salvation From the treatment of these perennial problems a general theme regarding divine action emerges that God s interaction with the world exhibits a radical sort of humility *Srīmadbhagavadgīta Mūla Tathā Hindī Aura Angrezī Anuvāda* ,1953 *SHRIMAD-BHAGAVAD-GITA* Haresh Bakshi,2005-09-28 Why one more translation of the Gita This book is a faithful translation of the Gita in simple English The

reader will find that frequent use of comma has made this translation easier to follow This translator has retained many of the traditional Sanskrit words like dharma even in English translation This is because such words are difficult to translate the translation in such cases is far from accurate and in fact can even be misleading To overcome this problem this translator has given separate explanatory notes for such words instead of merely giving their common translation The other problem arises from the fact that in Sanskrit a single word like brahman can have several different meanings Here again this translation of the Gita faithfully gives different traditional translations and meanings in their proper context and perspective Lastly both the Sanskrit text and its Roman transliteration have been presented after separating almost every word by removing all euphonic junctions of final and initial letters sandhi also called the phonetic combinations of words This has increased readability of the text tremendously Thus this book takes care of the common as well as special problems that a reader encounters during his study of the Gita In addition much useful relevant information given in several helpful indexes and the appendices in this compilation will make reading the Gita easier and more interesting After all the Gita is meant to be studied by all In this book the original text of the Gita has been reproduced in Sanskrit For the benefit of the readers who do not read the devanagari Sanskrit script the entire Gita has also been reproduced in Roman transliteration scheme
