The Coast Of Bohemia Notable American Authors:

Forthcoming Books Rose Arny, 1999 **Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education** Miloslav Rechcigl Jr., 2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates *Bohemia in America, 1858-1920* Joanna Levin, 2009-10-21 *Bohemia in America 1858 1920* explores the construction and emergence of Bohemia in American literature and culture Simultaneously a literary trope a cultural nexus and a socio economic landscape la vie boh me traveled to the United States from the Parisian Latin Quarter in the 1850s At first the province of small artistic coterie Bohemia soon inspired a popular vogue embodied in restaurants clubs neighborhoods novels poems and dramatic performances across the country Levin s study follows la vie boh me from its earliest expressions in the U S until its explosion in Greenwich Village in the 1910s Although Bohemia was everywhere in nineteenth and twentieth century American culture it has received relatively little scholarly attention *Bohemia in America 1858 1920* fills this critical void discovering and exploring the many textual and geographic spaces in which Bohemia was conjured Joanna Levin not only provides access to a neglected cultural phenomenon but also to a new and compelling way of charting the development of American literature and culture **Notable Czech and Slovak Americans** Miloslav Rechcigl Jr., 2021-12-14 The contribution to the development and culture of America by the immigrants from the territory of former Czechoslovakia be they Czechs or Slovaks or Bohemians as they used to be called has been enormous Yet little has been written about the subject This compendium is part of an effort to correct this glaring deficiency In this compendium the focus is on religion law and jurisprudence business and entrepreneurship and the notable people in the government with the narration and assessment about the Czechoslovak American explorers adventurers and pioneers who paved the way for the colonists and settlers who followed them An important role among them played the social movement activists some of whose ideas won the respect and ultimately acceptance by general population to which subject an entire section has been devoted Among other you will find among them abolitionists freethinkers suffragists civil human rights activists environmentalists and conservationists climate change activists philanthropists inventors and even futurists or futurologists Their innovative ideas inevitably led to the rise of the plethora of Czech and Slovak American leaders encompassing practically every aspect

of human endeavor As stated in the Foreword this reference will serve as a powerful research tool for many years to come for scholars and all Czechs and Slovaks on both sides of the Atlantic *Crowell's Handbook for Readers and Writers* Henrietta Gerwig,1925 [The Twentieth Century Biographical Dictionary of Notable Americans ...](#) Rossiter Johnson,John Howard Brown,1904 *The Bohemian South* Shawn Chandler Bingham,Lindsey A. Freeman,2017-05-08 From the southern influence on nineteenth century New York to the musical legacy of late twentieth century Athens Georgia to the cutting edge cuisines of twenty first century Asheville North Carolina the bohemian South has long contested traditional views of the region Yet even as the fruits of this creative South have famously been celebrated exported and expropriated the region long was labeled a cultural backwater This timely and illuminating collection uses bohemia as a novel lens for reconsidering more traditional views of the South Exploring wide ranging locales such as Athens Austin Black Mountain College Knoxville Memphis New Orleans and North Carolina s Research Triangle each essay challenges popular interpretations of the South while highlighting important bohemian sub and countercultures The Bohemian South provides an important perspective in the New South as an epicenter for progress innovation and experimentation Contributors include Scott Barretta Shawn Chandler Bingham Jaime Cantrell Jon Horne Carter Alex Sayf Cummings Lindsey A Freeman Grace E Hale Joanna Levin Joshua Long Daniel S Margolies Chris Offutt Zandria F Robinson Allen Shelton Daniel Cross Turner Zackary Vernon and Edward Whitley **Library of the World's Best Literature, Ancient and Modern: Biographical dictionary** Charles Dudley Warner,1902 **Syllabus of a Collegiate Course of Lecture-studies of Representative American Writers ...** Clyde Bowman Furst,1905 **Warner's Dictionary of Authors Ancient and Modern** Charles Dudley Warner,1902

Europe in British Literature and Culture Petra Rau,William T. Rossiter,2024-06-13 How has Europe shaped British literature and culture and vice versa since the Middle Ages This volume offers nuanced answers to this question From the High Renaissance to haute cuisine from the Republic of Letters to the European Union from the Black Death to Brexit the reader gains insights into the main geographical zones of influence shared intellectual movements indicative modes of cultural transfer and more recent conflicts that have left their mark on the British European relationship The story that emerges from this long history of cultural interactions is much more complex than its most recent political episode might suggest This volume offers indispensable contexts to the manifold and longstanding connections between British and European literature and culture This book suggests that however the political landscape develops we will do well to bear this exceptionally rich history in mind *Winston's Cumulative ... Encyclopedia* Charles Morris,1914 **Winston's**

Cumulative Loose-leaf Encyclopedia Charles Morris,1921 [Beyond the Sea of Beer](#) Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the

famous Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs Bohemians in America* some one hundred years ago *Homeless in Paradise: Communicating with the Bohemian Venice Beach Subculture* William G.
