he let it stay where it was When however he twice again found it in the same place and still running about with the same signs of uneasiness he said No it is not all right with it so now in the name of God He made a grasp at the insect which resisted and clung fast to the stone but he held it tight and tore it away by main force and lo then he found he had by the top of the head a little ugly black chap about six inches long screeching and kicking at a furious rate The farmer was greatly astounded at this sudden transformation Still he held his prize fast and kept calling to him while he administered to him a few smart slaps Be quiet be quiet my little man If crying was to do the business we might look for heroes in swaddling clothes We ll just take you with us a bit and see what you are good for The little fellow trembled and shook in every limb and then began to whimper most piteously and begged of the farmer to let him go No my lad replied the farmer I will not let you go till you tell me who you are and how you came here and what trade you know that enables you to earn your bread in the world At this the little man grinned and shook his head but said not a word in reply only begging and praying the more to get loose The farmer thought he must now entreat him if he would coax any information out of him But it was all to no purpose He then adopted the contrary method and whipped and slashed him but just to as little effect The little black thing remained as dumb as the grave for this species is the most malicious and obstinate of all the underground folk A New Universal Biography.
