The Cold War File:

The Cold War File Andy East, 1983 **The Cold War Endgame** Ralph L. Dietl, 2022-09-06 This book examines the planned disaggregation of the global structures of the Cold War In the final years of a decades long era of bipolarity the United States and the Soviet Union co managed a continental transformation that erased Europe s Iron Curtain **The Cold War** John Lamberton Harper, 2011-05-27 The East West struggle for supremacy from 1945 to 1989 shaped the lives of hundreds of millions and brought the world to the brink of disaster on several occasions More than two decades on the debate over its causes and dynamics is far from over Drawing on the latest archival evidence and scholarly research prize winning historian John Lamberton Harper provides a concise briskly written assessment of the Cold War Why did it start and eventually envelope nearly every corner of the planet Why did it stay cold at least in its original European theatre Why did it end and who should take the credit Harper illuminates the deep seated behavioural patterns within both the Soviet Union and the United States the search for security through expansion and military might the belief in a messianic mission to uplift humanity but also a readiness to live and let live based on membership in a common state system and a shared interest in survival He stresses ways in which internal competitions for political power tilted both the U S and Soviet systems towards bellicosity and obsessive preparation for a hot war that no one seriously intended to begin It is a story of delusions of omnipotence and rash behavior punctuated by moments of redeeming statesmanship and self restraint Harper concludes that rather than triumphalism a clear look back at the Cold War s close calls with catastrophe and enormous cost in lives and treasure ought to evoke a sense of regret and humility as well as relief **The Vietnam War Files** Jeffrey P. Kimball, 2004 The new evidence uncovers a number of behind the scenes plays such as Nixon s secret nuclear alert of October 1969 and sheds more light on Nixon s goals in Vietnam and his and Kissinger s strategies of Vietnamization the China card and triangular diplomacy The excerpted documents also reveal significant new information about the purposes of the linebacker bombings Nixon s manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics events and issues All of these are effectively framed by Kimball whose introductions to each document provide historical context **John le Carré and the Cold War** Toby Manning, 2018-01-25 John le Carré and the Cold War explores the historical contexts and political implications of le Carré s major Cold War novels The first in depth study of le Carré this century this book analyses his work in light of key topics in 20th century history including containment of Communism decolonization the Berlin Wall the Cuban missile crisis the Cambridge spy ring the Vietnam War the 70s oil crisis and Thatcherism Examining *The Spy Who Came in from the Cold* 1963 *Tinker Tailor Soldier Spy* 1974 *Smiley s People* 1979 and other novels this book offers an illuminating picture of Cold War Britain while situating le Carré s work alongside that of George Orwell Graham Greene and Ian Fleming Providing a valuable contribution to contemporary understandings of both British spy fiction and post war fiction Toby Manning challenges the critical consensus to reveal a considerably less radical

writer than is conventionally presented **Origins of the Cold War** Melvyn P. Leffler, 2005 This second edition brings the collection up to date including the newest research from the Communist side of the Cold War and the most recent debates on culture race and intelligence British Propaganda and News Media in the Cold War John Jenks, 2006-04-19 This is a study of the British state's generation suppression and manipulation of news to further foreign policy goals during the early Cold War Bribing editors blackballing unreliable journalists creating instant media experts through provision of carefully edited inside information and exploiting the global media system to plant propaganda disguised as news around the world these were all methods used by the British to try to convince the international public of Soviet deceit and criminality and thus gain support for anti Soviet policies at home and abroad Britain's shaky international position heightened the importance of propaganda The Soviets and Americans were investing heavily in propaganda to win the hearts and minds of the world and substitute for increasingly unthinkable nuclear war The British exploited and enhanced their media power and propaganda expertise to keep up with the superpowers and preserve their own global influence at a time when British economic political and military power was sharply declining This activity directly influenced domestic media relations as officials used British media to launder foreign bound propaganda and to create the desired images of British public opinion for foreign audiences By the early 1950s censorship waned but covert propaganda had become addictive The endless tension of the Cold War normalized what had previously been abnormal state involvement in the media and led it to use similar tools against Egyptian nationalists Irish republicans and British leftists Much more recently official manipulation of news about Iraq indicates that a behind the scenes examination of state propaganda's earlier days is highly relevant John Jenks draws heavily on recently declassified archival material for this book especially files of the Foreign Office's anti Communist Information Research Department IRD propaganda agency and the papers of key media organisations journalists politicians and officials Readers will therefore gain a greater understanding of the depth of the state's power with the media at a time when concerns about propaganda and media manipulation are once again at the fore *The Cold War and Academic Governance* Lionel S. Lewis, 1993-08-03 This book examines the harassment of the Johns Hopkins University sinologist Owen Lattimore during the height of the Cold War on campus It moves from detailing the specifics of Lattimore's case to a discussion of the broader themes of academic governance that the case exposed With his meticulous dissection of this major event in United States academic history Lewis shows us much about the workings of academic governance *The Cold War: Hot wars of the Cold War* Lori Lyn Bogle, 2001 **Religion and the Cold War** D. Kirby, 2002-12-13 Although seen widely as the twentieth century's great religious war as a conflict between the god fearing and the godless the religious dimension of the Cold War has never been subjected to a scholarly critique This unique study shows why religion is a key Cold War variable A specially commissioned collection of new scholarship it provides fresh insights into the complex nature of the Cold War It has profound resonance today with the resurgence of religion as a political force in global society **Transcending the Cold War**

Kristina Spohr, David Reynolds, 2016-08-18 In 1989 and 1990 the map of Europe was redrawn without a war unlike other great ruptures of the international order such as 1815 1870 1918 and 1945 How did this happen This major multinational study based on archives from both sides of the Iron Curtain highlights the contribution of international statecraft to the peaceful dissolution of Europe's bipolar order by examining pivotal summit meetings from 1970 to 1990 These are organized into three periods Thawing Living with and Transcending the Cold War The volume offers fascinating insights into key statesmen such as Richard Nixon and Ronald Reagan Leonid Brezhnev and Mikhail Gorbachev Willy Brandt and Helmut Kohl Zhou Enlai and Deng Xiaoping It explores the central issues of the superpowers and arms control their triangular relationship with China and the seemingly intractable German question Particular attention is devoted to the cultural dimensions of summitry as performative acts for the media and as encounters with the Other across ideological divides All these threads are drawn together in a sweeping analytical conclusion Written in lively prose Transcending the Cold War is essential reading for anyone interested not just in modern history but also current international affairs *Theatre, Globalization and the Cold War* Christopher B. Balme, Berenika Szymanski-Düll, 2017-06-05 This book examines how the Cold War had a far reaching impact on theatre by presenting a range of current scholarship on the topic from scholars from a dozen countries They represent in turn a variety of perspectives methodologies and theatrical genres including not only Bertolt Brecht Jerzy Grotowski and Peter Brook but also Polish folk dancing documentary theatre and opera production The contributions demonstrate that there was much more at stake and a much larger investment of ideological and economic capital than a simple dichotomy between East versus West or socialism versus capitalism might suggest Culture and theatrical culture in particular with its high degree of representational power was recognized as an important medium in the ideological struggles that characterize this epoch Most importantly the volume explores how theatre can be reconceptualized in terms of transnational or even global processes which it will be argued were an integral part of Cold War rivalries **The Cold War at Home and Abroad** Andrew L. Johns, Mitchell B. Lerner, 2018-08-10 From President Truman's use of a domestic propaganda agency to Ronald Reagan's handling of the Soviet Union during his 1984 reelection campaign the American political system has consistently exerted a profound effect on the country's foreign policies Americans may cling to the belief that politics stops at the water's edge but the reality is that parochial political interests often play a critical role in shaping the nation's interactions with the outside world In *The Cold War at Home and Abroad Domestic Politics and US Foreign Policy* since 1945 editors Andrew L. Johns and Mitchell B. Lerner bring together eleven essays that reflect the growing methodological diversity that has transformed the field of diplomatic history over the past twenty years The contributors examine a spectrum of diverse domestic factors ranging from traditional issues like elections and Congressional influence to less frequently studied factors like the role of religion and regionalism and trace their influence on the history of US foreign relations since 1945 In doing so they highlight influences and ideas that expand our understanding of the history of American

foreign relations and provide guidance and direction for both contemporary observers and those who shape the United States role in the world This expansive volume contains many lessons for politicians policy makers and engaged citizens as they struggle to implement a cohesive international strategy in the face of hyper partisanship at home and uncertainty abroad

Religion and the Cold War Philip Emil Muehlenbeck,2012 The influence of faith in the conflicts that defined the Cold War

The End of the Cold War ,2001 Featuring new evidence on the end of the Cold War 1989 the fall of the Wall Sino Soviet relations 1958 59 Soviet missile deployments 1959 the Iran Crisis 1944 46 Tito and Khrushchev 1954

Cold War Spencer C. Tucker,Priscilla Roberts,2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century

The Cold War U.S. Army Ingo Tauschweizer,2008 Focuses on the Seventh Army in West Germany the largest and best prepared field army ever deployed by the U S in peacetime to show how the U S army redefined its identity structure and mission in order to avoid obsolescence during the Cold War era of nuclear weapons and air power

The Cold War: National security policy planning from Truman to Reagan and from Stalin to Gorbachev Lori Lyn Bogle,2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

Beyond the Cold War Francis J. Gavin,Mark Atwood Lawrence,2014-03 In writing about international affairs in the 1960s historians have naturally focused on the Cold War The decade featured perilous confrontations between the United States and the Soviet Union over Berlin and Cuba the massive buildup of nuclear stockpiles the escalation of war in Vietnam and bitter East West rivalry throughout the developing world As the world historical force of globalization has quickened and deepened however historians have begun to see that many of the global challenges that we face today *Beyond the Cold War* examines how the administration of President Lyndon B

Johnson responded to this changing international landscape To what extent did U S leaders understand these changes How did they prioritize these issues alongside the geostrategic concerns that dominated their daily agendas and the headlines of the day How successfully did Americans grapple with these long range problems with what implications for the future What lessons lie in the efforts of Johnson and his aides to cope with a new and inchoate agenda of problems By reconsidering the 1960s this work suggests a new research agenda predicated on the idea that the Cold War was not the only or perhaps even the most important feature of international life in the postwar period

Terrorism in the Cold War ,2020-09-17 Accounts of the relationships between states and terrorist organizations in the Cold War era have long been shaped by speculation a lack of primary sources and even conspiracy theories In the last few years however things have evolved rapidly Using a wide range of case studies including the British State and Loyalist Paramilitaries in Northern Ireland as well as the United States and Nicaragua this book sheds new light on the relations between state and terrorist actors allowing for a fresh and much more insightful assessment of the contacts dealings agreements and collusion with terrorist organizations undertaken by state actors on both sides of the Iron Curtain This book presents the current state of research and provides an assessment of the nature motives effects and major historical shifts of the relations between individual states and terrorist organizations The articles collected demonstrate that these state terrorism relationships were not only much more ambiguous than much of the older literature had suggested but are in fact crucial for the understanding of global political history in the Cold War era

Eventually, you will definitely discover a new experience and triumph by spending more cash. yet when? accomplish you allow that you require to get those every needs once having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more going on for the globe, experience, some places, past history, amusement, and a lot more?
