New Cold Wars David E. Sanger, 2024-04-16 NEW YORK TIMES BESTSELLER The fast paced inside story of America s plunge into a volatile rivalry with the other two great nuclear powers Xi Jinping s China and Vladimir Putin s Russia from the Pulitzer Prize winning journalist and bestselling author of *The Perfect Weapon* A cogent revealing account of how a generation of American officials have grappled with dangerous developments in the post Cold War era vividly captures Washington The New York Times Editors Choice ONE OF NPR S BEST BOOKS OF THE YEAR For years the United States was confident that the newly democratic Russia and increasingly wealthy China could be lured into a Western led order that promised prosperity and relative peace so long as they agreed to Washington s terms By the time America emerged from the age of terrorism it was clear that this had been a fantasy Now the three powers are engaged in a high stakes struggle for military economic political and technological supremacy with nations around the world pressured to take sides Yet all three are discovering that they are maneuvering for influence in a far more turbulent world than they imagined Based on a remarkable array of interviews with top officials from five presidential administrations U S intelligence agencies foreign governments and tech companies Sanger unfolds a riveting narrative spun around the era s critical questions Will the mistakes Putin made in his invasion of Ukraine prove his undoing and will he reach for his nuclear arsenal or will the West s famously short attention span signal Kyiv s doom Will Xi invade Taiwan Will both men deepen their partnership to undercut America s dominance And can a politically dysfunctional America still lead the world Taking readers from the battlefields of Ukraine where Russia uses bullets from North Korea and drones from Iran to the Taiwan headquarters where the world s most advanced computer chips are produced and on to tense debates in the White House Situation Room *New Cold Wars* is a remarkable first draft history chronicling America s return to superpower conflict the choices that lie ahead and what is at

stake for the United States and the world      **The United States and Contemporary China-Russia Relations** Brandon K. Yoder, 2022-04-28 China and Russia have grown progressively closer over the last two decades yielding a China Russia axis uniquely capable of challenging the United States and of revising key aspects of the international order Although the scholarly literature has offered detailed descriptions and various ad hoc explanations of this trend the Sino Russian bilateral relationship has been the subject of very little scrutiny using rigorous theory which has precluded the formation of logically coherent and empirically supported explanations for increasing China Russia cooperation Moreover the cooperative post Cold War trend in the bilateral relationship is puzzling for each of the major paradigms of international relations theory realism constructivism and liberalism This volume brings together leading IR scholars from various theoretical perspectives as well as theoretically informed experts in Chinese and Russian foreign policy The chapters develop and apply nuanced theoretical arguments to derive testable hypotheses for the cooperative trend in China Russia relations In contrast to existing scholarship the book offers generalizable insights that both improve our understanding of a crucially important contemporary case while also advancing IR theory in substantial ways      Professional Journal of the United States Army ,1974

Problems of Communism ,1980      **Russia, America and the Cold War** Martin McCauley, 2013-11-04 The conflict between Russia and America shaped the world for over four decades Both were universalist powers they wanted every country in the world to copy their model of government and economy They could not rest until the other side had been vanquished and until the mid 1980s this included the prospect of nuclear war In a new edition of one of the best selling books in the Seminar Studies in History Series Martin McCauley looks at the epic struggle between the two superpowers that put everyone in danger In a clear and accessible manner the book Gives a succinct summary of the main turning points in the conflict Looks at how the whole world was sucked into the Cold War Shows how the arms race eventually bankrupted Russia Discusses whether or not America and Russia have learnt anything from this confrontation Also containing a Chronology Glossary and Who's Who of key figures this revised second edition of Russia America and the Cold War is essential reading for all students of twentieth century history Martin McCauley is a seasoned writer and broadcaster who has a wealth of experience in Russian and international affairs His recent publications include The Origins of the Cold War revised 3rd edition 2008 Stalin and Stalinism revised 3rd edition 2008 and The Rise and Fall of the Soviet Union 2007      *China, Russia and New Eurasian Order* Emil Avdaliani, 2023-04-28 This book offers a comprehensive understanding of the Eurasian vision of Russia and China and their perception of each other's Eurasian projects Using the idea of hierarchical order as an analytical framework for the explanation and understanding of the burgeoning Sino Russian relationship the work provides different perspectives on the growing competition between the US and China and Russia's increasing reliance on China The book will be of interest to scholars working on international relations with a particular focus on Russian and Chinese foreign policies It will also appeal to those interested in concepts of regionalism and spheres of influence      **Summary of New**

**Cold Wars by David E. Sanger** David E. Sanger, 2024-04-18 **DISCLAIMER** Please note that this book contains a summary of the original content which is a condensation of the key ideas and information found in the original book. Therefore, it is recommended to read the original book for a comprehensive and detailed understanding of the topics discussed. This summary is provided for informational purposes only and is not intended to infringe upon the intellectual property rights of the original book. Summary of *New Cold Wars* by David E. Sanger: China's Rise, Russia's Invasion, and America's Struggle to Defend the West. IN THIS SUMMARIZED BOOK YOU WILL GET: Chapter provides an astute outline of the main contents. Fast, simple understanding of the content analysis. Exceptionally summarized content that you may skip in the original book. David E. Sanger's book *New Cold Wars* explores America's growing rivalry with China and Russia based on interviews with top officials from five administrations. It explores critical questions like: Putin's invasion of Ukraine, nuclear arsenal reach, Kyiv's doom, Xi's invasion of Taiwan, and global leadership. *The Russia-Ukraine War: A Manifestation of the 'New Cold War'?* Karim Fathi, 2025-07-27 The war in Ukraine has captivated the world. Current coverage is emotional and largely limited to the military aspects of the war. Contributions from Peace and Conflict Studies have been underrepresented in the current debate. They are even subject to anti-pacifist criticism. The question of what is needed for a lasting peace is hardly addressed. This question is all the more important as this war has a highly explosive global dimension in its depth with indirect links to other territorial conflicts such as the China-Taiwan conflict. In parallel with the war, there is a growing global bloc between East and West, and since Donald Trump took office in January 2025, an internal split in the West with an uncertain outcome. Some observers speak of a New Cold War with the two superpowers, the US and China, and the EU and Russia as the main players. At the same time, the war seems to be acting as a catalyst for a new multilateral world order. The book outlines in a concise and generally understandable form how a multidimensional analysis of complex conflicts such as the Russia-Ukraine war can be approached and how approaches to conflict intervention and foreign policy can be derived from this complexity. It also provides impetus for the further development of Peace Studies into a multi-paradigmatic field of research. Rethinking Post-Cold War Russian-Latin American Relations Vladimir Rouvinski, Victor Jeifets, 2022-06-07 Today there is plenty of evidence that Russia has become a prominent external actor in Latin America and the Caribbean. Yet few books have attempted to better understand the reasons behind Russia's return and Moscow's continuous engagement in the region. In order to fill the gap, this volume offers the first interdisciplinary study of Russian-Latin American relations after the end of the Cold War. Across 16 chapters, leading experts from Russia, Europe, the United States, and Latin America collectively re-examine the Soviet legacy to reveal the conditions in which Russia operates today and identify the key trends of contemporary Russian relations with this part of the world. The book then moves on to provide a detailed case study analysis of Russia's bilateral relations with Venezuela, Cuba, Mexico, Brazil, Argentina, and Colombia, identifying the most critical dimensions of Russian engagement. *Rethinking Post-Cold War Russian-Latin American Relations* allows readers to identify the

fundamental driving forces of Russia's renewed commitment to the area its strategies and experiences The book will be of interest to readers of international relations and area studies historians of modern Latin America migration studies political economy and any political scientists interested in Russian decision making *Russia and China* Michal Lubina, 2017-10-23 This book depicts the sophisticated relationship between Russia and China as a pragmatic one a political marriage of convenience Yet at the same time the relationship is stable and will remain so After all bilateral relations are usually based on pragmatic interests and the pursuit of these interests is the very essence of foreign policy And as often happens in life the most long lasting marriages are those based on convenience The highly complex complicated ambiguous and yet indeed successful relationship between Russia and China throughout the past 25 years is difficult to grasp theoretically Russian and Chinese elites are hard core realists in their foreign policies and the neorealist school in international relations seems to be the most adequate one to research Sino Russian relations Realistically throughout this period China achieved a multidimensional advantage over Russia Yet simultaneously Russia China relations do not follow the patterns of power politics Beijing knows its limits and does not go into extremes Rather China successfully seeks to build a longterm stable relationship based on Chinese terms where both sides gain albeit China gains a little more Russia in this agenda does not necessary lose just gains a little less out of this asymmetric deal Thus a new model of bilateral relations emerges which may be called by paraphrasing the slogan of Chinese diplomacy as asymmetric win win formula This model is a kind of back to the past a contemporary equivalent of the first model of Russia China relations the modus vivendi from the 17th century achieved after the Nerchinsk treaty *The Untold History of the United States* Oliver Stone, Peter Kuznick, 2019-04-02 Indispensable There is much here to reflect upon President Mikhail Gorbachev As riveting eye opening and thought provoking as any history book you will ever read Can't recommend it highly enough Glenn Greenwald The Guardian Finally a book with the guts to challenge the accepted narrative of recent American history Bill Maher Kuznick and Stone's Untold History is the most important historical narrative of this century a carefully researched and brilliantly rendered account Martin Sherwin Pulitzer Prize winning co author of American Prometheus A work of courage wisdom and compassion that will stand the test of time A fierce critique and a passionate paean for Stone and Kuznick's native land Ambassador Akbar Ahmed author of The Thistle and the Drone The New York Times bestselling companion to the Showtime documentary series now streaming on Netflix updated to cover the past five years A PEOPLE'S HISTORY OF THE AMERICAN EMPIRE In this riveting companion to their astonishing documentary series including a new chapter and new photos covering Obama's second term Trump's first year and a half climate change nuclear winter Korea Russia Iran China Lybia ISIS Syria and more Academy Award winning director Oliver Stone and renowned historian Peter Kuznick challenge prevailing orthodoxies to reveal the dark truth about the rise and fall of American imperialism *Arctic Opportunities and Challenges* Edmund Li Sheng, 2022-04-15 This book focuses on the participation and interaction of the three great powers i.e. China Russia and the United States in Arctic

affairs from an international relations perspective Global climate change has become a shared problem for all mankind One of its key elements is the warming of the Arctic which is affecting every dimension of nature and humanity globally Climate change in the Arctic will directly affect natural ecosystems coastal areas forests water resources agricultural production animal husbandry tourism and other economic activities in various countries around the globe For the Northeast Asian region however the opening of the Arctic Passage by melting sea ice presents an opportunity The current international legal regime for governance in the Arctic is insufficient to cope with the challenges of global warming This book will be of interest to scholars following the future development of the Arctic and the role of China as a newcomer to Arctic affairs Free Russia ,1900 *Reclaiming American Catholicism* John Gehring,2025-08-01 A rich portrait of American Catholicism at a crossroads between crisis and opportunity The most vocal leaders in the U S Catholic hierarchy today embrace a culture war Catholicism Reclaiming American Catholicism makes the argument that recalibrating the Church s engagement with politics and public life is vital for both the Church and the country Gehring illuminates the Church that Pope Francis envisioned bruised hurting and dirty because it has been out on the streets through stories of Catholic advocates working on the border young Catholics who question Church teachings but are active in social justice campaigns LGBTQ Catholics within a Church that does not accept their full humanity and seminarians who work in the fields with migrants as part of their religious formation This book offers a hopeful vision for the Church at a time when the Catholic social justice tradition is more relevant than ever **A History of Russia and the Soviet Union** David MacKenzie,Michael W. Curran,1987 **Russia and China in Prophecy** Stephen Flurry,Ron Fraser,Andrew Locher,Philadelphia Church of God,2013-10-17 America s status as the world s lone superpower is rapidly fading Other nations and groups of nations are angling to fill the void Rising in the East is an emerging power bloc of tremendous potential in manpower economic heft and military might Its growing presence is intensifying global competition for resources and for geopolitical influence Where will this trend lead You can know Biblical prophecy provides a remarkable penetrating preview of Asia s future In this booklet The Emerging Asian Superpower Russia Frightens Europe and Fulfills Bible Prophecy What the China Miracle Means Japan s Place in the Future Asia in Prophecy This ebook is offered completely free of charge by the Philadelphia Church of God However please not that Google Play will need a verified Google Wallet account which requires your credit card information In a small number of countries a temporary authorization of 1 will be charged to your account but will be refunded This refund can take up to 1 month to process
