literary and university friends And finally she was among the New Journalists who transformed writing and reporting in the 1960s making her nonfiction as imaginative in style and scope as a novel The first biographer to mine Diana Trilling's extensive archives Natalie Robins tells a previously undisclosed history of an essential member of New York City culture at a time of dynamic change and intellectual relevance Meticulously researched and documented the biography is a detailed foray into the lives of a generation of writers and into the mind of literary critic writer and intellectual Diana Trilling Ms Robins does a solid job of rehabilitating a significant literary and cultural figure of the 20th century a woman who spent much of her career in her husband's shadow Kirkus Reviews *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09 **Ford Madox Brown** Colin Trodd, 2022-07-19 This book argues that Ford Madox Brown's murals in the Great Hall of Manchester Town Hall 1878-93 were the most important public art works of their day Brown's twelve designs on the history of Manchester remarkable exercises in the making of historical vision were semi-forgotten by academics until the 1980s partly because of Brown's unusually muscular conception of what history painting should set out to achieve This ground-breaking book explains the thinking behind the programme and indicates how each mural contributes to a radical vision of social and cultural life It shows the important link between Brown and Thomas Carlyle the most iconoclastic of Victorian intellectuals and reveals how Brown set about questioning the verities of British liberalism

*Essays on French History and Historians* John Stuart Mill, 1985-12-15 J S Mill's deep interest in French intellectual, political and social affairs began in 1820 when in his fourteenth year he went to France to live for a year with the family of Sir Samuel Bentham French became his second language and France his second home where he died and was buried in 1873 His interest in history began even earlier when as a child of seven he tried to imitate his father's labours on the History of British India though he never wrote a history in his maturity study of the past remained a passion and helped shape the philosophy of history that informed his views of society and ethics His intense interest in contemporary French politics also led him to seek connections between historical developments and present trends both seen by him from a Radical perspective appropriate to what he believed to be an age of transition The English historians of France including Walter Scott and Thomas Carlyle as well as the French some of whom were themselves political figures are judged by their historical methods but those methods are seen as having practical effects in shaping as well as revealing the mind of the times This volume brings together for the first time the essays running from 1826 to 1849 that meld these abiding interests They give as well insights into Mill's personal aspirations his developing view of comparative politics and sociology his concern for freedom and his feminism During these years Mill worked on and published his *System of Logic* Book VI of which shows in condensed form the results of the speculations here developed reading these essays with that work which made his reputation as a philosopher enables one to see the effects of romanticism on analytic thought in a way not as clearly evident even in Mill's Autobiography Independently important then the essays in this volume also enable us to interpret anew the practical and

theoretical concerns fundamental to his formative years and maturity John C Cairns Introduction demonstrates how the essays reveal through their reactions to the Revolutions of 1789 1830 and 1848 and to French historiography politics and thought the effect of France on Mill s ideas and also the way in which his other concerns influenced his reactions to France The texts with the variants and notes that are the hallmark of this edition are described in John M Robson s Textual Introduction which explains the editorial principles and methods

**Victorian Keats and Romantic Carlyle** ,2022-02-22

Both John Keats and Thomas Carlyle were born in 1795 but one rarely thinks of them together When one does curious speculations result It is difficult to think of Carlyle as a young Romantic or of Keats as a Victorian Sage but had Carlyle died prematurely and had Keats lived to a ripe old age we might now be considering a Romantic Carlyle and a Victorian Keats Such a juxtaposition leads one to consider the use and abuse the fusions and confusions of period terms in literary history and in criticism Does Carlyle represent Romanticism as typically as Keats Does Keats s work give us any cause to believe that he might have developed into a Victorian poet Do the terms Romanticism and Victorian have any useful literary historical and literary critical value What are the marks of the transition from one to the other Or is the existence of such a transition an illusion In this volume some essays consider aspects of Keats or of Carlyle independently or together or focus on contemporaries of one or other or of both and explore the effect of their literary and ideological relationships and the often indefinable sense that we all have of different styles manners and periods as well as the awareness that we might all be equally deceived about such distinctive boundaries and definitions
