Intralingual Translation of British Novels Linda Pillière, 2021-04-22 Shortlisted for the ESSE 2022 Book Awards Shortlisted for the 2022 SAES AFEA Research Prize Building on an upsurge of interest in the Americanisation of British novels triggered by the Harry Potter series this book explores the various ways that British novels from children's fiction to travelogues and Book Prize winners have been adapted and rewritten for the US market Drawing on a vast corpus of over 80 works and integrating the latest research in multimodality and stylistics Linda Pillière analyses the modifications introduced to make British English texts more culturally acceptable and accessible to the American English reader From paratextual differences in cover illustrations typeface and footnotes to dialectal changes to lexis tense syntax and punctuation Pillière explores the sociocultural and ideological pressures involved in intralingual translation and shows how the stylistic effects of such changes including loss of meaning voice rhythm and word play often result in a more muted American edition In doing so she reveals how homing in on numerous small adjustments can provide fascinating insights into the American publishing process and readership *Sharp Cut* Steven H. Gale, 2021-02-16 While best known as one of the most important playwrights of the twentieth century Harold Pinter 1930-2008 had an equally successful career writing screenplays His collaborations with director Joseph Losey garnered great attention and esteem and two of his screenplays earned Academy Award nominations *The French Lieutenant's Woman* 1981 and *Betrayal* 1983 He is also credited for writing an unproduced script to remake Stanley Kubrick's 1962 adaptation of *Lolita* Much scholarship has been dedicated to the subject of Pinter as playwright but the rich landscape of his work in film has been left largely undisturbed In *Sharp Cut* Harold Pinter's Screenplays and the Artistic Process Steven H Gale the world's foremost Pinter scholar analyzes Pinter's creative process from initial conception to finished film Gale makes careful point by point comparisons of each stage in the screenplay's creation the source material the adaptations themselves and the films made from the scripts in order to reveal the meaning behind each film script and to explain the cinematic techniques used to express that meaning Unlike most Pinter scholars who focus almost solely on the written word Gale devotes discussion to the cinematic interpretation of the scripts through camera angles and movement cutting and other techniques Pinter does not merely convert his stage scripts to screenplays he adapts the works to succeed in the other medium avoiding elements of the live play that do not work onscreen and using the camera's focusing operations in ways that are not possible on the stage As Pinter's career progressed and his writing evolved screenplays became for him an increasingly vital means of creative expression *Sharp Cut* is the first study to fully explore this important component of the Pinter canon *First Love, Last Rites* Ian McEwan, 1989 Misfits freaks perverts and

outcasts populate the grisly world and strange macabre tales of obsession sex and death in Ian McEwan's short stories

Omaha Jason Sperb, 2025 Alexander Payne's directorial career began with the satiric hit Citizen Ruth and continued with other successes such as Election About Schmidt The Descendants Nebraska and most recently The Holdovers Jason Sperb here provides the first monographic study on Payne's career and auteurship focusing on the theme of travel through his films Drawing on theories of tourism whiteness masculinity nostalgia and class Sperb structures his book using typical filmic plot points moving from Payne's backstory to the status quo his characters find themselves in before a catalyst spurs them to begin a journey that leads to a crisis and then of course resolution He uses each point to explore various of Payne's films such as exploring how the characters status quo in About Schmidt The Descendants and Downsizing lead them to a white savior mentality to help others with less privilege Through the characters journeys Sperb is able to focus on the Midwesternness of Payne's films even those that are located elsewhere based on Payne's roots in Omaha and his love of Westerns He concludes by examining the ways in which Payne's characters finish their journeys not necessarily by

addressing past crises or having a moment of growth but with fleeting moments of emotional release or experiencing moments of grace from others **The British Character, Studied and Revealed** Pont,1982 **Rethinking**

Pinter and the Object of Desire Linda Renton,2002 Harold Pinter was fascinated by film long before the theatre but the importance of his screenplays based on the work of other writers has been overlooked Renton shows him working from manuscript to final text to engage the spectator in a relationship of desire or anxiety with what is unseen A newly discovered poem links Pinter to the Surrealists and through the Surrealists to their contemporary the psychoanalyst Jacques Lacan 1901 81 The present study shows Pinter working differently from mainstream cinema places him at the forefront of film theory and offers a fresh insight into his entire output **New Socialist** ,1985 *Contemporary British Fiction and the Cultural*

Books and Bookmen ,1982 **Edward VI (Penguin Monarchs)** Stephen Alford,2014-12-04 Edward VI the only son of Henry VIII became king at the age of nine and died wholly unexpectedly at the age of fifteen All around him loomed powerful men who hoped to use the child to further their own ends but who were also playing a long game assuming that Edward would long outlive them and become as commanding a figure as his father had been Stephen Alford s wonderful book gives full play to the murky sinister nature of Edward s reign but is also a poignant account of a boy learning to rule learning to enjoy his growing power and to come out of the shadows of the great aristocrats around him England s last child monarch Edward would have led his country in a quite different direction to the catastrophic one caused by his death

The Devil's Advocates Thomas R. Whissen,1989-08-07 It is a feat to demystify decadence genially while dealing with unsavory material usually presented complicitously But Whissen achieves even more He is not looking at counterculture literature but at mainstream literature in which the reader either senses something decadent in the writer s attitude or identifies some rhetorical device associated with the decadence He focuses chiefly on authors who have been studied from other perspectives e g Gide Mann James Dinesen or who have hardly been studied at all e g Maugham Firbank Capote Suesskind Stephen King Choice As a distinct literary movement decadence made its brief appearance in the last two decades of the nineteenth century As a theme and a philosophical posture however it continues to maintain a hold on the Western literary imagination The first writer to examine the pervasive influence of decadence on modern literature Whissen approaches the decadent vision as an attempt to come to terms with a world in decline rather than as a transient literary fad He explores the ways in which decadence functions not only in modern literature but in modern life arguing that if we fail to notice the elements of decadence in literature it is because they are now such an accepted part of our reality that we do not

recognize them as decadent Whissen discusses two major strains of decadence that originated in Oscar Wilde's day and have continued to influence modern literature One is the decadent work a narrative infused with a conscious committed self indulgence that serves both as solace and as a form of rebellion against the perceived ugliness and hypocrisy of the modern world The other strain includes works that have decadence as their theme such as Wilde's *The Picture of Dorian Gray* In an analysis of the prototypic French decadent novel Huysmans *Against Nature* the author identifies the primary elements that make up the decadent temper narcissism masochism irony alienation sophistication vanity sensitivity nihilism and a taste for uncommon or intense experience He traces the development of these elements in works by Wilde Henry James Andre Gide Thomas Mann and Isak Dinesen as well as two contemporary writers Patrick Suskind and Paul Rudnick A significant contribution to literary scholarship and criticism this book will be of interest for courses or studies in modern and contemporary Western literature humanities social history and social psychology *The Emigrant Soldier's Gazette, and Cape Horn Chronicle* H. S. Palmer, 1907 **Environment and Planning**, 1985
