The Christian Parent's Activity Cards Renée Alda Marazon, David Alan Marazon, 2000      *The Christian Parent's Handbook of Child Development* Renée Alda Marazon, David Alan Marazon, 2000      Christian Family Activities for Families with Children Wayne Rickerson, 1982      **Christian Parenting** David P. Setran, 2022-06-21

What can the past teach us about what it means to be a good Christian parent today? Today's parenting guidance can sometimes feel timeless and inviolable, especially when it comes to the spiritual formation of children in Christian households. But even in the recent past, parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged. In this illuminating historical study, David Setran catalogs the varying ways American Protestants envisioned the task of childrearing in the seventeenth, eighteenth, and nineteenth centuries. Comparing two main historical time periods, the colonial era and the Victorian era, Setran uncovers common threads, opposing viewpoints, and the cultural and religious influences behind the dominant parenting postures of each era. The implications of his findings matter for today's big questions about parenting: Should children be viewed as basically good in need of protection from corruption, or as fundamentally sinful in need of moral correction? How should parents address misbehavior? Should a parent's primary role be that of teacher, disciplinarian, or nurturer? What importance should be attributed to devotions and prayer, church involvement, Sabbath keeping, home decorating, and fun family activities? What consideration should be given to gender? Should boys and girls be raised differently? Do mothers and fathers have essentially different responsibilities? As he surveys these historical perspectives, Setran reflects on the legacy and future of Christian parenting, concluding that the Protestant heritage encourages the importance of intentional devotional practices, the development of close parent-child bonds, and the creation of godly household environments. In the end, he argues that all of these historical values are critical to the full expression of Christian parental love. This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God's love that models Christlike sacrifice and guides children into the arms of their Creator.

Growing out of a conviction that we need to provide older children with a greater understanding of their Christian heritage and the Bible, Dr. Edward Buchanan has authored two resources that are both educational and biblically sound: *Parent Teacher Handbook Teaching Older Children Everything They Need to Know About the Bible* (volume 3) uses a chronological Bible story approach, giving leaders and teachers the core content and information needed to teach children about the Bible; *Parent Teacher Handbook Teaching Older Children Everything They Need to Know About Their Christian Heritage* (volume 4) covers the basics of our Christian heritage and faith, including Jewish traditions, missions, hymnody, art, science, and ethics.

Kincheloe,2018-04-17 For more than two thousand years Christian expansion and proselytizing was couched in terms of defending the faith Until recently in the United States much of that defense came in the form of reactions against the liberal influences channeled through big corporate media such as popular music Hollywood movies and network and cable television But the election of Ronald Reagan as a Hollywood President introduced Christian America to the tools of advertising and multimedia appeals to children and youth to win new believers to God s armies Christotainment examines how Christian fundamentalism has realigned its armies to combat threats against it by employing the forces it once considered its chief enemies the entertainment media including movies television music cartoons theme parks video games and books Invited contributors discuss the critical theoretical frameworks of top selling devices within Christian pop culture and the appeal to masses of American souls through the blessed marriage of corporatism and the quest for pleasure **The Christian Century** ,1916 *Education for Excellence* Colin Standish,Russell

Pike's accessible writing style and her nonsensationalistic approach do much to demystify neo paganism and its followers
