*The Choice of the Family* Jean Laffitte,2015-09-01 The Christian life we are called to live within the family is not something just to be studied It is something to be lived And it is something to be lived with joy Carl A Anderson from the Introduction When the Catholic Church speaks of vocation she means the calling out of each human person to accomplish a task preordained by God in the co redemption of the world Every human being has a vocation God created each individual soul with a specific purpose in mind Thus the greatest joy for a Christian is pursuing the purpose for which God created him or her For Christians marriage is a vocation In this series of interviews and reflections the Head of the Pontifical Council on the Family at the Vatican focuses on the intricacies of family Bishop Laffitte provides theological and practical insight to deepen our relationships with our parents children brothers and sisters and ultimately God *The Choice of the Family* stresses the importance of the family in the twenty

first century and issues a call to action for everyone to reinvigorate the teachings of Jesus in his or her day to day life The Christian Family ,1906      **Parenting a Happy Child** Peter Claver Ugo,2018-10-19 A Latin adage says Dat quod non habet meaning No one gives what he does not have This wise saying makes sense in the business of parenting We are in an age where children are begetting children due to lack of knowledge which contributes to rampant teenage pregnancy It gets complicated when a teenager who should still needs parental care becomes a parent This book examines some of the fundamental precautions that should be taken from the moment of conception such as the effects of toxins or teratogens that could affect the health of the baby in the womb Every parent who has the good of their baby in the womb in mind should know about these toxins and avoid putting them into their body The fundamentals to parenting with resilience and grace lies in the sacred nature of the human body as presented in this book Any form of physical and emotional abuse or addiction to alcohol and substances of abuse that can pose danger to the unborn baby or a child should be avoided The need for the parents to form a secure attachment with the baby cannot be underestimated as insecure attachment could result to lifelong emotional and psychological imbalance in the child if not properly addressed This book also seeks to emphasize that no two persons are ever the same not even identical twins Therefore the former idea in parenting that tends to say that one size fits all is untenable when it comes to raising a child who can live true to his or her nature I have in this book explored the various traits and energy movements that could inform the personality of your child and offer best practice tips to raise each child to be happy and successful Many behavioral warning signs that could show when the child is not properly being raised or abused are discussed Finally some measures that could be taken to arrest the effects of poor parenting and healing of a traumatized inner child are equally presented It is my sincere hope that many will find this book a good guide and reference book in raising their children      **Your Happy Marriage: 27 Lessons Learned from 27 Years of Married Life** Boni Belen,Alice Belen,2021-04-22 Boni and Alice are the co authors of Your Happy Marriage 27 Lessons Learned from 27 Years of Married Life They wrote this journal of their married life in their desire to share their poignant and personal experiences practical insights and Christian principles for those engaged or already married Boni and Alice are hopeful that the 27 lessons they share will help provide a renewed impetus as couples navigate through the joyful and rough and tumble terrains of that greatest adventure of all human loves called Marriage
