time an anonymous teddy bear set off from a factory in a north London suburb with a van load of similar bears and other toys His spectacular journey was to take him into the hearts of people of all ages around the world and that is where we will join him first in Acton where it all began Shirley Harrison from the introduction The story truly does begin in Acton England at the Farnell toy factory where the hand made mohair bear was born This biography traces the steps of the actual stuffed bear from his creation to his final resting place in the Children s Center of the New York Public Library Winnie the Pooh was brought to life as a loveable playmate flowing from the vivid imagination of Christopher Robin and introduced to the world by his father A A Milne Shirley Harrison uses original documents photographs and the diaries of the late Elliot Graham caretaker to the bear for more than forty years to give a glimpse into the hidden world of Winnie the Pooh and those whose lives he changed forever Well researched details flesh out the myths surrounding Winnie the Pooh s name his journey to American and his brief return to England Filled with details of the real Christopher Robin his mother father and the impact the stories had on their lives and illustrated with photographs of the people and places that brought the bear to life this book chronicles the origins of one of the best loved children s series in the world and focuses on the stuffed toy that started it all

Bureau of Education, 1939 **The Publishers Weekly**, 1908 *The Creators of Winnie the Pooh* Andrew Norman, 2025-03-30 In 1962 children s writer Roger Lancelyn Green coined the phrase The Golden Age of Children s Books A A Milne s two Winnie the Pooh books published in 1926 and 1928 which were so beautifully illustrated by artist and book illustrator E H Shepard fall into this category Milne was clearly motivated to compose his Winnie the Pooh stories in order to entertain his young son However Christopher Robin came to resent the fact that his father had used his real first names as the names of Pooh s owner in the books Was there a deeper reason why Milne created Winnie the Pooh Possibly yes The author had served as a soldier in the First World War and by creating Pooh and his Hundred Acre Wood he had created a world into which he could withdraw whenever he chose and thereby mitigate the post traumatic stress disorder which all military combatants suffer to a greater or lesser degree The same applied to Shepard who also served in that conflict Having been given the Pooh books as a child I re read them as an adult and laughed just as uproariously as I had done all those years ago Up until then it had never occurred to me to enquire about their author A A Milne and about their illustrator E H Shepard I now decided that it was time to put matters right
