The Church and Scottish Social Development, 1780-1870 Stewart Mechie, 1960      The Bible and Criticism in Victorian Britain John W. Rogerson, 1997-01-01 This book contains the F D Maurice lectures for 1992 and six Gifford lectures of 1994 The Maurice lectures present the first account of Maurice as an Old Testament interpreter The lectures on Smith concentrate upon his theological interests as an interpreter of the Bible as well as the first account based on unpublished material of Smith s activity as a preacher There is also a close investigation of Smith s links with Germany and the influence upon him of Richard Rothe is investigated in some detail for the first time One of the aims of the book is to show how in their different ways Maurice and Smith tried to relate the Old Testament to the two different periods of Victorian Britain in which they lived The book also is intended as a further contribution to our knowledge of the history of biblical criticism in Britain

**Fulfilling a Vision** John Stevenson, 2012-03-02 Education has contributed enormously to the Scottish national character The emphasis has always been on making a good education available to all and on giving those with talent every opportunity of advancement At the beginning of the nineteenth century however it was clear that the provision of schooling was failing to meet the needs of an expanding population and the growth and diversification of the economy In 1824 the Church of Scotland began an ambitious program to tackle the problem In setting up new schools and the first teacher training colleges the Church saw itself as supplementing an existing system of national education for which it shared a statutory managerial responsibility This book offers an account of the struggles and achievements of the Church of Scotland over some fifty years as it sought to control and strengthen school education throughout the country In so doing it furthered the model of education for which Scotland became famous Readers interested in current debates about the curriculum and standards in school education the involvement of parents the place of religious education and the desirability or otherwise of faith schools will recognize their beginnings in these pages      **Presbyterian Reunion in Scotland, 1907-1921** Rolf Sjolinder, 1964
