The Church Trap:

The Church Trap Arthur Herzog III, Arthur Herzog, 2003-04-20 Churches today are caught in a sociological trap Parishioners want to keep comfortable status quo organization Churchmen feel the pressure to modernize to get where the action is This book is a provocative and zesty analysis of the problem Dishonest to God The churches have followed corporations in emphasizing fat figures and solid annual growth If religion were sold like stocks you would have the high fliers like the booming Southern Baptists and the Roman Catholics the blue chip denominations Episcopalians Congregationalists and Presbyterians and then those with small growth potential like the Jews The sick clergy Most clergymen of the various faiths needless to say are not alcoholic or homosexual On the other hand enough clergymen have these problems to cause concern and beyond the slippery labels of neuroses there are enough inward tortured people in the clergy to make church authorities wonder what in heaven is wrong The future One of the basic models for churchly change is ecumenism but although ecumenism may look good on the drawing board it has some very formidable hurdles before it There is no sign in the heavens that the organized religion in America will be granted a resurrection

The Emerging Church Trap Steve Wohlberg, 2015-03-01 Yet again author Steve Wohlberg artfully tackles a huge subject in just a handful of words He brings into focus the seemingly nebulous topic of the emerging church movement by joining Scripture with history Jesus Himself firmly noted to His disciples Take heed that no man deceive you For many shall come in my name saying I am Christ and shall deceive many Matthew 24 45 The author makes Christ's solemn warning personal in that you not only meant the disciples but Christ was speaking directly to you the reader Emerging church proponents maintain that a change is needed in the church today otherwise many will be lost They believe that changes need to be made in churches today to appeal to the electronically minded and to keep up with the times Yet the God of the heavens exclaims I am the Lord I do not change Malachi 3 6 The changes that emerging church advocates such as Leonard Sweet Brian McLaren Richard Foster and others endorse are not really new In fact they are steeped in the Eastern mystic philosophies of Hinduism Buddhism and especially that of medieval Rome Eastern meditation is an attempt to empty the mind Richard Foster wrote in his book *Celebration of Discipline* Those partisan to the emerging church doctrine look to Ignatius Loyola who established the Society of Jesus or the Jesuits as their founding father Inside a cave in Manresa Spain Ignatius emptied his mind The otherworldly impressions did come from a ghostly entity claiming to be the Virgin Mary That ghost gave directions Fine Loyola decided I will obey The Emerging Church Trap page 24 Christ spoke directly to the danger of emptying our minds in the book of Matthew When an unclean spirit goes out of a man he goes through dry places seeking rest and finds none Then he says I will return to my house from which I came And when he comes he finds it empty swept and put in order Then he goes and takes with him seven other spirits more wicked than himself and they enter and dwell there and the last state of that man is worse than the first So shall it also be with this wicked generation Matthew 12 43 45

Where Have All the Church Members Gone?

Thom S. Rainer, 2024-08-06 A church leadership fable about how to combat the silent killer of churches Oliver lead pastor of Connection Church couldn't put his finger on why he felt so unsettled Everything seemed to be going right at Connection that was until he asked a task force what had happened to one church member Jill Oliver couldn't have known how his one simple question could lead to an unraveling of what was really happening within the church In this book respected church consultant founder and CEO of Church Answers and author of several church leadership books Thom S Rainer shows how the trend of low church attendance is slowly undermining churches and sending many to the grave With this leadership parable Thom illustrates the five key dysfunctions that plague congregations and block healthy church growth He demonstrates why church leaders need to pay more attention to core issues like unbelief membership and dedication to evangelism Where Have All the Church Members Gone will give you hope The book will give you a plan on how to identify dysfunction and put your church on a path to renewal A story that illustrates common church dynamics Follow Oliver and his Connection Church task force as they uncover the true reason for dwindling attendance A plan that uncovers the real reasons Don't let appearances deceive you Discover ways to pinpoint the key causes of apathy in congregations A guide to the five typical dysfunctions Find out why people are quietly quitting church and what you can do about it **Christian and Leadership Hidden Traps to Avoid**

The Lobster Trap Greg Mercer, 2025-08-12 A page turning examination of how a multi billion dollar industry creates enormous wealth and endless heartache at a time when climate change swings in the market and greed are impacting fishermen's livelihoods in new and dramatic ways Lobster has been a phenomenal success story with a commercial fishery that has generated enormous wealth and fuelled appetites for one of the world's most recognizable luxury foods The great lobster boom that began in the 1990s has also led to violent fights over who has the right to catch this valuable seafood including many Indigenous people in Canada who until recently have been excluded from this industry Now overfishing trade wars and climate change are threatening the future of this fishery in deeply troubling ways By 2050 scientists expect that warming ocean waters in the heart of North America's lobster fishing region will cut catches by two thirds In some parts of

America there s hardly any lobster left to catch Unlike previous collapses there are few other large scale wild seafood species left that fishing crews can switch to The economic upheaval for fishermen and seafood companies alike could devastate coastal communities in both Canada and the United States In this deeply reported resonant timely book Greg Mercer takes readers on a fascinating global journey and inside this precarious moment for the lobster industry to show the money and heartache and the danger and violence tied up in it Along the way he explores lobster s remarkable history the gold rush mentality that surrounds it and examines the looming crisis for this most precious shellfish **Ten Traps of Television**

Utley,2012-06-11 This book provides an enlightening representative account of how rappers talk about God in their lyrics and why a sense of religion plays an intrinsic role within hip hop culture Why is the battle between good and evil a recurring theme in rap lyrics What role does

the devil play in hip hop What exactly does it mean when rappers wear a diamond encrusted Jesus around their necks Why do rappers acknowledge God during award shows and frequently include prayers in their albums Rap and Religion

Understanding the Gangsta s God tackles a sensitive and controversial topic the juxtaposition and seeming hypocrisy of references to God within hip hop culture and rap music This book provides a focused examination of the intersection of God and religion with hip hop and rap music Author Ebony A Utley PhD references selected rap lyrics and videos that span three decades of mainstream hip hop culture in America representing the East Coast the West Coast and the South in order to account for how and why rappers talk about God Utley also describes the complex urban environments that birthed rap music and sources interviews award acceptance speeches magazine and website content and liner notes to further explain how God became entrenched in hip hop *Comprehensive Calendar of Bicentennial Events* ,1976-06 Soul Trapper F.
