**The Disobedient Writer** Nancy A. Walker,1995 For centuries women who aspired to write had to enter a largely male literary tradition that offered few if any literary forms in which to express their perspectives on lived experience Since the nineteenth century however women writers and readers have been producing disobedient counter narratives that while clearly making reference to the original texts overturn their basic assumptions This book looks at both canonical and non canonical works over a variety of fiction and nonfiction genres that offer counter readings of familiar Western narratives Nancy Walker begins by probing women s revisions of two narrative traditions pervasive in Western culture the biblical story of Adam and Eve and the traditional fairy tales that have served as paradigms of women s behavior and expectations She goes on to examine the works of a wide range of writers from contemporaries Marilynne Robinson Ursula Le Guin Anne Sexton Fay Weldon Angela Carter and Margaret Atwood to precursors Caroline Kirkland Fanny Fern Mary De Morgan Mary Louisa Molesworth Edith Nesbit and Evelyn Sharp

**The Personal of the Political** Marek Wojtaszek,Elżbieta H. Oleksy,Aleksandra M. Różalska,2015-10-05 In an era of the radicalization of political ideologies in Europe long lasting societal remnants of the economic breakdown and the neoliberalist consolidation of capitalist values it is ethically relevant to critically reconceptualise the meaning and role of European feminisms and the challenges they have to confront today both locally and transnationally In the face of ubiquitous beliefs about feminism having exhausted itself such a rethinking of the place and priorities of feminist politics within and outside academia is urgently needed The popularization of the so called faux feminisms assuming attained emancipation in the present day neoliberal environment of advanced capitalism calls for close examination and creative counter strategies Bearing in mind that the patterns of oppression still prevail becoming even more and more insidious and complex it is all the more necessary to identify scrutinize and contest the vicissitudes of the dominant apparatus of control and subjugation and to demystify the purportedly gender inclusive operations of the regime As such the book seeks to renew an academic and political interest in the epistemological tradition of context created knowledge Bringing together authors from diverse geopolitical locations this volume constitutes a forum for fruitful encounters across generations and national and cultural differences contributing to a better understanding of the complexities of patriarchal ideologies and to the creation of a more

sustainable communal future The book offers a collection of chapters introducing situated perspectives which adopt intersectional optics in order to analyze the transformations of the contemporary socio political realm and reflect research priorities within present day feminist scholarship     The Subject of Care Eva Feder Kittay, Ellen K. Feder, 2003-10-01 All people spend a considerable portion of their lives either as dependents or the caretakers of dependents The fact of human dependency a function of youth severe illness disability or frail old age marks our lives not only as those who are cared for but as those who engage in the work of caring In spite of the time energy and resources material and emotional social and individual that dependency care requires these concerns rarely enter into philosophical legal and political discussions In *The Subject of Care* feminist scholars consider how acknowledgement of the fact of dependency changes our conceptions of law political theory and morality as well as our very conceptions of self Contributors develop feminist understandings of dependency reassessing the place dependency occupies in our lives and in a just social order     *Yellowstone Has Teeth* Marjane Ambler, 2023-08-03 Few people have experienced Yellowstone National Park like Marjane Ambler She and her husband lived in a tiny community near the shores of Yellowstone Lake deep in the park s interior The natural beauty was magnificent but Ambler and her neighbors discovered that Yellowstone had teeth It could be an unforgiving place where mistakes mattered In this well constructed narrative Ambler reveals a hidden Yellowstone a place where delight and danger are separated by the slimmest of margins a degree of pitch on an avalanche slope a few inches of a buffalo s horn a moment during a deadly wildfire She also tells about The rangers and maintenance workers who handled everything from thundering avalanches to man eating grizzly bears The mothers who carried their babies inside their snowmobile suits and prayed their machines would not fail on the long ride home The old timers who forged communities despite the odds against them With insight love and humor *Yellowstone Has Teeth* paints a never before seen portrait of an iconic American landscape and the people who live there We think of Yellowstone as one of the last vestiges of wilderness In Marjane Ambler s capable hands we learn it is also one of the last places in North America where people live in a real community isolated buffeted by nature and deeply intimately dependent on one another Life and death love and loss it s all here in an extraordinary setting thanks to an extraordinary storyteller Geoffrey O Gara author and Emmy award winning documentary producer From 1984 1993 Marjane Ambler and her husband lived year round in Yellowstone National Park And what a life they led struggling with recalcitrant snowmobiles in unpredictable winter weather to watching as the fires of 1988 blazed closer and closer to their door But the stories of how women joined together to counter their extreme isolation are the ones that will stay with you long after you put the book down Diane Smith author of *Letters from Yellowstone* Readers with an interest in any of the more rugged national parks from Maine to Alaska will find this book a gratifying experience It conveys cultural history women s history natural history community awareness survival stories and humor Cassandra Leoncini Leoncini Book Consulting Marjane Ambler s journals of her time spent living in the interior of Yellowstone interweave with the stories of pioneering

earlier rangers and their families With her natural story telling ability she will pull you into the close knit communities By the end of her chronicle you won t want to say good bye to the hardy souls she has introduced and brought into your life Alice Siebecker retired NPS Ranger Yellowstone It wrapped itself around my heart and I felt like I was going home Cindy Mernin wife of ranger and year round resident of Yellowstone interior for 25 years 1971 1996 *Who's Afraid of Femininity?*
