Excavating Victorians Virginia Zimmerman,2009-01-08 Excavating Victorians examines nineteenth century Britain's reaction to the revelations about time and natural history provided by the new sciences of geology and archaeology The Victorians faced one of the greatest paradigm shifts in history the bottom dropped out of time and they had to reinvent their relationship to the earth and to time and history These new sciences took the Victorians by storm inundating them with fossils skeletal remains and potsherds artifacts or traces that served at once as relics from the past objects in the present and markers of time's passage Virginia Zimmerman explores how the Victorians utilized a nexus of literature excavation and reflections on time to ease anxieties about the individual's fate in the face of time's overwhelming expanse The function of artifacts is also considered through careful readings of Tennyson's *The Princess* and Dickens's *Little Dorrit* and *Our Mutual Friend* Zimmerman shows how these literary works make use of the language tropes and even generic conventions of excavation and how they participate in the effort to rescue the individual from temporal insignificance *Paradise of Cities* John Julius Norwich,2007-12-18 John Julius Norwich's *A History of Venice* has been dubbed indispensable by none other than Jan Morris Now in his second book on the city once known as La Serenissima Norwich advances the story in this elegant chronicle of a hundred years of Venice's highs and lows from its ignominious capture by Napoleon in 1797 to the dawn of the 20th century An obligatory stop on the Grand Tour for any cultured Englishman and later Americans Venice limped into the 19th century first under the yoke of France then as an outpost of the Austrian Hapsburgs stripped of riches yet indelibly the most ravishing city in Italy Even when subsumed into a unified Italy in 1866 it remained a magnet for aesthetes of all stripes subject or setting of books by Ruskin and James a muse to poets and musicians in its way the most gracious courtesan of all European cities By refracting images of Venice through the visits of such extravagant and sometimes debauched artists as Lord Byron Richard Wagner and the inimitable Baron Corvo Norwich conjures visions of paradise on a lagoon as enduring as brick and as elusive as the tides
