Remaking the American Dream Vinit Mukhija,2022-12-20 The redefinition of the

single family house the urban landscape and the American Dream Sitting squarely at the center of the American Dream the detached single family home has long been the basic building block of most US cities In *Remaking the American Dream* Vinit Mukhija considers how this is changing in both the American psyche and the urban landscape In defiance of long held norms and standards single family housing is slowly but significantly transforming through incremental additions of second and third units Drawing on empirical evidence of informal and formal changes *Remaking the American Dream* documents homeowners quiet unpermitted modifications conversions and workarounds as well as gradual institutional alterations to once rigid local land use regulations Mukhija s primary case study is Los Angeles and the role played by the State of California findings he contrasts with the experience of other cities including Santa Cruz Seattle Portland Minneapolis and Vancouver In each instance he shows how and asks why homeowners are adapting their homes and governments are changing the rules that regulate single family housing to allow for accessory dwelling units ADUs or second units Key to Mukhija s research is the question of why the idea of single family living is changing and what this means for the future of US cities The answer this book suggests heralds nothing less than a redefinition of American urbanism and the American Dream

Collaboration in Public Service Delivery Anka Kekez, Michael Howlett, 2019 The growing intensity and complexity of public service has spurred policy reform efforts across the globe many featuring attempts to promote more collaborative government *Collaboration in Public Service Delivery* sheds light on these efforts analysing and reconceptualising the major types of collaboration in public service delivery through a governance lens **Inventing Stanley Park** Sean

Kheraj, 2013-05-15 In early December 2006 a powerful windstorm ripped through Vancouver s Stanley Park The storm transformed the city s most treasured landmark into a tangle of splintered trees and shattered a decades old vision of the park as timeless virgin wilderness In *Inventing Stanley Park* Sean Kheraj traces how the tension between popular expectations of idealized nature and the volatility of complex ecosystems helped transform the landscape of one of the world s most famous urban parks This beautifully illustrated book not only depicts the natural and cultural forces that shaped the park s landscape it also examines the roots of our complex relationship with nature North Vancouver's Lonsdale

Neighbourhood Shervin Shahriari, 2009 North Vancouver occupies one of the world s most scenic urban settings Lonsdale Avenue running from the waters of Burrard Inlet to the mountains of the Coast Range is the community s de facto main street In early 1903 Alfred St George Hamersley purchased a substantial parcel of land from Henry Heywood Lonsdale and James Pemberton Fell s Lonsdale Estate Hamersley s property called the Town of Lonsdale later became the town site of North Vancouver In North Vancouver s early years Lonsdale Avenue was the spine along which the community developed Lonsdale is still North Vancouver s most important street and acts as the main artery for commercial political and social life Through rare vintage photographs illustrating how people lived played and worked North Vancouver s Lonsdale Neighbourhood explores the community s fascinating history Congressional Record United States. Congress, 1995 The Congressional

Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Canadian City** Gilbert A. solutions for sustainability in cities around the world The book draws on a group of 12 international case studies including Vancouver and Calgary in Canada San Francisco and Los Angeles in the US North America Yogyakarta in Indonesia Seoul in Korea South East Asia Medellin in Colombia South America Helsinki in Finland Freiburg in Germany and Seville in Spain Europe Each case study provides key facts about the city presents the particular urban sustainability challenge and the planning innovation process and examines what trade offs were made between social environmental and economic sustainability Importantly the book analyses to what extent these planning innovations can be translated from one context to another This book will be essential reading to students academics and practitioners of urban planning urban sustainability urban geography architecture urban design environmental sciences urban studies and politics **Urban Nature** Michelle L. Cocks, Charlie M. Shackleton, 2020-11-15 This book showcases the diversity of ways in which urban residents from varying cultural contexts view interact engage with and give meaning to urban nature aiming to counterbalance the dominance of Western depictions and values of urban nature and design Urban nature has up to now largely been defined planned and managed in a way that is heavily dominated by Western understandings values and appreciations which has spread through colonialism and globalisation As cities increasingly represent a diversity of cultures and urban nature is being increasingly recognised as contributing to residents wellbeing belonging and overall quality of life it is important to consider the numerous ways in which urban nature is understood and appreciated This collection of case studies includes examples from Africa Asia Europe North and South America and reflects on the multi dimensional aspects of engagements with urban nature through a biocultural diversity lens The chapters cover several themes such as how engagements with nature contribute to a sense of wellbeing and belonging the implications that diversity has on the provision design and management of urban environments and the threats inhibiting residents abilities to engage meaningfully with nature The book challenges the dominant discourse Western ideological understandings and meta narratives of modernisation and unilineal urban transitions A timely addition to the literature *Urban Nature Enriching Belonging Wellbeing and Bioculture* offers an alternative to Western ideological understandings of nature and values and will be of great interest to those working in human and environmental urban ecology It will also be key reading for students in the relevant fields of anthropology development studies geography social ecology and urban studies *Revitalizing the City* Fritz W. Wagner, Timothy E. Joder, Anthony J. Mumphrey, Jr, Krishna M. Akundi, Alan F.J. Artibise, 2016-12-05 This practical work demonstrates that controlling urban growth and reviving central city economies are not mutually exclusive endeavors Rather than re hash theories of urban development the contributors describe and evaluate successful community tested approaches to sustaining our cities *Revitalizing the City* provides actual case examples of urban success stories ranging from San Diego s smart growth initiative to brownfield redevelopment in Pittsburgh The book is divided into four major sections Urban Growth Metropolitan Development and Administration Central City Redevelopment Strategies and Central City Suburban

Cooperation Each chapter includes an analysis of key issues descriptions of specific local initiatives highlights of effective policies or programs and potential pitfalls to avoid Revitalizing the City has broad appeal for the urban policy community as well as for undergraduate and graduate courses in urban sociology geography political science and urban studies and planning
