The Classic Vision:

The Classic Vision Murray Krieger, 1971 **Neo Classic Vision** Dr. Balwinder Singh, 2016-04-29 The tragic vision judiciously lies embedded in the clash between morality and immorality As such immorality is more pronounced in John Dryden's *All for Love* In this tragedy all limits of immorality are broken The hero Antony falls flat into the grip of the heroine Cleopatra Whatever order she gives he blindly bows before her Antony an awesome warrior is rendered all pale in front of her What a pitiable situation Antony was an expert in winning land battles but at the behest of Cleopatra he had to go in for sea battle and lost and later out of shame had to commit suicide Antony's situation comes to such a pass that even Cleopatra has to admit Sunk never more to rise V 85 See the evolutionary trajectory traveled by tragedy First it was fate then it was character and now it's immorality that dragged the hero into tragic situation *The Classic Vision* Murray Krieger, 1973

The Tragic Vision Murray Krieger, 2019-12-01 Originally published in 1973 Literary critics who have studied tragedy and the tragic vision failed in Murray Krieger's estimation to define exactly what they saw as the tragic vision in general terms An aim of his book is to create a tentative definition of tragic and to flesh out what the author sees as the definition most illuminating of modern literature and the modern mind In order to do this Krieger distinguishes between what he sees as the tragic vision and tragedy tragedy from his perspective is an object's literary form whereas tragic vision refers to a subject's psychology the subject's view and version of reality In light of the shriveling of the tragic concept in the modern world and the reduction of a total view to the psychology of the protagonist Krieger contends that the protagonist in a tragedy is now more appropriately designated a tragic visionary than a tragic hero **Möbian Nights** Sandor

Goodhart, 2017-08-24 Utilizing insights drawn from mathematical topology from French critical theory and literature and from Holocaust studies Sandor Goodhart articulates a new understanding of the relation of literary reading to disaster

Möbian Nights Sandor Goodhart, 2017-08-24 I died at Auschwitz French writer Charlotte Delbo asserts and nobody knows it Möbian Nights Reading Literature and Darkness develops a new understanding of literary reading that in the wake of disasters like the Holocaust death remains a premise of our experience rather than a future Challenging customary aesthetic assumptions that we write in order not to die Sandor Goodhart suggests with Kafka we write to die Drawing upon analyses developed by Girard Foucault Blanchot and Levinas along with examples from Homer to Beckett Möbian Nights proposes that all literature works autobiographically which is to say in the wake of disaster with the credo I died therefore I am and for which the language of topology for example the Möbius strip offers a vocabulary for naming the deep structure of such literary critical and scriptural sacrificial and anti sacrificial dynamics *Murray Krieger and Contemporary Critical Theory* Bruce Henricksen, 1986-05-19 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth

Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain s neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies

The Four Vision Quests of Jesus Steven Charleston, 2015-05 Christian theology as seen through the lens of Native American tradition A unique look at Christian biblical interpretation and theology from the perspective of Native American tradition this book focuses on four specific experiences of Jesus as portrayed in the synoptic gospels It examines each story as a vision quest a universal spiritual phenomenon but one of particular importance within North American indigenous communities Jesus experience in the wilderness is the first quest It speaks to a foundational Native American value the need to enter into the wilderness rather than the I The Transfiguration is the second quest describing the Native theology of transcendent spirituality that impacts reality and shapes mission Gethsemane is the third quest It embodies the Native tradition of the holy men or women who find their freedom through discipline and concerns for justice compassion and human dignity Golgotha is the final quest It represents the Native sacrament of sacrifice e g the Sun Dance The chapter on Golgotha is a discussion of kinship balance and harmony all primary to Native tradition and integral to Christian thought

Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work

By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture Beyond the Biblical Horizon Jo Cheryl Exum,1999 This special issue of Biblical Interpretation devoted to the Bible and the Arts reflects the growing scholarly interest in the ways the Bible and biblical stories themes and ideas have been represented in Western culture by means of literature and the visual arts *Art as Biblical Commentary* J. Cheryl Exum,2019-05-23 Art as Biblical Commentary is not just about biblical art but more importantly about biblical exegesis and the contributions visual criticism as an exegetical tool can make to biblical exegesis and commentary Using a range of texts and numerous images J Cheryl Exum asks what works of art can teach us about the biblical text Visual criticism is her term for an approach that addresses this question by focusing on the narrativity of images reading them as if like texts they have a story to tell and asking what light an image's story can shed on the biblical narrator's story In Part I Exum elaborates on her approach and offers a personal testimony to the value of visual criticism Part 2 examines in detail the story of Hagar in Genesis 16 and 21 Part 3 contains chapters on erotic looking and voyeuristic gazing in the stories of Bathsheba Susanna Joseph and Potiphar's wife and the Song of Songs on the distribution of renown among Jael Deborah and Barak on the Bible's notorious women Eve and Delilah and on the sacrificed female body in the stories of the Levite's wife Judges 19 and Mary the mother of Jesus

About Human Goodness Glebs Troschenkova,2025-08-21 Human goodness and the associated psychic phenomena are essential trajectories of mental health and well being towards which an ethical psychoanalytic work should ultimately strive This book attempts to bring together the relatively limited and scattered psychoanalytic literature on these phenomena to synthesize analyze and narrate the main ideas of that literature and to discuss these ideas with personal reflections on each topic It presents twelve essays each on a book that related to an aspect of goodness Kindness Gentleness Commitment Passion Love Forgiveness Happiness Dignity Playfulness Spontaneity Curiosity and Faith with an outro on Gratitude This book will be of interest to psychoanalysts and psychoanalytic psychotherapists professionals and students in mental health and more broadly to readers in psychology sociology philosophy and other humanitarian sciences The High Medieval Dream Vision Kathryn L. Lynch,1988-06-01 In the High Middle Ages the dream narrative was an enormously popular and influential form Along with the romance it was perhaps the genre of the age It has come down to us in such classics twelfth to fourteenth century classics as *The Divine Comedy* *The Romance of the Rose* *Piers Plowman* Chaucer's early poetry and the works of Guillaume de Machaut This book redefines the dream vision by attending to its role in philosophical debate of the time a conservative role in defense of the high medieval synthesis of reason and revelation Lynch shows how the epistemological basis of this synthesis and the theories of visions that emerged from it drew on Arabic commentaries of Aristotle These theories informed poetic visions modeled on Boethius's *Consolation of Philosophy* a work she discusses in detail before turning to Alain de Lille Jean de Meun and Dante A final section on John Gower's *Confessio Amantis* shows how

fourteenth and fifteenth century writers extended and finally moved beyond the conventional form of the dream vision

Tragedy and Biblical Narrative J. Cheryl Exum, 1996-05-16 Using insights about ancient and modern tragedy this study offers challenging and provocative new readings of selected Biblical narratives the story of Israel's first king Saul rejected for his disobedience to God and driven to madness the story of Jephthah's sacrifice of his daughter in fulfillment of his vow to offer God a sacrifice in return for military victory and the story of Israel's most famous king David whose tragedy lies in the burden of divine judgement that falls on his house as a consequence of his sins The book discusses how these narratives handle such perennial tragic issues as guilt suffering and evil

A Reopening of Closure Murray Krieger, 1989 Surveying the expanding conflict in Europe during one of his famous fireside chats in 1940 President Franklin Roosevelt ominously warned that we know of other methods new methods of attack The Trojan horse The fifth column that betrays a nation unprepared for treachery Spies saboteurs and traitors are the actors in this new strategy Having identified a new type of war a shadow war being perpetrated by Hitler's Germany FDR decided to fight fire with fire authorizing the formation of the Office of Strategic Services OSS to organize and oversee covert operations Based on an extensive analysis of OSS records including the vast trove of records released by the CIA in the 1980s and 90s as well as a new set of interviews with OSS veterans conducted by the author and a team of American scholars from 1995 to 1997 *The Shadow War Against Hitler* is the full story of America's far flung secret intelligence apparatus during World War II In addition to its responsibilities generating processing and interpreting intelligence information the OSS orchestrated all manner of dark operations including extending feelers to anti Hitler elements infiltrating spies and sabotage agents behind enemy lines and implementing propaganda programs Planned and directed from Washington the anti Hitler campaign was largely conducted in Europe especially through the OSS's foreign outposts in Bern and London A fascinating cast of characters made the OSS run William J Donovan one of the most decorated individuals in the American military who became the driving force behind the OSS's genesis Allen Dulles the future CIA chief who ran the Bern office which he called the big window onto the fascist world a veritable pantheon of Ivy League academics who were recruited to work for the intelligence services and not least Roosevelt himself A major contribution of the book is the story of how FDR employed Hitler's former propaganda chief Ernst Putzi Hanfstaengl as a private spy More than a record of dramatic incidents and daring personalities this book adds significantly to our understanding of how the United States fought World War II It demonstrates that the extent and limitations of secret intelligence information shaped not only the conduct of the war but also the face of the world that emerged from the shadows

Toward a Unified Psychoanalytic Theory Morris N Eagle, 2021-07-01

Winner of the 2023 American Board and Academy of Psychoanalytic and Psychodynamic Psychology ABAPPP Annual Award

This book aims to integrate different psychoanalytic schools and relevant research findings into an integrated psychoanalytic theory of the mind. A main claim explored here is that a revised and expanded ego psychology constitutes the strongest foundation not only for a unified psychoanalytic theory but also for the integration of relevant research findings from other disciplines. Sophisticated yet accessible, the book includes a description of the basic tenets of ego psychology and necessary correctives and revisions. It also discusses research and theory on interpersonal understanding, capacity for inhibition, defense, delay of gratification, autonomous ego aims and motives, affect regulation, the nature of psychopathology and the implications of a revised and expanded ego psychology for approaches to treatment. The book will appeal to readers who are interested in psychoanalysis, the nature of the mind, the nature of psychopathology and the implications of theoretical formulations and research findings for approaches to treatment. As such, it will also be of great value on graduate and training courses for psychoanalysis.

"Faith, Theology and Psychoanalysis" Trevor M Dobbs, 2010-03-25 This book traces the various influences on the development of Harry S. Guntrip's thought, including his personal history, family relationships, memberships in various religious organizations and the weight of his academic professional mentors, both theological and psychoanalytic. Ronald Fairbairn and Donald Winnicott. Guntrip, both a minister and lay therapist, is shown as a fascinating example of the adversarial tension between psychology and theology, commonly known as the battle between science and religion.

The Teachings of Ramana Maharshi (The Classic Collection) Arthur Osborne, 2014-06-05 Sri Ramana Maharshi is widely thought of as one of the most outstanding Indian spiritual leaders of recent times. Having attained enlightenment at the age of 16, he was drawn to the holy mountain of Arunachala in southern India and remained there for the rest of his life. Attracted by his stillness, quietness and teachings, thousands sought his guidance on issues ranging from the nature of God to daily life. This book brings together many of the conversations Maharshi had with his followers in an intimate portrait of his beliefs and teachings. Through these conversations, readers will discover Maharshi's simple discipline of self-enquiry, knowing oneself and looking inwards as the road to true understanding and enlightenment. This updated edition will appeal to anyone looking for peace, self-awareness and guidance on how to embrace the self for well-being and calm.
