The Clearing And Beyond:

Beyond Theism and Atheism: Heidegger's Significance for Religious Thinking R.S. Gall, 2012-12-06 My first year in graduate school marked by initial exposure to Heidegger and some of his important early essays At the time disenchanted with the state in which religious thought lay I was quickly struck by the potential Heidegger presented for breaking new ground in a field that had seemingly exhausted itself by reworking the same old issues and answers That insight along with the conviction that Heidegger had been misused and misunderstood by theologians and religious thinkers ever since he burst upon the intellectual scene with the publication of *Sein und Zeit* grew throughout my graduate career and resulted in a dissertation on Heidegger and religious thinking of which the present text is a revised and updated version This text reflects my belief that Heidegger when properly understood on such matters as truth God and gods and faith presents us with a unique voice and vision that cannot be co-opted into any sort of theology be it negative existential dialectical or Thomistic and indeed seriously challenges the viability of any theology

of EU law beyond its own borders the use of law as a powerful instrument of EU external action and some of the normative challenges this poses The phenomenon of EU law operating beyond its borders which may be termed its global reach includes the extraterritorial application of EU law territorial extension and the so called Brussels Effect resulting from unilateral legislative and regulatory action but also includes the impact of the EU s bilateral relationships and its engagement

with multilateral fora and the negotiation of international legal instruments The book maps this phenomenon across a range of policy fields including the environment the internet and data protection banking and financial markets competition policy and migration It argues that in looking beyond the undoubtedly important instrumental function of law we can start to identify the ways in which law shapes the EU s external identity and its relations with other legal regimes both enabling and constraining the EU s external action Light Beyond the River Janis Constable, 2022-08-18 Humanity meets Sacred Wisdom meets story A creative nonfiction message in a uniquely fictional setting Light Beyond the River is an experiential read and it is deeply contemplative in the same breath Join Lyra nurse by profession and poet by passion on the Spiritual Formation Odyssey of a lifetime Newly retired Lyra goes for a daylong walk to clear her head She hikes in the woods near her home by the river There she meets a motley crew seven Celtic mystical voices animals birds and a fish who teach her seven invaluable life lessons Deeper themes of becoming of shining brightly of encountering the Sacred are artfully braided interlaced and woven The ending the coda is unexpected twisted It will most certainly make you think Come now and live vicariously in Lyra s contemplative life Immerse yourself in the depths of holy wonderment Slowly slowly enter into every word Lose yourself find yourself on a delightful Celtic Christian journey Let curiosity drive you let your faith guide you May you be opened May you be awed into the world of fine contemplative literature Let Light Beyond the River nurture the Sacred in you Amen
