The U.S. Navy and Its Cold War Alliances, 1945-1953 Corbin Williamson,2020-08-12 After World War I the U S Navy s brief alliance with the British Royal Navy gave way to disagreements over disarmament fleet size interpretations of freedom of the seas and general economic competition This go it alone approach lasted until the next world war when the U S Navy found itself fighting alongside the British Canadian Australian and other Allied navies until the surrender of Germany and Japan In *The U S Navy and Its Cold War Alliances 1945 1953* Corbin Williamson explores the transformation this cooperation brought about in the U S Navy s engagement with other naval forces during the Cold War Like the onetime looming danger of Nazi Germany and Imperial Japan growing concerns about the Soviet naval threat drew the U S Navy into tight relations with the British Canadian and Australian navies *The U S Navy and Its Cold War Alliances 1945 1953* brings to light the navy to navy links that political concerns have kept out of the public sphere a web of informal connections that included personnel exchanges standardization efforts in equipment and doctrine combined training and education and joint

planning for a war with the Soviets Using a history from the middle approach Corbin Williamson draws upon the archives of all four nations including documents only recently declassified to analyze the actions of midlevel officials and officers who managed and maintained these alliances on a day to day basis His work highlights the impact of domestic politics and security concerns on navy to navy relations even as it integrates American naval history with those of Britain Canada and Australia In doing so the book provides a valuable new perspective on the little studied but critical transformation of the U S Navy s peacetime alliances during the Cold War *American History and Contemporary Hollywood Film* Trevor McCrisken, Andrew Pepper, 2005 Hollywood has a growing fascination with America s past This book offers an analysis of how and why contemporary Hollywood films have sought to mediate American history It considers whether or how far contemporary films have begun to unravel the unifying myths of earlier films and periods *The Cold War Endgame* Ralph L. The Health of the State Jonathan E. Vincent, 2017 The Health of the State is a cultural history that explores how war writing figured in three phases of modern America's political evolution Civil War remembrance during the Progressive Era the culture of World War I and the new internationalism and World War II's legitimization of Cold War liberalism

A Military History of the Cold War, 1962-1991 Jonathan M. House, 2020-09-24 Study of the Cold War all too often shows us the war that wasn't fought The reality of course is that many hot conflicts did occur some with the great powers weapons and approval others without It is this reality and this period of quasi war and semiconflict that Jonathan M House plumbs in A Military History of the Cold War 1962-1991 a complex case study in the Clausewitzian relationship between policy and military force during a time of global upheaval and political realignment This volume opens a new perspective on three

fraught decades of Cold War history revealing how the realities of time distance resources and military culture often constrained and diverted the inclinations or policies of world leaders In addition to the Vietnam War and nuclear confrontations between the USSR and the United States this period saw dozens of regional wars and insurgencies fought throughout Asia Africa and Latin America Cuba Pakistan Indonesia Israel Egypt and South Africa pursued their own goals in ways that drew the superpowers into regional disputes Even clashes ostensibly unrelated to the politics of East West confrontation such as the Nigerian Biafran conflict the Falklands Malvinas War and the Indonesian occupation of East Timor involved armed forces weapons and tactics developed for the larger conflict and thus come under House s scrutiny His study also takes up nontraditional or specialized aspects of the period including weapons of mass destruction civil military relations civil defense and control of domestic disorders The result is a single integrated survey and analysis of a complex period in geopolitical history which fills a significant gap in our knowledge of the organization logistics operations and tactics involved in conflict throughout the Cold War Cuba, 1953-1978 Ronald H. Chilcote, 1986 Nehru's Bandung Andrea Benvenuti, 2024-05-31 This book sheds light on a neglected aspect of India s Cold War diplomacy starting with the role of Indian Prime Minister Jawaharlal Nehru and his Congress government in organising the first Asian African Conference in Bandung in April 1955 Andrea Benvenuti shows how in the early Cold War Nehru seized the opportunity accorded by the conference to transcend growing international tensions and pursue an alternative vision a neutralised Asian area of peace underpinned by a code of conduct based on the five principles of peaceful coexistence Relying on Indian Western and Chinese archival sources Nehru s Bandung focuses on the policy concerns and calculations as well as the international factors that drove a sceptical Nehru to support Indonesia s diplomatic push for such a gathering It reveals how in Nehru s estimation Bandung also served a further important purpose securing China s commitment to peaceful coexistence without which stability in Asia would be illusory Nehru s support for an Asian African conference did not derive from an emotional commitment to Afro Asian internationalism Instead it stemmed from a desire to promote a third way in an increasingly polarised world and to forge a stable regional order one that would enhance India s external security and domestic prosperity

The Logic of the Cold War Tian-jia Dong, 2018-08-24 The Cold War revealed for the first time in human history the logic of human togetherness which indicated that it was not only necessary for nation states to live together but also possible for them to do so The necessity was because of the inescapably shared vulnerability of mutually assured destruction not only in terms of security but more so in economic well being and political stability The possibility was due to the unipolar world structure sustained by the global governance web of interdependent partnership which worked powerfully between the power agents to ensure the best of all possible world This latent governance system was both hierarchical and dynamic because its power was connective in the sense that power was rooted in one another and the ability to be interdependent by empowering other power agents and sharing vulnerability at the same time was the way of becoming the nucleus on the

global web of interdependent partners and hence gaining power in transforming one another connectively and governing the world collectively George Kennan's patience in building up hard and soft powers within individual power agents of the web and Wilson Roosevelt's institutionalization of collective power above each power agent contributed to the construction of the system The Soviet big brotherly governing type was proven a failure
