Azalia Hackley Memorial Collection of Negro Music, Dance, and Drama* Detroit Public Library, E. Azalia Hackley Memorial Collection, 1979      Odysseys Home George Elliott Clarke, 2017-06-22 *Odysseys Home* Mapping African Canadian Literature is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis

with oral cultures George Elliott Clarke identifies African Canadian literature's distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora

to life     *Spirituals* Kathleen A. Abromeit, 2015-01-01 Spirituals originated among enslaved Africans in America during the colonial era. They resonate throughout African American history from that time to the civil rights movement from the cotton fields to the concert stage and influenced everything from gospel music to blues and rap. They have offered solace in times of suffering, served as clandestine signals on the Underground Railroad, and been a source of celebration and religious inspiration. Spirituals are born from the womb of African American experience yet they transcend national disciplinary and linguistic boundaries as they connect music, theology, literature, and poetry history, society, and education. In doing so, they reach every aspect of human experience. To make sense of the immense impact spirituals have made on music, culture, and society, this bibliography cites writings from a multidisciplinary perspective. This annotated bibliography documents articles, books, and dissertations published since 1902. Of those, 150 are books, 80 are chapters within books, 615 are journal articles, and 150 are dissertations, along with a selection of highly significant items published before 1920. The most recent publications included date from early 2014. Disciplines researched include music, literature, and poetry, American history, religion, and African American Studies. Items included in the annotated bibliography are limited to English language sources that were published in the United States and focus on African American spirituals in the United States, but there are a few select citations that focus on spirituals outside of the United States. Of the one thousand annotations, they are divided roughly evenly between general studies and geographical studies. Information about early spirituals, use of spirituals in art, music, church music, and popular music, composers who based music on spirituals, performers of spirituals, ensembles, and individuals, Bible, theology, and religious education, literature, and poetry, pedagogical considerations including the teaching of spirituals, as well as prominent educators, reference works, and a list of resources that were unavailable for review but are potentially useful. This book also offers considerable depth on particular topics such as the Fisk Jubilee Singers and William Grant Still, with over thirty citations devoted to each. At the same time, materials included are quite diverse with topics such as spirituals in Zora Neale Hurston's novels, Bible studies based on spirituals, enriching the teaching of geography through spirituals, Marian Anderson's historic concert at the Lincoln Memorial, spiritual roots of rap, teaching dialect to singers, expressing African American religion in spirituals, Samuel Coleridge Taylor's music, slave tradition of singing among the Gullah. The book contains indices by author, subject, and spiritual title. Additionally, an appendix of spirituals by biblical reference, listing both spiritual title to scriptural reference as well as scripture to spiritual title, is included. T. L. Collins, Christian educator, compiled the appendix.     Lost Sounds Tim Brooks, 2010-10-01 A groundbreaking history of African Americans in the early recording industry. *Lost Sounds* examines the first three decades of sound recording in the United States, charting the surprising roles black artists played in the period leading up to the Jazz Age and the remarkably wide range of black music and culture they preserved. Drawing on more than thirty years of scholarship, Tim Brooks identifies key black recording artists and profiles forty audio pioneers. Brooks assesses the careers and recordings of George W. Johnson, Bert Williams, George Walker Noble,

Sissle Eubie Blake the Fisk Jubilee Singers W C Handy James Reese Europe Wilbur Sweatman Harry T Burleigh Roland Hayes Booker T Washington and boxing champion Jack Johnson plus a host of lesser known voices Many of these pioneers struggled to be heard in an era of rampant discrimination Their stories detail the forces black and white that gradually allowed African Americans to enter the mainstream entertainment industry Lost Sounds includes Brooks s selected discography of CD reissues and an appendix by Dick Spottswood describing early recordings by black artists in the Caribbean and South America     **Etude** Theodore Presser,1927 Includes music
