The College Of New Rochelle An Extraordinary Story:

The College of New Rochelle James T. Schleifer, 1994 **Catholic Women's Colleges in America** Tracy Schier, Cynthia Russett, 2003-05-22 More than 150 colleges in the United States were founded by nuns and over time they have served many constituencies setting some educational trends while reflecting others In *Catholic Women's Colleges in America* Tracy Schier, Cynthia Russett and their coauthors provide a comprehensive history of these institutions and how they met the challenges of broader educational change The authors explore how and for whom the colleges were founded and the role of Catholic nuns in their founding and development They examine the roots of the founders spirituality and education they discuss curricula administration and student life And they describe the changes prompted by both the church and society beginning in the 1960s when decreasing enrollments led some colleges to opt for coeducation while others restructured their curricula partnered with other Catholic colleges developed specialized programs or sought to broaden their base of funding Contributors Dorothy M Brown Georgetown University David R Contosta Chestnut Hill College Jill Ker Conway Massachusetts Institute of Technology Carol Hurd Green Boston College Monika K Hellwig Association of Catholic Colleges and Universities Karen Kennelly president emerita of Mount Saint Mary's College Los Angeles Jeanne Knoerle president emerita of Saint Mary of the Woods College Thomas M Landy College of the Holy Cross Kathleen A Mahoney Humanitas Foundation Melanie M Morey Leadership and Legacy Associates Boston Mary J Oates Regis College Jane C Redmont Graduate Theological Union in Berkeley Cynthia Russett Yale University Tracy Schier Boston College *Old Main* Samuel Schuman, 2005-07-25 This perceptive and cogent account draws on key data and firsthand observations to tell the story of the small college in America Defined as institutions that enroll between 500 and 3 000 full time students small colleges number about six hundred in the United States Many are thriving while some whether through low enrollment ballooning debt or simple misfortune face uncertain futures Informed by his own experiences as a teacher and administrator Samuel Schuman sketches the history and development of these institutions then focuses on their current conditions and future possibilities Administrators faculty and researchers will appreciate Schuman's insight into institutional choices and their consequences *Old Main* is an essential book for anyone who shares Schuman's conviction that small colleges occupy a central place in American higher education Pursuing Truth Mary J. Oates, 2021-03-15 In *Pursuing Truth* Mary J Oates explores the roles that religious women played in teaching generations of college and university students amid slow societal change that brought the grudging acceptance of Catholics in public life Across the twentieth century Catholic women's colleges modeled themselves on and sometimes positioned themselves against elite secular colleges Oates describes these critical pedagogical practices by focusing on Notre Dame of Maryland University formerly known as the College of Notre Dame of Maryland the first Catholic college in the United States to award female students four year degrees The sisters and laywomen on the faculty and in the administration at Notre Dame of Maryland persevered in their work while facing

challenges from the establishment of the Catholic Church mainline Protestant churches and secular institutions Pursuing Truth presents the stories of the institution's female founders administrators and professors whose labors led it through phases of diversification The pattern of institutional development regarding the place of religious identity gender and sexuality and race that Oates finds at Notre Dame of Maryland is a paradigmatic story of change in US higher education Similarly representative is her account of the school's effort from the late 1960s to the present to maintain its identity as a women's liberal arts college Thanks to generous funding from the Cushwa Center at the University of Notre Dame the ebook editions of this book are available as Open Access OA volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other Open Access repositories

The Black Bruins James W. Johnson, 2019-10-01 The Black Bruins chronicles the inspirational lives of five African American athletes who faced racial discrimination as teammates at UCLA in the late 1930s. Best known among them was Jackie Robinson a four star athlete for the Bruins who went on to break the color barrier in Major League Baseball and become a leader in the civil rights movement after his retirement. Joining him were Kenny Washington, Woody Strode, Ray Bartlett and Tom Bradley the four played starring roles in an era when fewer than a dozen major colleges had black players on their rosters. This rejection of the gentleman's agreement which kept teams from fielding black players against all white teams inspired black Angelinos and the African American press to adopt the teammates as their own. Kenny Washington became the first African American player to sign with an NFL team in the post World War II era and later became a Los Angeles police officer and actor. Woody Strode a Bruins football and track star broke into the NFL with Washington in 1946 as a Los Angeles Ram and went on to act in at least fifty seven full length feature films. Ray Bartlett a football basketball baseball and track athlete became the second African American to join the Pasadena Police Department later donating his time to civic affairs and charity. Tom Bradley a runner for the Bruins track team spent twenty years fighting racial discrimination in the Los Angeles Police Department before being elected the first black mayor of Los Angeles.
