The Comacines and Freemasonry W. Ravenscroft, 2013-10 This is a new release of the original 1924 edition

Freemasonry and the Ancient Gods John Sebastian Marlow Ward, 1921 ... An Encyclopedia of Freemasonry and Its Kindred Sciences, Comprising the Whole Range of Arts, Sciences and Literature as Connected with the Institution Albert Gallatin Mackey, 1912 **A New Encyclopedia of Freemasonry** Arthur Edward Waite, 2013-01-01 Secret societies have fascinated those on the outside since the beginning of time and here in this extraordinary 1921 work the mysteries and riddles of one of the most famous the Freemasons are exhaustively detailed by a preeminent 19th century expert in esoterica Complete with all the original illustrations this two volume work is an essential reference for anyone enthralled by the secret and the arcane and will particularly captivate students of our modern conspiracy theory culture Volume I covers everything Masonic from A Acacia a tree connected to a memorable event in Masonic history to K Karl C F Krause a 19th century German Masonic philosopher and includes intriguing entries on Casanova the Druids Egyptian initiation the Fugitive Mark the Holy Grail the Illuminati the Kabablistic tradition of Masonry the Knight of the Brazen Serpent and much more American born British author ARTHUR EDWARD WAITE 1857 1942 was cocreator of the famous 1910 Rider Waite Tarot deck Among his numerous books are Devil Worship in France The Holy Kabbalah and The Book of Ceremonial Magic *A History of Freemasonry* Harry LeRoy Haywood, James Edward Craig, 1927 **Encyclopedia Of Freemasonry And Its Kindred Sciences, Volume 1: A-C** Albert G. Mackey, Dr Albert G Mackey appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences which being a library in itself superseded most of the Masonic works which have been tolerated by the craft chiefly because none better could be obtained Here is a work which fulfils the hope which sustained the author through ten years literary labor that under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science the philosophy and the history of his order Up to the present time the modern literature of Freemasonry has been diffuse lumbering unreliable and out of all reasonable proportions There is in Mackey s Encyclopaedia of Masonry well digested well arranged and confined within reasonable limits all that a Mason can desire to find in a book exclusively devoted to the history the arts science and literature of Masonry This is volume one out of four and covering the letters A to C **The Freemason and Masonic Illustrated. A Weekly Record of Progress in Freemasonry**, 1900 **Little Masonic Library: The Comacines, by W. Ravenscroft. Modern masonry, by . F. Newton. The Morgan affair and antimasonry, by J. C. Palmer. Encyclopedia Of Freemasonry Albert G. Mackey, 2013-10-24 Dr Albert G Mackey also the author of *The Lexicon of Freemasonry* appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences which being a library in itself superseded most of the Masonic works which have been tolerated by the craft chiefly because none better could be obtained Here in one giant volume is a work which fulfils the hope which sustained the author through ten years literary labor that

under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science the philosophy and the history of his order For more than thirty years Dr Mackey has devoted earnest and constant study and research to the history the objects and the condition of Masonry In the present work the crowning and successful result of a life s labors he has received no assistance from any one He says Every article was written by myself and he adds which would extenuate errors had he fallen into any For twelve months too of the time occupied upon this work I suffered from an affection of the sight which forbade all use of the eyes for purposes of study During that time now happily passed all authorities were consulted by the willing eyes of my daughters all writing was done by their hands I realized for a time the picture so often painted of the blind bard dictating his sublime verses to his daughters and his preface closes with the words Were I to dedicate this work at all my dedication should be To Filial Affection Up to the present time the modern literature of Freemasonry has been diffuse lumbering unreliable and out of all reasonable proportions

In most histories of Italian art we are conscious of a vast hiatus of several centuries between the ancient classic art of Rome which was in its decadence when the Western Empire ceased in the fifth century after Christ and that early rise of art in the twelfth century which led to the Renaissance This hiatus is generally supposed to be a time when Art was utterly dead and buried its corpse in Byzantine dress lying embalmed in its tomb at Ravenna But all death is nothing but the germ of new life Art was not a corpse it was only a seed laid in Italian soil to germinate and it bore several plants before the great reflowering period of the Renaissance The seed sown by the Classic schools formed the link between them and the Renaissance just as the Romance Languages of Provence and Languedoc form the link between the dying out of the classic Latin and the rise of modern languages Now where are we to look for this link In language we find it just between the Roman and Gallic Empires In Art it seems also to be on that borderland Lombardy where the Magistri Comacini a medi val Guild of Liberi Muratori Freemasons kept alive in their traditions the seed of classic art slowly training it through Romanesque forms up to the Gothic and hence to the full Renaissance
